

included as part of the public comment. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: Generally, documents in the docket for this action are available electronically at <http://www.regulations.gov> and in hard copy at EPA Region IX, 75 Hawthorne Street, San Francisco, California. While all documents in the docket are listed at <http://www.regulations.gov>, some information may be publicly available only at the hard copy location (e.g., copyrighted material, large maps), and some may not be publicly available in either location (e.g., CBI). To inspect the hard copy materials, please schedule an appointment during normal business hours with the contact listed in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: David Grounds, EPA Region IX, (415) 972-3019, grounds.david@epa.gov.

SUPPLEMENTARY INFORMATION: This proposal addresses the following local rules: SMAQMD Rule 464 (Organic Chemical Manufacturing Operations), VCAPCD Rule 74.29 (Soil Decontamination), and PCAPCD Rule 243 (Polyester Resin Operations). In the Rules and Regulations section of this **Federal Register**, we are approving these local rules in a direct final action without prior proposal because we believe these SIP revisions are not controversial. If we receive adverse comments, however, we will publish a timely withdrawal of the direct final rule and address the comments in subsequent action based on this proposed rule. Please note that if we receive adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, we may adopt as final those provisions of the rule that are not the subject of an adverse comment.

We do not plan to open a second comment period, so anyone interested in commenting should do so at this time. If we do not receive adverse comments, no further activity is planned. For further information, please see the direct final action.

Dated: August 16, 2011.

Jared Blumenfeld,

Regional Administrator, Region IX.

Proposed Flood Elevation Determinations

Correction

In proposed rule document 2010-31549 appearing on pages 78664-78666 in the issue of December 16, 2010, make the following correction:

§ 67.4 [Corrected]

On page 78665, in the fifth row from the bottom, immediately beneath the sentence "Maps are available for inspection at the Meeker County Courthouse, 325 Sibley Avenue North, Litchfield, MN 55355.", the heading which was inadvertently omitted from the table, is added to read "Carroll County, Missouri, and Incorporated Areas".

RIN 1660-AA02; Formerly 3067-AC69

Disaster Assistance; Hazard Mitigation Grant Program

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Proposed rule; withdrawal.

SUMMARY: On May 1, 1998, the Federal Emergency Management Agency (FEMA) published a Notice of Proposed Rulemaking (NPRM) to revise the categories of projects eligible for funding under the Hazard Mitigation Grant Program (HMGP). The NPRM proposed to define eligible mitigation activities under the HMGP to include minor flood control projects that do not duplicate the efforts and authorities of other Federal agencies. It proposed to include vegetation management programs for wildfire hazard mitigation and erosion hazard mitigation in the list of eligible activities; it proposed to remove development or improvement of

warning systems from the list of eligible project types; and modified language relating to general, allowable open space, recreational, and wetlands management uses. FEMA is withdrawing the NPRM so that relevant issues involved in the NPRM may be further considered and because portions of it are redundant or outdated.

DATES: The Notice of Proposed Rulemaking published on May 1, 1998 (63 FR 24143), is withdrawn as of October 3, 2011.

ADDRESSES: The Notice of Proposed Rulemaking and this withdrawal notice may be found under Docket ID: FEMA-2011-0004 and are available online by going to <http://www.regulations.gov>, inserting FEMA-2011-0004 in the "Keyword" box, and then clicking "Search." The Docket is also available for inspection or copying at FEMA, 500 C Street, SW., Room 840, Washington, DC 20472.

FOR FURTHER INFORMATION CONTACT: Cecelia Rosenberg, Federal Insurance and Mitigation, DHS/FEMA, 1800 South Bell Street, Arlington, VA 20598-3015. Phone: (202) 646-3321. Facsimile: (202) 646-2880. E-mail: Cecelia.Rosenberg@dhs.gov.

SUPPLEMENTARY INFORMATION:

I. Background

Authorized by section 404 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), 42 U.S.C. 5170c, the Hazard Mitigation Grant Program (HMGP) provides States, Tribes, and local governments financial assistance to implement measures that permanently reduce or eliminate future damages and losses from natural hazards.

The HMGP regulations at 44 CFR part 206, subpart N, address the eligibility of multi-hazard mitigation projects through a list of general eligibility criteria: a project must be cost-effective, be environmentally sound, must address a repetitive problem, and must contribute to a long-term solution. Further, HMGP funds cannot be used to fund projects that are available under other Federal authorities. The regulations also provide a list of eligible types of projects. The project-type listing is not all-inclusive. FEMA published a Notice of Proposed Rulemaking (NPRM) (63 FR 24143, May 1, 1998) proposing the following revisions to the HMGP regulations.

Minor Flood Control Projects

Under the NPRM, minor flood control projects that do not duplicate the flood prevention activities of other Federal agencies would be eligible for HMGP
