Federal Emergency Management Agency

44 CFR Part 65

[Docket ID FEMA-2011-0002; Internal Agency Docket No. FEMA-B-1219]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.
ACTION: Interim rule.

SUMMARY: This interim rule lists communities where modification of the Base (1% annual-chance) Flood Elevations (BFEs) is appropriate because of new scientific or technical data. New flood insurance premium rates will be calculated from the modified BFEs for new buildings and their contents.

DATES: These modified BFEs are currently in effect on the dates listed in the table below and revise the Flood Insurance Rate Maps (FIRMs) in effect prior to this determination for the listed communities.

From the date of the second publication of these changes in a newspaper of local circulation, any person has ninety (90) days in which to request through the community that the Deputy Federal Insurance and Mitigation Administrator reconsider the

changes. The modified BFEs may be changed during the 90-day period.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-4064, or (e-mail) Luis.Rodriguez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The modified BFEs are not listed for each community in this interim rule. However, the address of the Chief Executive Officer of the community

where the modified BFE determinations are available for inspection is provided.

Any request for reconsideration must be based on knowledge of changed conditions or new scientific or technical data.

The modifications are made pursuant to section 201 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that

the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. The changes in BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act. This interim rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This interim rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This interim rule involves no policies that have federalism implications under Executive Order 13132, Federalism.

Executive Order 12988, Civil Justice Reform. This interim rule meets the applicable standards of Executive Order 12988.

I. Regulatory History

We did not publish a notice of proposed rulemaking (NPRM) for this rule. Under 5 U.S.C. 553(b)(A) and (b)(B) the Coast Guard finds this rule is exempt from notice and comment rulemaking requirements because these changes involve rules of agency organization, procedure, or practice. In addition, good cause exists for not publishing an NPRM for all revisions in the rule because the revisions are all non-substantive changes. This rule consists only of corrections and editorial, organizational, and conforming amendments. These changes will have no substantive effect on the public. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that, for the same reasons, good cause exists for making this rule effective upon publication in the **Federal Register**.

II. Background

Each year, the printed editions of Titles 46 and 49 of the Code of Federal Regulations are recodified on October 1. This rule, which becomes effective September 30, 2011, makes technical and editorial corrections throughout Titles 46 and 49. This rule does not create any substantive requirements.

III. Basis and Purpose

This rule amends 46 CFR 1.03-15 to change the addressee for appeals involving decisions or actions of the Director, Great Lakes Pilotage from CG-5 to CG-55 to better reflect the agency organization of the Coast Guard.

This rule amends 46 CFR 2.10-20 by changing the mailing address for payment of fees related to vessel inspections. We also reformatted the paragraph by creating separate

paragraphs broken down by type of fee, i.e., one subparagraph for payment of Certificate of Inspection and Certificate of Compliance fees and a second subparagraph for payment of Overseas Inspection fees. We then created subparagraphs broken down by method of payment, i.e., credit card, check by postal service, and check by overnight courier. This reformatting does not change any substantive requirements, but was done to make it easier to find the correct mailing address for the type of inspection and the method of payment.

This rule amends 46 CFR 4.05-1 so that it refers to § 160.204, the section for definitions, instead of referring to section 160.203, the section for exemptions.

This rule amends 46 CFR 62.35-5 to change the word "then" to "than" and to remove the reference to subparagraph (a) in the citation to § 62.35-35(a) as this subparagraph no longer exists.

This rule amends 46 CFR 111.79-9 by removing the reference to § 111.79-7, which no longer exists, and replacing it with §§ 111.79-1(d) and 111.79-3 where the requirements of former § 111.79-7 were moved by the Coast Guard's "Amendment to Electrical Engineering Requirements for Merchant Vessels" 61 FR 28260 (June 4, 1996).

This rule amends 46 CFR 120.312 by removing the reference to 46 CFR 111.10-11, which no longer exists.

This rule amends 46 CFR 129.510 to remove the reference to subpart 160.115 which does not exist, and put in its place subpart 160.151, which is the correct subpart related to inflatable liferafts.

This rule amends 46 CFR 133.135 to change the approval series number from 160.056 to 160.156, the correct approval series number. The 160.156 approval series number was published correctly in 1996 in the Coast Guard's "Lifesaving Equipment Rule" 61 FR 25272, at 25308, May 20, 1996, but was erroneously changed in the 2000 Coast Guard "Technical Amendment" 65 FR 58455, at 58463, September 29, 2000.

This rule amends 46 CFR 401.110 by replacing the reference to the Department of Transportation with the Department of Homeland Security in the definition of "Secretary" because the Coast Guard is no longer an agency of the Department of Transportation (DOT), and is now an agency of the Department of Homeland Security (DHS).

This rule amends 46 CFR 402.210 to correct a grammatical error by replacing the word "or" with the word "to".

This rule amends 49 CFR parts 450, 451, 452, and 453 to correct the
