Foreign-Trade Zones Board

[Docket 58–2011]

Foreign-Trade Zone 275—Lansing, MI; Application for Reorganization Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Capital Region International Airport, grantee of FTZ 275, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the Board (74 FR 1170, 1/12/09 (correction 74 FR 3987, 1/22/09); 75 FR 71069–71070, 11/22/10). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the Board’s standard 2,000-acreactivation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on September 23, 2011.

FTZ 127 was approved by the Board on July 2, 1986 (Board Order 333, 51 FR 25075, 7/10/86). The current zone project includes the following sites: Site 1 (109 acres)—Richland-Lexington Airport District, 125A Summer Lake Drive, West Columbia; and, Site 2 (44 acres, expires 3/30/13)—Urban Outfitters, Inc., Edgefield Industrial Park, 30 Industrial Park Blvd., Trenton. The grantee’s proposed service area under the ASF would be Aiken, Allendale, Bamberg, Barnwell, Calhoun, Clarendon, Edgefield, Fairfield, Kershaw, Lee, Lexington, McCormick, Newberry, Richland, Saluda, and Sumter Counties, South Carolina, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The proposed service area is within and adjacent to the Columbia Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize and expand its existing zone project to include Site 1 as a “magnet” site and temporary Site 2 as a “usage-driven” site. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes...
that Site 1 be so exempted. Because the ASF only pertains to establishing or reorganizing a general-purpose zone, the application would have no impact on FTZ 127’s authorized subzones.

In accordance with the Board’s regulations, Kathleen Boyce of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is December 2, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 19, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s website, which is accessible via http://www.trade.gov/ftz. For further information, contact Kathleen Boyce at Kathleen.Boyce@trade.gov or (202) 482–1346.

Dated: September 23, 2011.
Andrew McGilvray,
Executive Secretary.

SUPPLEMENTARY INFORMATION:

Background

The Department has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various antidumping and countervailing duty orders and findings with August anniversary dates. The Department also received timely requests to revoke in part the antidumping duty orders on Certain Corrosion-Resistant Carbon Steel Flat Products from the Republic of Korea for one exporter, on Light-Walled Rectangular Pipe and Tube from Mexico for one exporter, and on Certain Frozen Fish Fillets from the Socialist Republic of Vietnam with respect to three exporters.

All deadlines for the submission of various types of information, certifications, or comments or actions by the Department discussed below refer to the number of calendar days from the applicable starting time.

Notice of No Sales

If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of

review (“POR”), it must notify the Department within 60 days of publication of this notice in the Federal Register. All submissions must be filed electronically at http://iaaccess.trade.gov in accordance with 19 CFR 351.303. See Antidumping and Countervailing Duty Proceedings: Electronic Filing Procedures; Administrative Protective Order Procedures, 76 FR 39263 (July 6, 2011). Such submissions are subject to verification in accordance with section 782(i) of the Tariff Act of 1930, as amended (“Act”). Further, in accordance with 19 CFR 351.303(f)(3)(ii), a copy of each request must be served on the petitioner and each exporter or producer specified in the request.

Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews, the Department intends to select respondents based on U.S. Customs and Border Protection (“CBP”) data for U.S. imports during the POR. We intend to release the CBP data under Administrative Protective Order (“APO”) to all parties having an APO within seven days of publication of this initiation notice and to make our decision regarding respondent selection within 21 days of publication of this Federal Register notice. The Department invites comments regarding the CBP data and respondent selection within five days of placement of the CBP data on the record of the applicable review.

In the event the Department decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Act:

In general, the Department has found that determinations concerning whether particular companies should be “collapsed” (i.e., treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, the Department will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this antidumping proceeding (i.e., investigation, administrative review, new shipper review or changed circumstances review). For any company subject to this review, if the Department determined,
