6(b)(5) of the Act,\textsuperscript{10} which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices; to promote just and equitable principles of trade; to foster cooperation and coordination with persons engaged in regulating, clearing, settling, and processing information with respect to, and facilitating transactions in securities; to remove impediments to and perfect the mechanism of a free and open market and a national market system; and, in general, to protect investors and the public interest. Section 6(b)(5) also requires that the rules of an exchange not be designed to permit unfair discrimination among customers, issuers, brokers, or dealers.

Recognizing that the Commission has expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an exchange to which it is routing orders, the Exchange previously implemented limitations and conditions to Arca Securities’s affiliation with the Exchange to permit the Exchange to accept orders routed inbound to NYSE Arca by Arca Securities from its affiliates, NYSE Amex and NYSE Arca, on a pilot basis.\textsuperscript{11} The Exchange now seeks to make this pilot permanent, and to more accurately reflect in its rule text its RSA with FINRA. Specifically, the Exchange states it is in compliance with the following obligations and conditions:\textsuperscript{12}

- First, the Exchange will maintain an agreement pursuant to Rule 17d–2 under the Exchange Act with FINRA to relieve the Exchange of regulatory responsibilities for Arca Securities with respect to rules that are common rules between the Exchange and FINRA, and maintain an RSA with FINRA to perform regulatory responsibilities for Arca Securities for unique Exchange rules.
- Second, the RSA will require the Exchange to provide FINRA with information, in an easily accessible manner, regarding all exception reports, alerts, complaints, trading errors, cancellations, investigations, and enforcement matters (collectively “Exceptions”) in which Arca Securities is identified as a participant that has potentially violated Exchange or Commission Rules and of which the Exchange becomes aware, and shall require that FINRA provide a report, at least quarterly, to the Exchange.

The Exchange now seeks to be, and hereby is, approved. The Commission believes that FINRA’s oversight of Arca Securities,\textsuperscript{17} combined with FINRA’s monitoring of Arca Securities’s compliance with the Exchange’s rules and quarterly reporting to NYSE’s CRO, will help to protect the independence of the Exchange’s regulatory responsibilities with respect to Arca Securities.

V. Conclusion

It Is Therefore Ordered, pursuant to Section 19(b)(2) of the Act,\textsuperscript{18} that the proposed rule change (SR–NYSE–2011–45) be, and hereby is, approved.

For the Commission, by the Division ofTrading and Markets, pursuant to delegated authority.\textsuperscript{19}

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend C2 Rule 8.2 Concerning the Market-Maker Registration Cost for SPXPM

September 30, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the
proposes to amend Rule 8.2(d) to having a registration cost of 1.0. The Exchange notes that the new registration cost for SPXPM options will be the initial registration cost because this options class is not currently trading. Thus, to trade SPXPM, a C2 Market-Maker will be required to obtain a dedicated Market-Maker permit. Pursuant to the C2 fee schedule, a Market-Maker permit costs $5,000 per month (additionally the Exchange anticipates adopting an SPXPM Tier Appointment cost in the near future).

Among other reasons, the Exchange believes that the registration cost change for SPXPM is reasonable in light of the fact that it is a new product and the registration cost is comparable to the 1.0 appointment cost for A.M.-settled S&P 500 Index options traded on the Chicago Board Options Exchange, Incorporated (“CBOE”) under CBOE Rule 8.2(c)(iii).

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Act and the rules and regulations under the Act applicable to a national securities exchange and, in particular, the requirements of Section 6(b) of the Act. Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5) Act requirements that the rules of an exchange be designed to promote just and equitable principles of trade, to prevent fraudulent and manipulative acts and, in general, to protect investors and the public interest. Among other reasons, the Exchange believes that the registration cost change for SPXPM is reasonable in light of the fact that it is a new product and the registration cost is comparable to the 1.0 appointment cost for A.M.-settled S&P 500 Index options traded on the CBOE under CBOE Rule 8.2(c)(iii).

B. Self-Regulatory Organization’s Statement on Burden on Competition

C2 does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing rule does not (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, provided that the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change or such shorter time as designated by the Commission, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4(f)(6) thereunder.

The Exchange has requested that the Commission waive the 30-day operative delay period. Waiving the operative delay will enable the Exchange to impose the market-maker registration cost for SPXPM options before the commencement of trading in that options class. Because C2’s proposal for a 1.0 registration cost for SPXPM is comparable to the existing 1.0 registration cost for the similar S&P 500 index option traded on CBOE, C2’s proposal is consistent with CBOE’s current rule and does not raise any new or novel issues. Accordingly, the Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, and designates the proposed rule change to be operative upon filing with the Commission.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
