

Evidence of the applicant's plan and ability to come into compliance with the new rules shall include the applicant's detailed plan for modifying its business structure and operations in order to meet the new requirements, along with submission of the following relevant documentation to support the waiver request:

- A copy of each deed or lease for each call center operated by the applicant;
 - A list of individuals or entities that hold at least a 10 percent ownership share in the applicant's business and a description of the applicant's organizational structure, including the names of its executives, officers, partners, and board of directors;
 - A list of all of the names of applicant's full-time and part-time employees;
 - Proofs of purchase or license agreements for use of all equipment and/or technologies, including hardware and software, used by the applicant for its call center functions, including but not limited to, automatic call distribution (ACD) routing, call setup, mapping, call features, billing for compensation from the TRS fund, and registration;
 - Copies of employment agreements for all of the provider's executives and CAs;
 - A list of all financing arrangements pertaining to the provision of Internet-based relay service, including documentation on loans for equipment, inventory, property, promissory notes, and liens;
 - Copies of all other agreements associated with the provision of Internet-based relay service;
- and;
- A list of all sponsorship arrangements (*e.g.*, those providing financial support or in-kind interpreting or personnel service for social activities in exchange for brand marketing), including any associated agreements.

RIN 1018-AX34

Migratory Bird Hunting; Late Seasons and Bag and Possession Limits for Certain Migratory Game Birds

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: This rule prescribes the hunting seasons, hours, areas, and daily bag and possession limits for general waterfowl seasons and those early seasons for which States previously deferred selection. Taking of migratory birds is prohibited unless specifically provided for by annual regulations. This rule permits the taking of designated species during the 2011-12 season.

DATES: This rule is effective on September 24, 2011.

ADDRESSES: You may inspect comments received on the migratory bird hunting regulations during normal business hours at the Service's office in room 4107, Arlington Square Building, 4501 N. Fairfax Drive, Arlington, VA. You may obtain copies of referenced reports from the street address above, or from the Division of Migratory Bird Management's Web site at <http://www.fws.gov/migratorybirds/>, or at <http://www.regulations.gov> at Docket No. FWS-R9-MB-2011-0014.

SUPPLEMENTARY INFORMATION:

Regulations Schedule for 2011

On April 8, 2011, we published in the **Federal Register** (76 FR 19876) a proposal to amend 50 CFR part 20. The proposal provided a background and overview of the migratory bird hunting regulations process, and addressed the establishment of seasons, limits, and other regulations for hunting migratory game birds under §§ 20.101 through 20.107, 20.109, and 20.110 of subpart K. Major steps in the 2011-12 regulatory cycle relating to open public meetings and **Federal Register** notifications were also identified in the April 8 proposed rule. Further, we explained that all sections of subsequent documents outlining hunting frameworks and guidelines were organized under numbered headings and that subsequent

documents would refer only to numbered items requiring attention.

On June 22, 2011, we published in the **Federal Register** (76 FR 36508) a second document providing supplemental proposals for early- and late-season migratory bird hunting regulations. The June 22 supplement also provided information on the 2011-12 regulatory schedule and announced the Service Regulations Committee (SRC) and summer (July) Flyway Council meetings.

On June 22 and 23, 2011, we held open meetings with the Flyway Council Consultants where the participants reviewed information on the current status of migratory shore and upland game birds and developed recommendations for the 2011-12 regulations for these species plus regulations for migratory game birds in Alaska, Puerto Rico, and the Virgin Islands; special September waterfowl seasons in designated States; special sea duck seasons in the Atlantic Flyway; and extended falconry seasons. In addition, we reviewed and discussed preliminary information on the status of waterfowl as it relates to the development and selection of the regulatory packages for the 2011-12 regular waterfowl seasons.

On July 26, 2011, we published in the **Federal Register** (76 FR 44730) a third document specifically dealing with the proposed frameworks for early-season regulations. On August 30, 2011, we published in the **Federal Register** (76 FR 54052) a final rule which contained final frameworks for early migratory bird hunting seasons from which wildlife conservation agency officials from the States, Puerto Rico, and the Virgin Islands selected early-season hunting dates, hours, areas, and limits. Subsequently, on September 1, 2011, we published a final rule in the **Federal Register** (76 FR 54658) amending subpart K of title 50 CFR part 20 to set hunting seasons, hours, areas, and limits for early seasons.

On July 27-28, 2011, we held open meetings with the Flyway Council Consultants at which the participants reviewed the status of waterfowl and developed recommendations for the 2011-12 regulations for these species. Proposed hunting regulations were discussed for late seasons. We published proposed frameworks for the 2011-12 late-season migratory bird hunting regulations in an August 26, 2011 **Federal Register** (76 FR 53536). We published final late-season frameworks for migratory game bird hunting regulations, from which State wildlife conservation agency officials selected late-season hunting dates,

hours, areas, and limits for 2011–12, in a September 21, 2011, **Federal Register**.

The final rule described here is the final in the series of proposed, supplemental, and final rulemaking documents for migratory game bird hunting regulations for 2011–12 and deals specifically with amending subpart K of 50 CFR part 20. It sets hunting seasons, hours, areas, and limits for species subject to late-season regulations and those for early seasons that States previously deferred.

National Environmental Policy Act (NEPA) Consideration

NEPA considerations are covered by the programmatic document “Final Supplemental Environmental Impact Statement: Issuance of Annual Regulations Permitting the Sport Hunting of Migratory Birds (FSES 88–14),” filed with the Environmental Protection Agency on June 9, 1988. We published a notice of availability in the **Federal Register** on June 16, 1988 (53 FR 22582). We published our Record of Decision on August 18, 1988 (53 FR 31341). In addition, an August 1985 environmental assessment entitled “Guidelines for Migratory Bird Hunting Regulations on Federal Indian Reservations and Ceded Lands” is available from the address indicated under the caption **ADDRESSES**.

In a notice published in the September 8, 2005, **Federal Register** (70 FR 53376), we announced our intent to develop a new Supplemental Environmental Impact Statement (SEIS) for the migratory bird hunting program. Public scoping meetings were held in the spring of 2006, as detailed in a March 9, 2006, **Federal Register** (71 FR 12216). We released the draft SEIS on July 9, 2010 (75 FR 39577). The draft SEIS is available either by writing to the address indicated under **ADDRESSES** or by viewing our Web site at <http://www.fws.gov/migratorybirds>.

Endangered Species Act Consideration

Section 7 of the Endangered Species Act, as amended (16 U.S.C. 1531–1543; 87 Stat. 884), provides that, “The Secretary shall review other programs administered by him and utilize such programs in furtherance of the purposes of this Act” (and) shall “insure that any action authorized, funded, or carried out * * * is not likely to jeopardize the continued existence of any endangered species or threatened species or result in the destruction or adverse modification of [critical] habitat. * * *.” Consequently, we conducted formal consultations to ensure that actions resulting from these regulations would not likely jeopardize the continued

existence of endangered or threatened species or result in the destruction or adverse modification of their critical habitat. Findings from these consultations are included in a biological opinion, which concluded that the regulations are not likely to jeopardize the continued existence of any endangered or threatened species. Additionally, these findings may have caused modification of some regulatory measures previously proposed, and the final frameworks reflect any such modifications. Our biological opinions resulting from this section 7 consultation are public documents available for public inspection at the address indicated under **ADDRESSES**.

Executive Order 12866

The Office of Management and Budget has determined that this rule is significant and has reviewed this rule under Executive Order 12866. OMB bases its determination of regulatory significance upon the following four criteria:

(a) Whether the rule will have an annual effect of \$100 million or more on the economy or adversely affect an economic sector, productivity, jobs, the environment, or other units of the government.

(b) Whether the rule will create inconsistencies with other Federal agencies’ actions.

(c) Whether the rule will materially affect entitlements, grants, user fees, loan programs, or the rights and obligations of their recipients.

(d) Whether the rule raises novel legal or policy issues.

An economic analysis was prepared for the 2008–09 season. This analysis was based on data from the 2006 National Hunting and Fishing Survey, the most recent year for which data are available (see discussion in Regulatory Flexibility Act section below). This analysis estimated consumer surplus for three alternatives for duck hunting (estimates for other species are not quantified due to lack of data). The alternatives are (1) Issue restrictive regulations allowing fewer days than those issued during the 2007–08 season, (2) Issue moderate regulations allowing more days than those in alternative 1, and (3) Issue liberal regulations identical to the regulations in the 2007–08 season.

For the 2008–09 season, we chose alternative 3, with an estimated consumer surplus across all flyways of \$205–\$270 million. We also chose alternative 3 for the 2009–10 and the 2010–11 seasons. In the April 8 proposed rule, we proposed no changes to the season frameworks for the 2011–

12 season, and as such, we again considered these three alternatives. Population status information discussed in the August 26 proposed rule supported selection of alternative 3 for the 2011–12 season. For these reasons, we have not conducted a new economic analysis, but the 2008–09 analysis is part of the record for this rule and is available at <http://www.fws.gov/migratorybirds/NewReportsPublications/SpecialTopics/SpecialTopics.html#HuntingRegs> or at <http://www.regulations.gov> at Docket No. FWS–R9–MB–2011–0014.

Regulatory Flexibility Act

The annual migratory bird hunting regulations have a significant economic impact on substantial numbers of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). We analyzed the economic impacts of the annual hunting regulations on small business entities in detail as part of the 1981 cost-benefit analysis. This analysis was revised annually from 1990–95. In 1995, the Service issued a Small Entity Flexibility Analysis (Analysis), which was subsequently updated in 1996, 1998, 2004, and 2008. The primary source of information about hunter expenditures for migratory game bird hunting is the National Hunting and Fishing Survey, which is conducted at 5-year intervals. The 2008 Analysis was based on the 2006 National Hunting and Fishing Survey and the U.S. Department of Commerce’s County Business Patterns, from which it was estimated that migratory bird hunters would spend approximately \$1.2 billion at small businesses in 2008.

Copies of the Analysis are available upon request from the Division of Migratory Bird Management (see **ADDRESSES**) or from our Web site at <http://www.fws.gov/migratorybirds/NewReportsPublications/SpecialTopics/SpecialTopics.html#HuntingRegs> or at <http://www.regulations.gov> at Docket No. FWS–R9–MB–2011–0014.

Small Business Regulatory Enforcement Fairness Act

This rule is a major rule under 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act. For the reasons outlined above, this rule would have an annual effect on the economy of \$100 million or more. However, because this rule would establish hunting seasons, we do not plan to defer the effective date under the exemption contained in 5 U.S.C. 808(1).

Paperwork Reduction Act

We examined these regulations under the Paperwork Reduction Act of 1995

(44 U.S.C. 3501 *et seq.*). The various recordkeeping and reporting requirements imposed under regulations established in 50 CFR part 20, subpart K, are utilized in the formulation of migratory game bird hunting regulations.

Specifically, OMB has approved the information collection requirements of our Migratory Bird Surveys and assigned control number 1018-0023 (expires 4/30/2014). This information is used to provide a sampling frame for voluntary national surveys to improve our harvest estimates for all migratory game birds in order to better manage these populations. OMB has also approved the information collection requirements of the Alaska Subsistence Household Survey, an associated voluntary annual household survey used to determine levels of subsistence take in Alaska, and assigned control number 1018-0124 (expires 4/30/2013). A Federal agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Unfunded Mandates Reform Act

We have determined and certify, in compliance with the requirements of the Unfunded Mandates Reform Act, 2 U.S.C. 1502 *et seq.*, that this rulemaking would not impose a cost of \$100 million or more in any given year on local or State government or private entities. Therefore, this rule is not a “significant regulatory action” under the Unfunded Mandates Reform Act.

Civil Justice Reform—Executive Order 12988

The Department, in promulgating this rule, has determined that this rule will not unduly burden the judicial system and that it meets the requirements of sections 3(a) and 3(b)(2) of Executive Order 12988.

Takings Implication Assessment

In accordance with Executive Order 12630, this rule, authorized by the Migratory Bird Treaty Act, does not have significant takings implications and does not affect any constitutionally protected property rights. This rule would not result in the physical occupancy of property, the physical invasion of property, or the regulatory taking of any property. In fact, these rules would allow hunters to exercise otherwise unavailable privileges and, therefore, reduce restrictions on the use of private and public property.

Energy Effects—Executive Order 13211

Executive Order 13211 requires agencies to prepare Statements of Energy Effects when undertaking certain actions. While this rule is a significant regulatory action under Executive Order 12866, it is not expected to adversely affect energy supplies, distribution, or use. Therefore, this action is not a significant energy action and no Statement of Energy Effects is required.

Government-to-Government Relationship with Tribes

In accordance with the President’s memorandum of April 29, 1994, “Government-to-Government Relations with Native American Tribal Governments” (59 FR 22951), Executive Order 13175, and 512 DM 2, we have evaluated possible effects on Federally-recognized Indian tribes and have determined that there are no effects on Indian trust resources. However, in the April 8 **Federal Register**, we solicited proposals for special migratory bird hunting regulations for certain Tribes on Federal Indian reservations, off-reservation trust lands, and ceded lands for the 2011–12 migratory bird hunting season. The resulting proposals were contained in a separate August 8, 2011, proposed rule (76 FR 48694). By virtue of these actions, we have consulted with Tribes affected by this rule.

Federalism Effects

Due to the migratory nature of certain species of birds, the Federal Government has been given responsibility over these species by the Migratory Bird Treaty Act. We annually prescribe frameworks from which the States make selections regarding the hunting of migratory birds, and we employ guidelines to establish special regulations on Federal Indian reservations and ceded lands. This process preserves the ability of the States and tribes to determine which seasons meet their individual needs. Any State or Indian tribe may be more restrictive than the Federal frameworks at any time. The frameworks are developed in a cooperative process with the States and the Flyway Councils. This process allows States to participate in the development of frameworks from which they will make selections, thereby having an influence on their own regulations. These rules do not have a substantial direct effect on fiscal capacity, change the roles or responsibilities of Federal or State governments, or intrude on State policy or administration. Therefore, in accordance with Executive Order 13132, these regulations do not have significant

federalism effects and do not have sufficient federalism implications to warrant the preparation of a federalism summary impact assessment.

Regulations Promulgation

The rulemaking process for migratory game bird hunting must, by its nature, operate under severe time constraints. However, we intend that the public be given the greatest possible opportunity to comment. Thus, when the preliminary proposed rulemaking was published, we established what we believed were the longest periods possible for public comment. In doing this, we recognized that when the comment period closed, time would be of the essence. That is, if there were a delay in the effective date of these regulations after this final rulemaking, States would have insufficient time to select season dates and limits; to communicate those selections to us; and to establish and publicize the necessary regulations and procedures to implement their decisions. We find that “good cause” exists, within the terms of 5 U.S.C. 553(d)(3) of the Administrative Procedure Act, and therefore, under authority of the Migratory Bird Treaty Act (July 3, 1918), as amended (16 U.S.C. 703–711), these regulations will take effect less than 30 days after publication. Accordingly, with each conservation agency having had an opportunity to participate in selecting the hunting seasons desired for its State or Territory on those species of migratory birds for which open seasons are now prescribed, and consideration having been given to all other relevant matters presented, certain sections of title 50, chapter I, subchapter B, part 20, subpart K, are hereby amended as set forth below.

List of Subjects in 50 CFR Part 20

Exports, Hunting, Imports, Reporting and recordkeeping requirements, Transportation, Wildlife.

Dated: September 20, 2011.

Rachel Jacobson,

Acting Assistant Secretary for Fish and Wildlife and Parks.

For the reasons set out in the preamble, title 50, chapter I, subchapter B, part 20, subpart K of the Code of Federal Regulations is amended as follows:

PART 20—[AMENDED]

■ 1. The authority citation for part 20 continues to read as follows:

Authority: Migratory Bird Treaty Act, 40 Stat. 755, 16 U.S.C. 703–712; Fish and Wildlife Act of 1956, 16 U.S.C. 742a–j; Pub.

L. 106–108, 113 Stat. 1491, Note Following 16 U.S.C. 703.

Note: The following annual regulations provided for by §§ 20.104, 20.105, 20.106, 20.107, and 20.109 of 50 CFR part 20 will not appear in the Code of Federal Regulations because of their seasonal nature.

Check State Regulations for Additional Restrictions and Delineations of Geographical Areas—Special Restrictions May Apply on Federal and State Public Hunting Areas and Federal Indian Reservations

■ 2. Section 20.104 is amended by adding the entries for the following

States in alphabetical order to read as follows:

§ 20.104 Seasons, limits, and shooting hours for rails, woodcock, and common snipe.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Shooting and hawking hours are one-half hour before sunrise until sunset,

except as otherwise restricted by State regulations. Area descriptions were published in the August 25, 2011 (76 FR 53536) and August 30, 2011 (76 FR 54052), **Federal Registers**.

Note: The following seasons are in addition to the seasons published previously in the September 1, 2011, **Federal Register** (76 FR 54658).

Carbon, Fergus, Judith Basin, Stillwater, Sweetgrass, Wheatland, and all counties east thereof), Nebraska, New Mexico (east of the Continental Divide except that the Jicarilla Apache Indian Reservation is in the Pacific Flyway), North Dakota, Oklahoma, South Dakota, Texas, and Wyoming (east of the Continental Divide).

The Pacific Flyway: Includes the States of Arizona, California, Colorado (west of the Continental Divide), Idaho, Montana (including and to the west of Hill, Chouteau, Cascade, Meagher, and Park Counties), Nevada, New Mexico (the Jicarilla Apache Indian Reservation and west of the Continental Divide), Oregon, Utah, Washington, and Wyoming (west of the Continental Divide including the Great Divide Basin).

Light Geese: Includes lesser snow (including blue) geese, greater snow geese, and Ross's geese.

Dark Geese: Includes Canada geese, white-fronted geese, emperor geese, brant (except in California, Oregon, Washington, and the Atlantic Flyway), and all other geese except light geese.

ATLANTIC FLYWAY

Flyway-wide Restrictions

Duck Limits: The daily bag limit of 6 ducks may include no more than 4 mallards (2 hen mallards), 2 scaup, 1 black duck, 2 pintails, 1 canvasback, 1 mottled duck, 3 wood ducks, 2 redheads, and 1 fulvous tree duck. The possession limit is twice the daily bag limit.

Harlequin Ducks: All areas of the Flyway are closed to harlequin duck hunting.

Merganser Limits: The daily bag limit is 5 mergansers with 10 in possession

and may include no more than 2 hooded mergansers daily and 4 in possession. In States that include mergansers in the duck bag limit, the daily limit is the same as the duck bag limit, of which

only 2 daily and 4 in possession may be hooded mergansers.

(1) In *Arizona*, the daily limit may include no more than either 2 hen mallards or 2 Mexican-like ducks, or 1 of each; and not more than 4 hen mallards and Mexican-like ducks, in the aggregate, may be in possession.

(2) In *Arizona*, in Yuma County, La Paz County, Game Management Units 13B, 15, and that portion of Unit 16 lying within Mohave County, the bag and possession limits are 3 and 6 for Canada geese, respectively.

(3) In *California* and *Oregon*, small Canada geese are Cackling and Aleutian Canada geese.

(4) In *California*, large Canada geese are Western and Lesser Canada geese.

(5) In *Idaho*, the season on light geese is closed in Fremont and Teton Counties.

(6) In *Montana*, check State regulations for special seasons/exceptions in Freezeout Lake WMA; Canyon Ferry; Flathead; Deer Lodge County; and Missoula County.

(7) In *Nevada*, in Churchill County, the daily bag limit may include no more than 1 wood duck.

(8) In *Nevada*, in the Moapa Valley portion of the Overton Wildlife Management Area, the open season for all ducks, coots, moorhens, dark geese, and light geese is November 5 to January 27.

(9) In *Nevada*, there is no open season on light geese in Ruby Valley within Elko and White Pine Counties.

(10) In *Oregon*, the Northwest Special Permit Zone is closed to all goose hunting, except for designated areas. See State regulations for specific boundary descriptions, times, days, and other conditions of the special permit season.

(11) In *Utah*, the shooting hours are 7:30 a.m. to sunset on October 1 in Cache, Salt Lake, Davis, Weber, and Box Elder Counties.

(12) In *Washington*, the daily bag limit in the West Zone may include no more than 2 scoters, 2 long-tailed ducks, and 2 goldeneyes, with the possession limit twice the daily bag limit. The daily bag and possession limit, and the season limit, for harlequins is 1.

(13) In *Washington*, in State Goose Area 4, hunting is only on Saturdays, Sundays, Wednesdays, and certain holidays. In State Goose Areas 1, 3, and 5, hunting is everyday. See State regulations for details, including shooting hours.

(14) In *Washington*, see State regulations for specific dates and conditions of permit hunts and closures for Canada geese.

(15) In *Washington*, brant may be hunted in Skagit and Pacific Counties only; see State regulations for specific dates.

(f) *Youth Waterfowl Hunting Days*.

The following seasons are open only to youth hunters. Youth Hunters must be accompanied into the field by an adult at least 18 years of age. This adult cannot duck hunt but may participate in other open seasons.

Definition

Youth Hunters: Includes youths 15 years of age or younger.

Note: The following seasons are in addition to the seasons published previously in the September 1, 2011, **Federal Register** (76 FR 54658). Bag and possession limits will conform to those set for the regular season.

■ 4. Section 20.106 is amended by adding the entries for the following States in alphabetical order to read as follows:

§ 20.106 Seasons, limits, and shooting hours for sandhill cranes.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits on the species designated in this section are as follows:

Shooting and Hawking hours are one-half hour before sunrise until sunset, except as otherwise restricted by State regulations. Area descriptions were published in the August 30, 2011, **Federal Register** (76 FR 54052).

Federally authorized, State-issued permits are issued to individuals, and only the individual whose name and address appears on the permit at the time of issuance is authorized to take sandhill cranes at the level allowed by the permit, in accordance with provisions of both Federal and State regulations governing the hunting

season. The permit must be carried by the permittee when exercising its provisions and must be presented to any law enforcement officer upon request. The permit is not transferable or assignable to another individual, and may not be sold, bartered, traded, or otherwise provided to another person. If the permit is altered or defaced in any way, the permit becomes invalid.

Note: The following seasons are in addition to the seasons published previously in the September 1, 2011, **Federal Register** (76 FR 54658).

(1) Each person participating in the regular sandhill crane seasons must have a valid Federal or State-issued sandhill crane hunting permit in their possession while hunting. However, in those States where the State-issued Harvest Information Survey Program (HIP) certification for game bird hunting also identifies the hunter as a sandhill crane hunter, the separate sandhill crane permit identified above is not required.

(6) In *Kentucky*, the season limit is 2 cranes. If the harvest objective of 400 cranes is obtained before the season ending date, the season will close.

■ 5. Section 20.107 is revised to read as follows:

§ 20.107 Seasons, limits, and shooting hours for swans.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open

seasons (dates inclusive), shooting and hawking hours, and daily bag and possession limits on the species designated in this section are as follows:

Shooting hours are one-half hour before sunrise until sunset, except as otherwise restricted by State

regulations. Hunting is by State permit only.

Federally authorized, State-issued permits are issued to individuals, and only the individual whose name and address appears on the permit at the time of issuance is authorized to take

sandhill cranes at the level allowed by the permit, in accordance with provisions of both Federal and State regulations governing the hunting season. The permit must be carried by the permittee when exercising its

provisions and must be presented to any law enforcement officer upon request. The permit is not transferable or assignable to another individual, and may not be sold, bartered, traded, or otherwise provided to another person. If

the permit is altered or defaced in any way, the permit becomes invalid.

Note: Successful permittees must immediately validate their harvest by that method required in State regulations.

- (2) Any species of swan may be taken.
- (3) In *Montana*, all harvested swans must be reported by way of a bill measurement card within 3 days of harvest.
- (4) All harvested swans and tags must be checked or registered within 5 days of harvest.
- (5) Harvests of trumpeter swans are limited to 5 in Nevada and 10 in Utah. When it has been determined that the quota of trumpeter swans allotted to Nevada and Utah will have been filled, the season for taking of any swan species in the respective State will be closed by either the Director upon giving public notice through local information media at least 48 hours in advance of the time and date of closing, or by the State through State regulations with such notice and time (not less than 48 hours) as they deem necessary.
- (6) In *Utah*, all harvested swans and tags must be checked or registered within 3 days of harvest.

■ 6. Section 20.109 is amended by adding the entries for the following States in alphabetical order to read as follows:

§ 20.109 Extended seasons, limits, and hours for taking migratory game birds by falconry.

Subject to the applicable provisions of the preceding sections of this part, areas open to hunting, respective open seasons (dates inclusive), hawking hours, and daily bag and possession limits for the species designated in this section are prescribed as follows:

Hawking hours are one-half hour before sunrise until sunset except as otherwise restricted by State regulations.

Area descriptions were published in the August 25, 2011 (76 FR 53536) and August 30, 2011 (76 FR 54052) **Federal Registers**.

Limits: The daily bag limit may include no more than 3 migratory game birds, singly or in the aggregate. The possession limit is twice the daily bag limit. These limits apply to falconry during both regular hunting seasons and extended falconry seasons—unless further restricted by State regulations.

The falconry bag and possession limits are not in addition to regular season limits. Unless otherwise specified, extended falconry for ducks does not include sea ducks within the special sea duck areas.

Although many States permit falconry during the gun seasons, only extended falconry seasons are shown below. Please consult State regulations for details.

Note: The following seasons are in addition to the seasons published previously in the September 1, 2011, **Federal Register** (76 FR 54658).

Migratory Bird Hunting; Migratory Bird Hunting Regulations on Certain Federal Indian Reservations and Ceded Lands for the 2011–12 Late Season

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Final rule.

SUMMARY: This rule prescribes special late-season migratory bird hunting regulations for certain tribes on Federal Indian reservations, off-reservation trust lands, and ceded lands. This rule responds to tribal requests for U.S. Fish and Wildlife Service (hereinafter Service or we) recognition of their authority to regulate hunting under established guidelines. This rule allows

the establishment of season bag limits and, thus, harvest at levels compatible with populations and habitat conditions.

DATES: This rule takes effect on September 24, 2011.

ADDRESSES: You may inspect comments received on the proposed special hunting regulations and tribal proposals during normal business hours in room 4107, Arlington Square Building, 4501 N. Fairfax Drive, Arlington, VA, or at <http://www.regulations.gov>.

SUPPLEMENTARY INFORMATION:

Background

The Migratory Bird Treaty Act of July 3, 1918 (40 Stat. 755; 16 U.S.C. 703 *et seq.*), authorizes and directs the Secretary of the Department of the Interior, having due regard for the zones of temperature and for the distribution, abundance, economic value, breeding habits, and times and lines of flight of migratory game birds, to determine when, to what extent, and by what

means such birds or any part, nest, or egg thereof may be taken, hunted, captured, killed, possessed, sold, purchased, shipped, carried, exported, or transported.

In the August 8, 2011, **Federal Register** (76 FR 48694), we proposed special migratory bird hunting regulations for the 2011–12 hunting season for certain Indian tribes, under the guidelines described in the June 4, 1985, **Federal Register** (50 FR 23467). The guidelines respond to tribal requests for Service recognition of their reserved hunting rights, and for some tribes, recognition of their authority to regulate hunting by both tribal members and nonmembers on their reservations. The guidelines include possibilities for:

(1) On-reservation hunting by both tribal members and nonmembers, with hunting by nontribal members on some reservations to take place within Federal frameworks but on dates different from those selected by the surrounding State(s);

(2) On-reservation hunting by tribal members only, outside of usual Federal frameworks for season dates and length, and for daily bag and possession limits; and

(3) Off-reservation hunting by tribal members on ceded lands, outside of
