**Aerospace Safety Advisory Panel; Charter Renewal**

**AGENCY:** National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of renewal and amendment of the charter of the NASA Aerospace Safety Advisory Panel.

**SUMMARY:** Pursuant to sections 14(b)(1) and 9(c) of the Federal Advisory Committee Act (Pub. L. 92–463), and after consultation with the Committee Management Secretariat, General Services Administration, the NASA Administrator has determined that a renewal and amendment of the charter of the NASA Aerospace Safety Advisory Panel is in the public interest in connection with the performance of duties imposed on NASA by law. The renewed charter is for a two-year period ending October 13, 2013. It is identical to the previous charter in all respects except it removes references to areas of responsibility that are no longer applicable, updates legal citations, and conforms the text to the most recent Congressional reauthorization for this Federal advisory committee (Pub. L. 111–314 on December 18, 2010).

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of intent to grant exclusive license.

SUMMARY: This notice is issued in accordance with 35 U.S.C. 209(e) and 37 CFR 404.7(a)(1)(i). NASA hereby gives notice of its intent to grant an exclusive license in the United States to practice the invention described and claimed in MFS–32870–1 ‘’Greener Electro-Mechanical Slide Valve’’ to QM Power, Inc, having its principal place of business in Lee’s Summit, MO. The prospective exclusive license will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7.

NASA has not yet made a determination to grant the requested license and may deny the requested license even if no objections are submitted within the comment period.

DATES: The prospective exclusive license may be granted unless, within fifteen (15) days from the date of this published notice, NASA receives written objections including evidence and argument that establish that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Competing applications completed and received by NASA within fifteen (15) days of the date of this published notice will also be treated as objections to the grant of the contemplated partially exclusive license.

Objections submitted in response to this notice will not be made available to the public for inspection and, to the extent permitted by law, will not be released under the Freedom of Information Act, 5 U.S.C. 552.
