Gulf of Mexico Regional Ecosystem Restoration Strategy (Preliminary)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Availability.

SUMMARY: This notice announces the availability of the Gulf of Mexico Regional Ecosystem Restoration Strategy (Preliminary) for public review and feedback. The document is available at <http://www.regulations.gov> in the

docket identified by Docket ID No. EPA-HQ-OA-2011-0798. President Barack Obama established the Gulf Coast Ecosystem Restoration Task Force (Task Force) on October 5, 2010 through Executive Order 13554 for the purpose of coordinating the long-term conservation and restoration of America's Gulf Coast. The Task Force is an intergovernmental advisory body comprised of senior officials from 11 federal cabinet level agencies and the Executive Office of the President, and one representative from each of the five Gulf Coast states, Alabama, Florida, Louisiana, Mississippi, and Texas. The President charged the Task Force to work with state and federal agencies, tribes, communities, stakeholders and the public throughout the Gulf Coast to develop a Gulf of Mexico Ecosystem Restoration Strategy. Additionally, the Task Force was instructed to build upon existing research and ecosystem restoration plans, and to learn from those who are actively involved in ecosystem restoration.

Over the past year the Task Force has engaged with various stakeholders and the public as well as coordinated with other entities that share the Task Force's important goals. The Task Force held at least one public meeting in each of the five Gulf states, which included a public listening session to gather individual input from those most connected to the Gulf ecosystem. In addition to the listening sessions that took place during public meetings, the Task Force held

multiple listening sessions throughout the Gulf in partnership with local government leadership, academics, and non-governmental organizations. The culmination of these efforts has led to the development of the Gulf of Mexico Regional Ecosystem Restoration Strategy (Preliminary), which is being released for public review and feedback.
