

also serve a copy of the document on that resource agency.

l. *Description of Project:* The Big Willow Hydroelectric Project consists of: (1) A building containing one turbine generating unit having an installed capacity of 511 kilowatts; and (2) appurtenant facilities. The project's average annual generation is 1,414,329 kilowatt-hours.

m. This filing is available for review and reproduction at the Commission in the Public Reference Room, Room 2A, 888 First Street, NE., Washington, DC 20426. The filing may also be viewed on the web at <http://www.ferc.gov/docs-filing/elibrary.asp> using the "eLibrary" link. Enter the docket number, P-14220, in the docket number field to access the document. For assistance, call toll-free 1-866-208-3676 or e-mail FERCOnlineSupport@ferc.gov. For TTY, call (202) 502-8659. A copy is also available for review and reproduction at the address in item h above.

n. *Development Application*—Any qualified applicant desiring to file a competing application must submit to the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

o. *Notice of Intent*—A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit a competing development application. A notice of intent must be served on the applicant(s) named in this public notice.

p. *Protests or Motions To Intervene*—Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

q. All filings must (1) bear in all capital letters the title "PROTEST", "MOTION TO INTERVENE", "NOTICE OF INTENT TO FILE COMPETING

APPLICATION", "COMPETING APPLICATION", "COMMENTS", "REPLY COMMENTS," "RECOMMENDATIONS," "TERMS AND CONDITIONS," or "PRESCRIPTIONS;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Any of these documents must be filed by providing the original and seven copies to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. An additional copy must be sent to Director, Division of Hydropower Administration and Compliance, Office of Energy Projects, Federal Energy Regulatory Commission, at the above address. A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

r. *Waiver of Pre-Filing Consultation:* On March 9, 2011, the applicant requested the agencies to support the waiver of the Commission's consultation requirements under 18 CFR 4.38(c). On April 5 and May 11, 2011, the U.S. Fish and Wild Life Service and the Utah Resource Development Coordinating Committee, respectively, concurred with this request. Therefore, we intend to accept the consultation that has occurred on this project during the pre-filing period and we intend to waive pre-filing consultation under section 4.38(c), which requires, among other things, conducting studies requested by resource agencies, and distributing and consulting on a draft exemption application.

North American Electric Reliability Corporation; Notice of Technical Conference

Take notice that the Federal Energy Regulatory Commission (Commission) will hold a staff-led Technical Conference to discuss issues related to the interpretations of Reliability Standard CIP-006-2 in the above-referenced docket. The Technical Conference will be held on Tuesday, October 25, 2011, from 9 a.m. to 1 p.m. (EST) in the Commission Meeting Room at the Commission's headquarters at 888 First Street, NE., Washington, DC 20426. The Technical Conference will be open for the public to attend and advance registration is not required.

The Technical Conference will explore the risks of leaving dial-up intelligent electronic devices that are part of the Bulk-Power System and that use non-routable protocols physically unprotected. The Commission is interested in: (1) Information on the number of Bulk-Power System assets that are networked using non-routable protocols; (2) the proportion of those assets that are currently physically unprotected; (3) the risks associated with leaving such assets physically unprotected; and (4) methods for mitigating such risks.

The Technical Conference will also explore monitoring physical access not only when authorized personnel enter a controlled access area, such as the physical security perimeter to critical cyber assets, but also when authorized personnel leave the controlled access area. The Commission is interested in the level of security attained by monitoring both physical ingress and egress into controlled access areas.

Those interested in speaking at the conference should notify the Commission by close of business October 7, 2011 by completing an online form describing the topics that they wish to address: <https://www.ferc.gov/whats-new/registration/naerc-10-25-speaker-form.asp>. Due to time constraints, we may not be able to accommodate all those interested in speaking. The Commission will issue a subsequent notice that will provide the detailed agenda, including panel speakers.

A free webcast of this event is available through <http://www.ferc.gov>. Anyone with Internet access who desires to view this event can do so by

navigating to www.ferc.gov's Calendar of Events and locating this event in the calendar. The event will contain a link to its webcast. The Capitol Connection provides technical support for the free webcasts. It also offers access to this event via television in the DC area and via phone bridge for a fee.

FERC conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an e-mail to accessibility@ferc.gov or call toll free (866) 208-3372 (voice) or (202) 502-8659 (TTY), or send a fax to (202) 208-2106 with the requested accommodations.

For further information please contact Sarah McKinley at (202) 502-8368 or sarah.mckinley@ferc.gov.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9473-6; Docket ID No. EPA-HQ-ORD-2011-0050]

Draft Integrated Science Assessment for Ozone and Related Photochemical Oxidants

AGENCY: Environmental Protection Agency.

ACTION: Notice of Public Comment Period.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is announcing the availability of the second external review draft of a document titled, "Second External Review Draft Integrated Science Assessment for Ozone and Related Photochemical Oxidants" (EPA/600/R-10/076B). The document was prepared by the National Center for Environmental Assessment (NCEA) within EPA's Office of Research and Development as part of the review of the national ambient air quality standards (NAAQS) for ozone.

EPA is releasing this draft document to seek review by the Clean Air Scientific Advisory Committee (CASAC) and the public (meeting date and location to be specified in a separate Federal Register notice). The draft document does not represent and should not be construed to represent any final EPA policy, viewpoint, or determination. EPA will consider any public comments submitted in response to this notice when revising the document.
