Background

On June 30, 2011, the Department of Commerce (“Department”) published in the **Federal Register** the *Preliminary Results* of the antidumping duty changed circumstances review of the antidumping duty order on diamond sawblades and parts thereof from the People’s Republic of China. See *Diamond Sawblades and Parts Thereof From the People’s Republic of China: Preliminary Results and Preliminary Intent To Terminate, in Part, Antidumping Duty Changed Circumstances Review and Extension of Time Limit for Final Results*, 76 FR 38357 (June 30, 2011) (“*Preliminary Results*”). Subsequent to the publication of the *Preliminary Results*, the Department received affirmative and rebuttal comments regarding the Department’s preliminary determination. On July 25, 2011, the Department held a hearing in which interested parties presented arguments from their affirmative and rebuttal comments. On August 15, 2011, the Department published a notice in the **Federal Register** that extended the time limit to issue the final results by 30 days, making the current deadline September 19, 2011. See *Diamond Sawblades and Parts Thereof From the People’s Republic of China: Extension of Time Limit for Final Results of the Antidumping Duty Changed Circumstances Review*, 76 FR 50455 (August 15, 2011).

Extension of Time Limit for the Final Results

The Department finds that it is not practicable to complete this review by the current deadline. The Department has determined that it requires additional time to analyze the case and rebuttal briefs submitted by interested parties. Consequently, in accordance with 19 CFR 351.302(b), the Department is extending the time period for issuing the final results in this review by 15 days. Therefore, the final results will be due no later than October 4, 2011.

We are issuing and publishing this notice in accordance with sections 751(b) and 771(i) of the Tariff Act of 1930, as amended.

Dated: September 19, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Extension of the Due Date for Submitting Information on How to Structure Proposed New Program: Advanced Manufacturing Technology Consortia (AMTech)

AGENCY: National Institute of Standards and Technology (NIST), Department of Commerce.

ACTION: Request for information.

SUMMARY: On July 22, 2011, NIST published a Request for Information in the **Federal Register** inviting interested parties to submit written comments on how to best structure a potential new public-private partnership program, the Advanced Manufacturing Technology Consortia (AMTech) Program, which was proposed in the NIST fiscal year (FY) 2012 budget. NIST is publishing this notice to extend the deadline for the submission of comments pertaining to the proposed AMTech Program until 11:59 p.m., Eastern Time, on Thursday, October 20, 2011. No other changes are being made to the originally published Request for Information.

DATES: Comments are due on or before 11:59 p.m., Eastern Time, on Thursday, October 20, 2011. Comments received between September 20, 2011 and the publication date of this notice are deemed to be timely.

ADDRESSES: Comments will be accepted by e-mail only. Comments must be sent to *AMTechRFC@nist.gov* with the subject line "AMTech Comments."

FOR FURTHER INFORMATION CONTACT: Barbara Lambis, 301-975-4447, *barbara.lambis@nist.gov*, or Michael D. Walsh, 301-975-5455, *michael.walsh@nist.gov*.

SUPPLEMENTARY INFORMATION: The Advanced Manufacturing Technology Consortia (AMTech) Program was proposed in the NIST FY 2012 budget (see <http://www.osec.doc.gov/bmi/>

budget/12CJ/2012_NIST_&_NTIS_Cong_Budget.pdf (pp. NIST-250 to NIST-254) for a copy of the AMTech Program budget justification). As envisioned, the AMTech Program would provide Federal financial assistance to leverage existing or newly created industry-led consortia to develop precompetitive enabling manufacturing technologies. These consortia would develop roadmaps of critical long-term industrial manufacturing research needs, and issue sub-awards to fund research by universities, government laboratories, and U.S. businesses. This initiative would support research and development (R&D) in advanced manufacturing, with the goal of strengthening long-term U.S. leadership in the development of critical technologies that lead to sustainable economic growth and job creation.

On July 22, 2011, NIST published a Request for Information in the **Federal Register** (76 FR 43983, <http://www.gpo.gov/fdsys/pkg/FR-2011-07-22/pdf/2011-18580.pdf>) inviting interested parties to provide written comments on how to best structure the proposed AMTech Program for which has not yet received FY 2012 appropriations. The due date for the submission of comments as set forth in the original Request for Information was 11:59 p.m., Eastern Time, on Tuesday, September 20, 2011. By way of this notice, NIST is extending the due date for the submission of comments until 11:59 p.m., Eastern Time, on Thursday, October 20, 2011, in order to provide interested parties additional time to submit their comments pertaining to the proposed AMTech Program.
