SUPPLEMENTARY INFORMATION: Notice is hereby given that, pursuant to 39 U.S.C. 404(d), on September 14, 2011, the Commission received a petition for review of the Postal Service's determination to close the Langston post office in Langston, Alabama. The petition was filed by Donald J. Hahn (Petitioner) and is postmarked September 1, 2011. The Commission hereby institutes a proceeding under 39 U.S.C. 404(d)(5) and establishes Docket No. A2011-73 to consider Petitioner's appeal. If Petitioner would like to further explain his position with supplemental information or facts, Petitioner may either file a Participant Statement on PRC Form 61 or file a brief with the Commission no later than October 19, 2011.

not it will continue to provide a maximum degree of effective and regular postal services to the community (see 39 U.S.C. 404(d)(2)(A)(iii)); and (3) failure to observe procedures required by law (see 39 U.S.C. 404(d)(5)(B)).

After the Postal Service files the administrative record and the Commission reviews it, the Commission may find that there are more legal issues than those set forth above, or that the Postal Service's determination disposes of one or more of those issues. The deadline for the Postal Service to file the applicable administrative record with the Commission is September 29, 2011. See 39 CFR 3001.113. RAILROAD RETIREMENT BOARD

Proposed Collection; Comment Request

Summary: In accordance with the requirement of Section 3506 (c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Pension Plan Reports; OMB 3220-0089. Under Section 2(b) of the Railroad Retirement Act (RRA), the Railroad Retirement Board (RRB) pays supplemental annuities to qualified RRB employee annuitants. A supplemental

annuity, which is computed according to Section 3(e) of the RRA, can be paid at age 60 if the employee has at least 30 years of creditable railroad service or at age 65 if the employee has 25-29 years of railroad service. In addition to 25 years of service, a "current connection" with the railroad industry is required. Eligibility is further limited to employees who had at least one month of rail service before October 1981 and were awarded regular annuities after June 1966. Further, if an employee's 65th birthday was prior to September 2, 1981, he or she must not have worked in rail service after certain closing dates (generally the last day of the month following the month in which age 65 is attained). Under Section 2(h)(2) of the RRA, the amount of the supplemental annuity is reduced if the employee receives monthly pension payments, or a lump-sum pension payment, including a distribution from a 401(k) savings plan, from a private pension from a railroad employer, to the extent the payments are based on contributions from that employer. The employee's own contribution to their pension account does not cause a reduction. A private railroad employer pension is defined in 20 CFR 216.40-216.42.

The RRB requires the following information from railroad employers to calculate supplemental annuities: (a) The current status of railroad employer pension plans and whether such plans cause reductions to the supplemental

annuity; (b) whether the employee receives monthly payments from a private railroad employer pension, elected to receive a lump-sum in lieu of month pension payments from such a plan, or received a lump-sum distribution from a 401(k) savings plan; (c) the date monthly pension payments began or a lump-sum payment was received; and (d) the amount of the payments attributable to the railroad employer's contributions. The requirement that railroad employers furnish pension information to the RRB is contained in 20 CFR 209.2.

The RRB currently utilizes Forms G-88p, *Employer's Supplemental Pension Report*, G-88r, *Request for Information About New or Revised Employer Pension Plan*, and G-88r.1, *Request for Additional Information about Employer Pension Plan in Case of Change of Employer Status or Termination of Pension Plan*, to obtain the necessary information from railroad employers. One response is requested of each respondent. Completion is mandatory.

The RRB proposes the following changes to the information collection. Forms G-88p and G-88r will be revised to include information related to the reporting of 401(k) savings plans and to remove items that are no longer relevant. Form G-88r.1 will no longer be utilized.

The estimated annual respondent burden is as follows:
