

Floodplain Restoration Ecosystem Service Valuation Survey. The planned removal of two hydroelectric dams on the Elwha River would be one of the largest dam removal projects in U.S. history. This project, along with restoration actions planned for the floodplain and drained reservoir basins, would have numerous impacts to people of the surrounding region. Impacted groups include recreators who engage in river activities such as fishing and rafting, reservoir users, and members of American Indian Tribes for whom the river has cultural, environmental, and economic significance. The dam removal and restoration actions could also have value to people throughout the Pacific Northwest and the U.S., regardless of whether they visit the Elwha River or Olympic Peninsula. Such nonuse value may be significant because the dam removal and habitat restoration will restore the river to more natural conditions and will restore threatened and endangered populations of salmon and other fish species. This project will also address an important gap in research on indirect and nonuse values provided by habitat restoration and protection.

To ensure the survey questions and policy scenarios presented in this survey are accurate, easily understood, and the least burdensome, it is important to test the survey with small focus groups and in one-on-one interviews.

**SUPPLEMENTARY INFORMATION:**

**Background**

On May 31, 2011, the Department of Commerce ("Department") initiated an antidumping duty investigation on high pressure steel cylinders from the People's Republic of China.<sup>1</sup> The *Initiation Notice* stated that, in accordance with section 733(b)(1)(A) of the Tariff Act of 1930, as amended ("Act"), unless postponed, the Department would issue its preliminary determination no later than 140 days after the date of issuance of the initiation. The preliminary determination for this investigation is currently due no later than October 18, 2011.

**Postponement of Preliminary Determination**

Section 733(c)(1)(A) of the Act and 19 CFR 351.205(e) state that if the petitioner makes a timely request for an extension, the Department may postpone the period for making a preliminary determination until no later than the 190th day after the date on which the administering authority initiated the investigation. On September 8, 2011, Norris Cylinder Company ("Petitioner") made a timely request, pursuant to 19 CFR 351.205(e), for a postponement of the preliminary determination to allow the Department and Petitioner adequate time to thoroughly review and analyze the information submitted by the company

selected for individual examination. For the reason identified above and because there are no compelling reasons to deny the request, pursuant to section 733(c)(1)(A) of the Act, the Department is postponing the deadline for the preliminary determination until the 190th day after the day on which the investigation was initiated. Accordingly, the deadline for completion of the preliminary determination is now no later than Wednesday, December 7, 2011.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

**Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Extension of Time Limit for Preliminary Results of the New Shipper Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**DATES:** *Effective Date:* September 27, 2011.

**FOR FURTHER INFORMATION CONTACT:** Emeka Chukwudebe, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; *telephone:* (202) 482-0219.

**Background**

On August 12, 2003, the Department of Commerce ("Department") published in the **Federal Register**, the antidumping duty order on certain frozen fish fillets from the Socialist Republic of Vietnam ("Vietnam").<sup>1</sup> On February 28, 2011, pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended ("Act"), the Department received a properly filed new shipper review request from Thuan An Production Trading & Services Co., Ltd. ("TAFISHCO"). On March 31, 2011, the Department published a notice of initiation for the new shipper review of

<sup>1</sup> See *Notice of Antidumping Duty Order: Certain Frozen Fish Fillets from the Socialist Republic of Vietnam*, 68 FR 47909 (August 12, 2003).

certain frozen fish fillets from Vietnam covering the period August 1, 2010, through January 31, 2011.<sup>2</sup> On June 23, 2011, the Department extended the deadline for parties to submit surrogate country selection comments and surrogate value data.<sup>3</sup> On August 5, 2011, the Department extended the deadline for parties to file rebuttal surrogate country and surrogate value comments.<sup>4</sup> Between July 22, 2011, and August 12, 2011, the Department received surrogate country and surrogate value comments from interested parties. On September 12, 2011, the Department issued a second supplemental questionnaire to the respondent, requesting additional information regarding both its U.S. sale and factors of production. The preliminary results for this new shipper review are currently due on September 20, 2011.

#### Extension of Time Limits for Preliminary Results

Section 751(a)(2)(B)(iv) of the Act and 19 CFR 351.214(i)(1), requires the Department to issue the preliminary results in a new shipper review of an antidumping duty order 180 days after the date on which the new shipper review was initiated. The Department may however, extend the deadline for completion of the preliminary results of a new shipper review to 300 days if it determines that the case is extraordinarily complicated. See 19 CFR 351.214(i)(2).

The Department determines that this new shipper review involves extraordinarily complicated methodological issues, including the need to analyze the information requested in the recently issued supplemental questionnaire, as well as, information pertaining to the *bona fide* nature of the new shipper's sale. In addition, parties have submitted voluminous surrogate country comments and surrogate value data, and

thus, the Department will require additional time to analyze these data. We are therefore extending the time for the completion of the preliminary results of this review by 45 days to November 4, 2011.

This notice is published in accordance with sections 751(a)(2)(B)(iv) and 777(i) of the Act.

#### Visiting Committee on Advanced Technology

**AGENCY:** National Institute of Standards and Technology, Department of Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The Visiting Committee on Advanced Technology (VCAT or Committee), National Institute of Standards and Technology (NIST), will meet Tuesday, October 18, 2011, from 8:30 a.m. to 5 p.m. and Wednesday, October 19, 2011, from 8:30 a.m. to 3 p.m. The VCAT is composed of fifteen members appointed by the Under Secretary of Commerce for Standards and Technology who are eminent in such fields as business, research, new product development, engineering, labor, education, management consulting, environment, and international relations.

**DATES:** The VCAT will meet on Tuesday, October 18, 2011, from 8:30 to 5 p.m. and Wednesday, October 19, 2011, from 8:30 a.m. to 3 p.m.

**ADDRESSES:** The meeting will be held in the Portrait Room, Administration Building, at NIST, Gaithersburg, Maryland. Please note admittance instructions under the **SUPPLEMENTARY INFORMATION** section of this notice.

**FOR FURTHER INFORMATION CONTACT:** Stephanie Shaw, Visiting Committee on Advanced Technology, National Institute of Standards and Technology, Gaithersburg, Maryland 20899-1060, telephone number 301-975-2667. Ms. Shaw's e-mail address is [Stephanie.shaw@nist.gov](mailto:Stephanie.shaw@nist.gov).

#### SUPPLEMENTARY INFORMATION:

**Authority:** 15 U.S.C. 278.

The purpose of this meeting is to review and make recommendations regarding general policy for the Institute, its organization, its budget, and its programs within the framework of applicable national policies as set forth by the President and the Congress. The agenda will include an update on NIST, open sessions of the VCAT Subcommittee on Public Safety Networks and the VCAT Subcommittee on Manufacturing, and presentations on the Subcommittee's recommendations for deliberation by the full Committee. Recommendations from the Public Safety Networks Subcommittee will cover the key architectural elements of a next generation wireless communication network. The Manufacturing Subcommittee's recommendations will address the structure and role of the Advanced Manufacturing Technology Consortia, a proposed new public-private partnership program. The Committee also will hold a wrap-up discussion including plans for future VCAT subcommittee activities and the 2011 VCAT Annual Report. The agenda may change to accommodate Committee business. The final agenda will be posted on the NIST Web site at <http://www.nist.gov/director/vcat/agenda.cfm>.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the Committee's affairs are invited to request a place on the agenda. On October 18, 2011, approximately one-half hour will be reserved in the afternoon for public comments and speaking times will be assigned on a first-come, first-serve basis. The amount of time per speaker will be determined by the number of requests received, but is likely to be about 3 minutes each. The exact time for public comments will be included in the final agenda that will be posted on the NIST Web site at <http://www.nist.gov/director/vcat/agenda.cfm>. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements to the VCAT, National Institute of Standards and Technology, 100 Bureau Drive, MS 1060, Gaithersburg, Maryland, 20899, via fax at 301-948-1936 or electronically by e-mail to [gail.ehrlich@nist.gov](mailto:gail.ehrlich@nist.gov).

All visitors to the NIST site are required to pre-register to be admitted. Please submit your name, time of arrival, e-mail address and phone number to Stephanie Shaw by close of
