

Further, many Market-Makers have multiple connections into the Exchange due to capacity- and speed-related demands. Orders routed by the same Market-Makers via different connections may, in certain circumstances, trade against each other. Finally, the Exchange notes that offering the MMTP modifiers will streamline certain regulatory functions by reducing false positive results that may occur on Exchange-generated wash trading surveillance reports when orders are executed by the same Market-Maker. For these reasons, the Exchange believes the MMTP Order provides Market-Makers enhanced order processing functionality to prevent potentially unwanted trades from occurring.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act<sup>5</sup> and the rules and regulations thereunder and, in particular, the requirements of Section 6(b) of the Act.<sup>6</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>7</sup> requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts, to remove impediments to and to perfect the mechanism for a free and open market and a national market system, and, in general, to protect investors and the public interest. The proposed rule change advances these objectives by making available to Market-Makers a type of order that will assist Market-Makers in preventing unwanted executions against themselves.

### B. Self-Regulatory Organization's Statement on Burden on Competition

C2 does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The proposed rule change is filed for immediate effectiveness pursuant to

Section 19(b)(3)(A)<sup>8</sup> of the Securities Exchange Act of 1934 and Rule 19b-4(f)(6)<sup>9</sup> thereunder because it effects a change that (i) Does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

routing standardized equity and index options. Specifically, NOM proposes to increase pricing for the Penny Pilot<sup>3</sup> Options (“Penny Options”) with respect to the Customer Rebate to Add Liquidity.

While changes pursuant to this proposal are effective upon filing, the Exchange has designated these changes to be operative for transactions on October 3, 2011.

The text of the proposed rule change is available on the Exchange’s Web site at <http://www.nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

**II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change*

1. Purpose

NASDAQ is proposing to modify Exchange Rule 7050 governing the rebates and fees assessed for option orders entered into NOM. The Exchange is proposing to modify pricing for the Customer Rebate to Add Liquidity in Penny Options by amending Rebates to Add Liquidity and eliminating certain tiers.

The Exchange currently pays a Customer Rebate to Add Liquidity in Penny Options based on six volume tiers as follows:

	Monthly volume	Rebate to add liquidity
Tier 1 .....	Participant adds Customer liquidity of up to 24,999 contracts per day in a month ...	\$0.26.
Tier 2(a) .....	Participant adds Customer liquidity of 25,000–59,999 contracts per day in a month	\$0.34.
Tier 2(b) .....	Participant (1) qualifies for Tier 2(a) above, and (2) adds Customer liquidity of 750,000 contracts during the period from September 6 through September 30, 2011.	\$0.36 for Customer Liquidity added from September 6 through September 30, 2011.
Tier 3 .....	Participant adds Customer liquidity of 60,000–124,999 contracts per day in a month.	\$0.38.
Tier 4 .....	Participant adds Customer liquidity of 125,000 or more contracts per day in a month.	\$0.40.
Tier 5 <sup>a</sup> .....	Participant adds (1) Customer liquidity of 60,000 or more contracts per day in a month, and (2) NOM Market Maker liquidity of 60,000 or more contracts per day in a month.	\$0.40.
Tier 6(a) .....	Participant adds Customer liquidity of 25,000 or more contracts per day in a month, and (2) the Participant simultaneously qualifies for credit under the Investor Support Program set forth in Rule 7014.	\$0.35.
Tier 6(b) .....	Participant (1) Qualifies for Tier 6(a) above, and (2) adds Customer liquidity of 750,000 contracts during the period from September 6 through September 30, 2011.	\$0.37 for Customer Liquidity added from September 6 through September 30, 2011.

The Exchange is proposing to: (i) Increase the Tier 2(a) Rebate to Add Liquidity from \$0.34 per contract to \$0.36 per contract and amend the title from “Tier 2(a)” to “Tier 2”; (ii) increase the Tier 6 Rebate to Add Liquidity from \$0.35 per contract to \$0.37 per contract and amend the title from “Tier 6(a)” to “Tier 6”; and (iii) eliminate Tier 2(b) and Tier 6(b) language, which as of October 3, 2011 will be outdated as those terms expired after September 30, 2011.

The Exchange adopted these monthly volume achievement tiers in September 2011.<sup>4</sup> The Exchange subsequently

offered a monthly volume target for NOM Participants that qualified for Tiers 2 and 6.<sup>5</sup> Specifically, firms that qualified for Tier 2 by adding Customer Liquidity in Penny Options of 25,000 to 59,999 contracts per day for the month could receive a \$0.02 per contract Rebate to Add Liquidity by contributing 750,000 contracts of Customer liquidity in Penny Options between September 6 and September 30, 2011. Also, firms that qualify for Tier 6 by adding Customer Liquidity in Penny Options of 25,000 or more contracts per day for the month and also qualifying for a credit under NASDAQ’s Investor Support

Program (set forth in Rule 7014),<sup>6</sup> could receive a \$0.02 per contract Rebate to Add Liquidity by contributing 750,000 contracts of Customer liquidity in Penny Options between September 6 and September 30, 2011. These two incentives expired on close of business September 30, 2011 and will not be offered as of October 3, 2011. The Exchange is therefore proposing to delete the text associated with Tiers 2(b) and 6(b) as that text is outdated.

The Exchange believes the existing monthly volume thresholds have incentivized firms that route Customer orders to the Exchange to increase

Customer order flow to the Exchange. The Exchange desires to continue to encourage firms that route Customer orders to increase Customer order flow to the Exchange by offering greater Customer rebates for greater liquidity added to the Exchange. The Exchange is proposing two amendments to the Rebate to Add Liquidity tiers in addition to the elimination of the aforementioned language in Tier 2(b) and Tier 6(b).

First, the Exchange is proposing to increase the rebate for newly named Tier 2 firms that add between 25,000 and 59,999 contracts per day in month<sup>7</sup> from a \$0.34 per contract Rebate to Add Liquidity to a \$0.36 per contract Rebate to Add Liquidity. The Exchange believes that the increased rebate will further incentivize firms to continue to contribute between 25,000 and 59,999 contracts per day.

Second, the Exchange is proposing to increase the rebate for newly named Tier 6 from a \$0.35 per contract Rebate to Add Liquidity to a \$0.37 per contract Rebate to Add Liquidity. Tier 6 firms are required to meet two criteria: (1) Provide 25,000 or more contracts per day in a month;<sup>8</sup> and (2) the Participant simultaneously qualifies for credit under the Investor Support Program as set forth in Rule 7014.<sup>9</sup> By meeting the two criteria, Participants will receive a \$0.01 per contract rebate increase (\$0.37 per contract for meeting both criteria as opposed to \$0.36 per contract for meeting only the first of the two criteria and therefore only qualifying for a Tier 2 rebate). This proposal will continue to amount to a rebate of \$0.01 per contract higher for any contracts between 25,000 and 59,999 per day for qualifying participants in both markets (\$0.37 per contract as proposed in Tier 6) versus those that participate and qualify only on NOM (\$0.36 per contract as proposed in Tier 2). The rebate in Tier 6 is proposed to continue to incentivize participants in the Exchange's equity markets to also participate in the Exchange's options market.

The Exchange is not proposing any amendments to Tiers 1, 3, 4, and 5.

## 2. Statutory Basis

NASDAQ believes that the proposed rule changes are consistent with the provisions of Section 6 of the Act,<sup>10</sup> in

<sup>7</sup> The per day average is based on a month containing 20 trading days, in this case between 500,000 and 799,999 [sic] contracts of liquidity per month.

<sup>8</sup> The per day average is based on a month containing 20 trading days, in this case 500,000 contracts of liquidity per month.

<sup>9</sup> See Rule 7014. See also note 6.

<sup>10</sup> 15 U.S.C. 78f.

general, and with Section 6(b)(4) of the Act,<sup>11</sup> in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls.

The Exchange believes that the proposed new pricing tiers are equitable, reasonable and not unfairly discriminatory because they continue an existing program to encourage broker-dealers acting as agent for Customer orders to select the Exchange as a venue to post Customer orders. The Exchange believes that its success at attracting Customer order flow benefits all market participants by improving the quality of order interaction and executions at the Exchange.

The Exchange believes that the proposed increased rebates for Tiers 2 and 6 are reasonable because as explained herein, the Exchange is seeking to further incentivize Participants to add liquidity to the Exchange. In addition, with respect to Tier 6, the Exchange believes the increased Rebates to Add Liquidity will incentivize participants in the Exchange's equity markets to also participate in the Exchange's options market.

The Exchange believes that the proposed increased rebates for Tiers 2 and 6 are equitable and not unfairly discriminatory because the proposed Rebates to Add Liquidity will apply to all Customer order flow in a uniform manner. All Customers will have the opportunity to earn even higher rebates by adding liquidity and obtaining higher tier rebates as compared to all other market participants.

The Exchange believes that its proposal to eliminate outdated language in Tier 2(b) and Tier 6(b) is reasonable and equitable because the elimination of outdated language will provide clarity to Exchange Rule 7050.

The Exchange operates in a highly competitive market comprised of nine U.S. options exchanges in which sophisticated and knowledgeable market participants can and do send order flow to competing exchanges if they deem fee levels at a particular exchange to be excessive or rebate opportunities to be inadequate. The Exchange believes that the proposed rebate scheme is competitive and similar to other rebates and tiers opportunities in place on other exchanges. The Exchange believes that this competitive marketplace materially impacts the rebates present on the

Exchange today and substantially influenced the proposal set forth above.

## B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

## C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act<sup>12</sup> and paragraph (f)(2) of Rule 19b-4<sup>13</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-65382; File No. SR-FINRA-2011-050]

### Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Update Rule Cross-References and Make Non-Substantive Technical Changes to Certain FINRA and NASD Rules

September 22, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on September 14, 2011, Financial Industry Regulatory Authority, Inc. ("FINRA") (f/k/a National Association of Securities Dealers, Inc. ("NASD")) filed with the Securities and Exchange Commission

("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a "non-controversial" rule change under paragraph (f)(6) of Rule 19b-4 under the Act,<sup>3</sup> which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to update cross-references within certain FINRA rules to reflect changes adopted in the consolidated FINRA rulebook and to make non-substantive technical changes to certain FINRA and NASD Rules.

The text of the proposed rule change is available on FINRA's Web site at <http://www.finra.org>, at the principal office of FINRA and at the Commission's Public Reference Room.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, Proposed Rule Change

###### 1. Purpose

FINRA is in the process of developing a new consolidated rulebook ("Consolidated FINRA Rulebook").<sup>4</sup> That process involves FINRA submitting

<sup>3</sup> 17 CFR 240.19b-4(f)(6).

<sup>4</sup> The current FINRA rulebook consists of (1) FINRA Rules; (2) NASD Rules; and (3) rules incorporated from NYSE ("Incorporated NYSE Rules") (together, the NASD Rules and Incorporated NYSE Rules are referred to as the "Transitional Rulebook"). While the NASD Rules generally apply to all FINRA members, the Incorporated NYSE Rules apply only to those members of FINRA that are also members of the NYSE ("Dual Members"). The FINRA Rules apply to all FINRA members, unless such rules have a more limited application by their terms. For more information about the rulebook consolidation process, see *Information Notice*, March 12, 2008 (Rulebook Consolidation Process).

to the Commission for approval a series of proposed rule changes over time to adopt rules in the Consolidated FINRA Rulebook. The phased adoption and implementation of those rules necessitates periodic amendments to update rule cross-references and other non-substantive technical changes in the Consolidated FINRA Rulebook.

The proposed rule change would update rule cross-references to reflect changes adopted in the Consolidated FINRA Rulebook. In this regard, the proposed rule change would update references in FINRA Rule 9217 (Violations Appropriate for Disposition Under Plan Pursuant to SEA Rule 19d-1(c)(2)) that are needed as the result of Commission approval of a recent FINRA proposed rule changes [sic].<sup>5</sup> Furthermore, the proposed rule change would make a technical change to paragraph (m) of FINRA Rule 7410 (Definitions) to update FINRA's definition of "Program Trade" to correspond with that of the NYSE Rule 132B.<sup>6</sup>

The proposed rule change would also delete from FINRA Manual the Series heading for NASD Rule 3200 (Settlement) to reflect that the NASD Rule 3200 Series has been replaced by FINRA Rules 4311, 4320, and 5330.<sup>7</sup>

FINRA has filed the proposed rule change for immediate effectiveness. The implementation date for the proposed rule changes to FINRA Rules 7410, 9217, and NASD Rule 3200 will be October 17, 2011.

###### 2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,<sup>8</sup> which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes the
