

(ii)(I) Imports of articles or services like or directly competitive with articles produced or services supplied by such firm have increased; and

(iii) The increase in imports described in clause (ii) contributed importantly to such workers' separation or threat of separation and to the decline in the sales or production of such firm.

In the case at hand, the relevant time periods are April 1, 2009 through April 1, 2010, and the articles at issue are those that are like or directly competitive with the lever-action and bolt-action sporting rifles.

Based on the information collected during the remand investigation, the Department determined that imports of articles like or directly competitive with the lever-action and bolt-action sporting rifles produced by the subject firm increased during the relevant period and contributed importantly to worker separations or threat of separation, and to the decline in production at the subject firm. (AR 14, 15, 389, 531)

Criterion I has been met because a significant number or proportion of workers at the subject firm were totally or partially separated during the relevant period. (AR 14 and 15)

Criterion II has been met because production of lever-action and bolt-action sporting rifles at the subject firm decreased absolutely during the relevant period. (AR 531, 1322–1348)

Criterion III has been met because imports of articles like or directly competitive with the lever-action and bolt-action sporting rifles produced by the subject firm increased during the relevant period and contributed importantly to worker separations, or threat of separations, and to the decline in the production at the subject facility. (AR 14, 15, 389, 531)

Conclusion

After careful review of the complete administrative record, including the additional facts obtained on remand investigation, I determine that workers and former workers of Marlin Firearms Company, Inc., a subsidiary of Remington Arms Company, including on-site leased workers from Randstat, Reitman, and Hamilton Connections, North Haven, Connecticut, who are engaged in employment related to the production of lever-action and bolt-action sporting rifles, meet the worker group certification criteria under Section 222(a) of the Act, 19 U.S.C. 2272(a).

In accordance with Section 223 of the Act, 19 U.S.C. 2273, I make the following certification:

All workers of Marlin Firearms Company, Inc., a subsidiary of Remington Arms

Company, including on-site leased workers from Randstat, Reitman, and Hamilton Connections, North Haven, Connecticut, who became totally or partially separated from employment on or after April 1, 2009, through two years from the date of certification, and all workers in the group threatened with total or partial separation from employment on the date of certification through two years from the date of certification, are eligible to apply for adjustment assistance under Chapter 2 of Title II of the Trade Act of 1974, as amended.

Signed at Washington, DC this 7th day of September, 2011.

Del Min Amy Chen,

Certifying Officer, Office of Trade Adjustment Assistance.

BILLING CODE P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 11–082]

NASA Advisory Council; Aeronautics Committee; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, Public Law 92–463, as amended, the National Aeronautics and Space Administration announces a meeting of the Aeronautics Committee of the NASA Advisory Council. The meeting will be held for the purpose of soliciting, from the aeronautics community and other persons, research and technical information relevant to program planning.

DATES: Thursday, October 13, 2011, 8 a.m. to 5 p.m., Local Time.

ADDRESSES: National Aeronautics and Space Administration Headquarters, Room 6B42, 300 E Street, SW., Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT: Ms. Susan L. Minor, Executive Secretary for the Aeronautics Committee, National Aeronautics and Space Administration Headquarters, Washington, DC 20546, (202) 358–0566, or susan.l.minor@nasa.gov.

SUPPLEMENTARY INFORMATION: The meeting will be open to the public up to the capacity of the room. Any person interested in participating in the meeting by Webex and telephone should contact Ms. Susan L. Minor at (202) 358–0566 for the web link, toll-free number and passcode. The agenda for the meeting includes the following topics:

- Green Aviation Research Portfolio.
- Interagency Relationships for Alternative Fuels Research.
- UAS Subcommittee.
- Aeronautics Committee 2012 Planning.

It is imperative that these meetings be held on this date to accommodate the scheduling priorities of the key participants. Attendees will be requested to comply with NASA security requirements, including the presentation of a valid picture ID, before receiving an access badge. U.S. citizens will need to show valid, officially-issued picture identification such as driver's license to enter the NASA Headquarters building (West Lobby—Visitor Control Center) and must state that they are attending the NASA Advisory Council Aeronautics Committee meeting in conference room 6B42 before receiving an access badge. All non-U.S. citizens must fax a copy of their passport, and print or type their name, current address, citizenship, company affiliation (if applicable) to include address, telephone number, and their title, place of birth, date of birth, U.S. visa information to include type, number, and expiration date, U.S. Social Security Number (if applicable), Permanent Resident Alien card number and expiration date (if applicable), and place and date of entry into the U.S., to Susan Minor, NASA Advisory Council Aeronautics Committee Executive Secretary, fax 202–358–3602, by no less than 8 working days prior to the meeting. Non-U.S. citizens will need to show their Passport or Permanent Resident Alien card to enter the NASA Headquarters building. For questions, please call Susan Minor at (202) 358–0566.

September 16, 2011.

P. Diane Rausch,

Advisory Committee Management Officer, National Aeronautics and Space Administration.

BILLING CODE P

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978 (Pub. L. 95–541)

AGENCY: National Science Foundation

ACTION: Notice of Permit Applications Received under the Antarctic Conservation Act of 1978, Public Law 95–541.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of permit applications received

to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act at Title 45 Part 670 of the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by October 24, 2011. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Room 755, Office of Polar Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, Virginia 22230.

FOR FURTHER INFORMATION CONTACT: Polly A. Penhale at the above address or (703) 292-7420.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

The applications received are as follows:

Permit Application: 2012-009

1. *Applicant:* Sam Feola, Director, Raytheon Polar Services Company, 7400 S. Tucson Way, Centennial, CO 80112.

Activity for Which Permit Is Requested

Enter Antarctic Specially Protected Areas. The applicant plans to enter the Antarctic Specially Protect Areas at Port Foster, Deception Island (ASP A 145), Western Bransfield Straight (ASP A 152), and Eastern Dallmann Bay (ASP A 153) for marine transit of U.S. Antarctic Program (USAP) research vessels, Nathaniel B. Palmer and the Lawrence M. Gould through the ASP A's listed above. Any transits through these areas would only occur when necessary in the best interests of the USAP. The ASP A's will be avoided whenever possible.

Location

ASP A 145-Port Foster, Deception Island, ASP A 152-Western Bransfield Straight, and ASP A 153-Eastern Dallmann Bay.

Dates

October 1, 2011 to September 30, 2014.

Nadene G. Kennedy,

Permit Officer, Office of Polar Programs.

BILLING CODE 7555-01-P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-280 and 50-281; NRC-2011-0185]

Virginia Electric and Power Company, Surry Power Station, Units 1 and 2; Exemption

1.0 Background

Virginia Electric and Power Company (VEPCO, the licensee) is the holder of Facility Operating License Nos. DPR-32 and DRP-37, which authorize operation of the Surry Power Station, Units 1 and 2 (Surry 1 and 2) respectively. The license provides, among other things, that the facility is subject to all rules, regulations, and orders of the U.S. Nuclear Regulatory Commission (NRC, the Commission) now or hereafter in effect. The facility consists of two pressurized water reactors located in Surry County, Virginia.

2.0 Request/Action

Title 10 of the *Code of Federal Regulations* (10 CFR) Part 26, "Fitness For Duty Programs," Subpart I "Managing Fatigue," requires that individuals described in 10 CFR 26.4(a)(1) through (a)(5) are subject to the work hour controls provided in 10 CFR 26.205. By letter dated February 10, 2011 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML110450583), and supplemented on March 10, 2011 (ADAMS Accession No. ML110740442), and pursuant to 10 CFR 26.9 VEPCO doing business as Dominion requested an exemption from the requirements of 10 CFR 26.205(c) and (d) during declarations of severe weather conditions such as tropical storm and hurricane force winds at the Surry 1 and 2 site. A subsequent response to requests for additional information (RAI) is dated May 26, 2011 (ADAMS Accession No. ML111470265).

The requested exemption applies to individuals who perform duties identified in 10 CFR 26.4(a)(1) through (a)(5) who are designated to perform work as a member of the Surry 1 and 2 hurricane response organization (HRO). The exemption request states that the station HRO typically consists of

enough individuals to staff two 12-hour shifts of workers consisting of personnel from operations, maintenance, engineering, emergency planning, radiation protection, chemistry, site services and security to maintain the safe and secure operation of the plant.

Entry conditions for the requested exemption occur when the site activates the station HRO and the Site Vice President (or his designee) determines that travel conditions to the site will potentially become hazardous such that HRO staffing will be required—based on verifiable weather conditions. Verifiable weather conditions are defined in the exemption request as when the National Weather Service issues an Inland High Wind Warning for Hurricane Force Winds for Surry County or when the Dominion Weather Center projects tropical storm or hurricane force winds onsite within 12 hours.

After the high wind conditions pass, wind damage to the plant and surrounding area might preclude sufficient numbers of individuals from immediately returning to the site. Additionally, if mandatory civil evacuations were ordered, this would also delay the return of sufficient relief personnel. The exemption request states that the exemption will terminate when hurricane watches and warnings or inland hurricane watches and warnings have been cancelled; when weather conditions and highway infrastructure support safe travel and; when the Site Vice President or his designee determine that sufficient personnel who perform the duties identified in 10 CFR 26.4(a)(1) through (a)(5) are available to restore normal shift rotation and thereby meet the requirements of 10 CFR 26.205(c) and (d).

3.0 Discussion

Pursuant to 10 CFR 26.09, the Commission may, upon application of an interested person or on its own initiative, grant exemptions from the requirements of 10 CFR part 26 when the exemptions are authorized by law and will not endanger life or property or the common defense and security or are otherwise in the public interest.

Authorized By Law

The exemption being requested for Surry 1 and 2 would allow the licensee site to not meet the work hour control requirements of 10 CFR 26.205(c) and (d), which would allow the sequester of specific individuals on site, prior and subsequent to severe weather conditions such as tropical storms and hurricanes. No law exists which precludes the activities covered by this exemption request. As stated above, 10 CFR 26.09
