designated as unsuitable, (2) does not remove more than 250 tons, and (3) does not substantially disturb the natural land surface. The effect of the modified procedures cause MSUMRA to have three tiers of prospecting regulation, rather than the currently approved two tiers. The full text of the program amendment is available for you to read at the locations listed above under ADDRESSES.

III. Public Comment Procedures

Under the provisions of 30 CFR 732.17(h), we are seeking your comments on whether the amendment satisfies the applicable program approval criteria of 30 CFR 732.15. If we approve the amendment, it will become part of the Montana program.

Electronic or Written Comments

If you submit written comments, they should be specific, confined to issues pertinent to the proposed regulations, and explain the reason for any recommended change(s). We appreciate any and all comments, but those most useful and likely to influence decisions on the final regulations will be those that either involve personal experience or include citations to and analyses of SMCRA, its legislative history, its implementing regulations, case law, other pertinent State or Federal laws or regulations, technical literature, or other relevant publications.

We cannot ensure that comments received after the close of the comment period (see DATES) or sent to an address other than those listed above (see ADDRESSES) will be included in the docket for this rulemaking and considered.

Public Availability of Comments

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available in the electronic docket for this rulemaking at http://www.regulations.gov. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Public Hearing

If you wish to speak at the public hearing, contact the person listed under FOR FURTHER INFORMATION CONTACT by 4 p.m., m.d.t. on November 1, 2011. If you are disabled and need reasonable accommodation to attend a public hearing, contact the person listed under FOR FURTHER INFORMATION CONTACT. We will arrange the location and time of the hearing with those persons requesting the hearing. If no one requests an opportunity to speak, we will not hold the hearing.

To assist the transcriber and ensure an accurate record, we request, if possible, that each person who speaks at a public hearing provide us with a written copy of his or her comments. The public hearing will continue on the specified date until everyone scheduled to speak has been given an opportunity to be heard. If you are in the audience and have not been scheduled to speak and wish to do so, you will be allowed to speak after those who have been scheduled. We will end the hearing after everyone scheduled to speak and others present in the audience who wish to speak, have been heard.

Public Meeting

If there is limited interest in participation in a public hearing, we may hold a public meeting rather than a public hearing. If you wish to meet with us to discuss the amendment, please request a meeting by contacting the person listed under FOR FURTHER INFORMATION CONTACT. All such meetings will be open to the public and, if possible we will post notices of meetings at the locations listed under ADDRESSES. We will make a written summary of each meeting a part of the Administrative Record.

IV. Procedural Determinations

Executive Order 12866—Regulatory Planning and Review

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

Other Laws and Executive Orders Affecting Rulemaking

When a State submits a program amendment to OSM for review, our regulations at 30 CFR 732.17(h) require us to publish a notice in the Federal Register indicating receipt of the proposed amendment, its text or a summary of its terms, and an opportunity for public comment. We conclude our review of the proposed amendment after the close of the public comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and executive orders governing the rulemaking process and include them in the final rule.

30 CFR Part 938

[SATS No.: PA–159–FOR; Docket ID: OSM–2010–0017]

Pennsylvania Regulatory Program

AGENCY: Office of Surface Mining Reclamation and Enforcement (OSM), Interior.

ACTION: Proposed rule; reopening and extension of the comment period.

SUMMARY: We are reopening and extending the public comment period on the proposed amendment to the Pennsylvania regulatory program (the “Pennsylvania program”) under the Surface Mining Control and Reclamation Act of 1977 (SMCRA or the Act) published on February 7, 2011. In response to a required program amendment codified in the Federal regulations, Pennsylvania submitted information that it believes demonstrates that sufficient funds exist to guarantee coverage of the full cost of land reclamation at all sites originally permitted and bonded under its now-defunct alternative bonding system. Pennsylvania requested that the program amendment be removed based on the information provided. The comment period is being extended to incorporate subsequent information that we received from Pennsylvania regarding one permit involving land reclamation obligations.

This document gives the times and locations that the Pennsylvania program and this submittal are available for your inspection, the comment period during which you may submit written comments, and the procedures that we will follow for the public hearing, if one is requested.

DATES: We will accept written comments until 4 p.m., local time November 1, 2011.

ADDRESSES: You may submit comments, identified by “SATS No.: PA–159–FOR; Docket ID: OSM–2010–0017” by either of the following two methods:
Federal eRulemaking Portal: http://www.regulations.gov. The proposed rule has been assigned Docket ID: OSM–2010–0017. If you would like to submit comments through the Federal eRulemaking Portal, go to http://www.regulations.gov and follow the instructions.

Instructions: All submissions received must include the agency Docket ID (OSM–2010–0017) for this rulemaking. For detailed instructions on submitting comments and additional information, see the SUPPLEMENTARY INFORMATION section of this document.

FOR FURTHER INFORMATION CONTACT: George Rieger, Telephone: (717) 782–4036. E-mail: grieger@osmre.gov.

SUPPLEMENTARY INFORMATION: On February 7, 2011 (76 FR 6587), we published a proposed rule that was in response to a required program amendment codified in the Federal regulations. The submission included information that Pennsylvania had submitted to demonstrate that sufficient funds exist to guarantee coverage of the full cost of land reclamation at all sites originally permitted and bonded under the now-defunct alternative bonding system. Pennsylvania requested that the program amendment be removed based on the information provided.

On June 13, 2011, [Administrative Record Number PA 802.80], we received additional information from Pennsylvania regarding recent developments involving one permit that was transferred to another company, resulting in the posting of full-cost bond in an amount to cover the land reclamation obligation. Included with this submission is the mining permit, Part C (Authorization to Mine), and the calculation sheet documenting the bond amount.

We are reopening and extending the comment period to incorporate subsequent information that we received from Pennsylvania regarding one permit involving land reclamation obligations.

Public Comment Procedures

Under the provisions of 30 CFR 732.17(h), we are seeking your comments on whether the submission satisfies the applicable program approval criteria of 30 CFR 732.15. If we approve the amendment, it will become part of the Pennsylvania program.

Public Availability of Comments

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. We cannot ensure that comments received after the close of the comment period (see DATES) or sent to an address other than those listed above (see ADDRESSES) will be included in the docket for this rulemaking and considered.

Electronic or Written Comments

If you submit written comments, they should be specific, confined to issues pertinent to the proposed regulations, and explain the reason for any recommended change(s). We would appreciate all comments relating to this specific issue, but those most useful and likely to influence decisions on the final rule will be those that either involve personal experience or include citations to and analysis of the Surface Mining Control and Reclamation Act of 1977, its legislative history, its implementing regulations, case law, other State or Federal laws and regulations, data, technical literature, or other relevant publications.
