Coast Guard

33 CFR Part 165

[Docket No. USCG-2011-0899]

RIN 1625-AA00

Safety Zone; Waverly Country Club Fireworks Display on the Willamette River, Portland, OR

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a safety zone on the Willamette River located at the Waverly Country Club for a private event in Portland, Oregon. The safety zone is necessary to help ensure the safety of the maritime public during the displays and will do so by prohibiting persons and vessels from entering the safety zones unless authorized by the Captain of the Port or his designated representatives.

DATES: This rule is effective from 8:30 p.m. until 10:30 p.m. on November 5, 2011 as detailed in the rule.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG-2011-0899 and are available online by going to <http://www.regulations.gov>, inserting USCG-2011-0899 in the "Keyword" box, and then clicking "Search." They are also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary rule, call or e-mail BM1 Silvestre Suga III, Waterways Management Division, Coast Guard MSU Portland; telephone 503-240-9319, e-mail silvestre.g.suga@uscg.mil. If you have questions on viewing the docket, call

Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest."

Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because immediate action is necessary to ensure the safety of vessels and spectators gathering in the vicinity of the fireworks launching and display sites. Following normal rulemaking procedures in this case would be impracticable and contrary to public interest since the event will have taken place by the time the notice could be published and comments taken.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register** because immediate action is necessary to ensure the safety of vessels and spectators gathering in the vicinity of the fireworks launching and display sites. Following normal rulemaking procedures in this case would be impracticable and contrary to the public interest, as this inherently dangerous event will have taken place by the time notice could be published and comments taken.

Background and Purpose

Fireworks displays create hazardous conditions for the maritime public because of the large number of vessels that congregate near the displays as well as the noise, falling debris, and explosions that occur during the event. The establishment of a safety zone helps ensure the safety of the maritime public by prohibiting persons and vessels from coming too close to the fireworks display and other associated hazards.

Discussion of Rule

This rule establishes a safety zone on the Willamette River in the vicinity of the Waverly Country Club for a private event that will be held on Saturday November 5, 2011. The safety zone will close a section of the Willamette River between two lines; line one starts on the

east bank at latitude 45°27'9.13" N, longitude 122°39'20.99" W then stretches across the river to the west bank at latitude 45°27'6.78" N, longitude 122°39'31.31" W, line two starts twelve hundred feet upstream on the east bank at latitude 45°26'57.09" N, longitude 122°39'14.35" W then stretches across the river to the west bank at latitude 45°26'53.81" N, longitude 122°39'25.40" W.

Geographically this safety zone covers all waters of the Willamette River in front of the Waverly Country Club extending upriver and downriver 600 feet from the firing site at approximate latitude 45°27'3.60" N, longitude 122°39'17.99" W and extending over the river to the west bank in a rectangular shape.

All persons and vessels will be prohibited from entering the safety zones during the dates and times they are effective unless authorized by the Captain of the Port or his designated representative.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under that Order. It is not "significant" under the regulatory policies and procedures of the Department of Homeland Security (DHS).

The Coast Guard has made this determination based on the fact that the safety zone will only be 2 hours in duration on one evening. Because of this short duration, the impact on maritime operators is minimal. Before the effective period, we will publish advisories in the Local Notice to Mariners available to users of the river. Maritime traffic will be able to schedule their transits around this safety zone.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this rule would have a significant economic impact on a

substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule may affect the following entities some of which may be small entities: the owners or operators of vessels wishing to transit the safety zone established by this rule. The rule will not have a significant economic impact on a substantial number of small entities because the safety zone will only be in effect for 2 hours late in the evening when vessel traffic is low. Before the effective period, we will publish advisories in the Local Notice to Mariners available to users of the river. Maritime traffic will be able to schedule their transits around this safety zone.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed

this rule under that Order and have determined that it does not have implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule will not affect taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

Indian Tribal Governments

This rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866, as supplemented by Executive Order 13566 and is not likely to have a

significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(g) of the Instruction. This rule involves the establishment of a safety zone around the fall out area of a fireworks zone. An environmental analysis checklist and a categorical exclusion determination are available in the docket where indicated under **ADDRESSES**.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 46 U.S.C. Chapter 701, 3306, 3703; 50 U.S.C. 191, 195; 33 CFR 1.05–1, 6.04–1, 6.04–6, 160.5; Pub. L. 107–295, 116 Stat. 2064; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T13–195 to read as follows:

§ 165.T13–195 Safety Zone; Waverly Country Club Fireworks Display on the Willamette River, Portland, OR.

(a) *Location.* This rule establishes a safety zone on the Willamette River in the vicinity of the Waverly Country Club, Portland, Oregon: all waters on the Willamette River between two lines; line one starts on the east bank at latitude 45°27'9.13" N, longitude 122°39'20.99 W then stretches across the river to the west bank at latitude 45°27'6.78" N, longitude 122°39'31.31" W, line two starts twelve hundred feet upstream on the east bank at latitude 45°26'57.09" N, longitude 122°39'14.35" W then stretches across the river to the west bank at latitude 45°26'53.81" N, longitude 122°39'25.40" W. Geographically this safety zone covers all waters of the Willamette River in front of the Waverly Country Club extending upriver and downriver 600 feet from the firing site at approximate latitude 45°27'3.60" N, longitude 122°39'17.99" W and extending over the river to the west bank in a rectangular shape.

(b) *Regulations.* In accordance with the general regulations in 33 CFR part 165, Subpart C, no person or vessel may enter or remain in the safety zone created by this section without the permission of the Captain of the Port or his designated representative. Designated representatives are Coast Guard personnel authorized by the Captain of the Port to grant persons or vessels permission to enter or remain in the safety zone created by this section. See 33 CFR part 165, Subpart C, for additional information and requirements.

(c) *Enforcement Period.* The safety zone detailed in paragraph (a) is effective from 8:30 p.m. until 10:30 p.m. on November 5, 2011.

Dated: September 22, 2011.

B.C. Jones,

Captain, U.S. Coast Guard, Captain of the Port, Columbia River.

[CG Docket No. 11–47; FCC 11–150]

Contributions to the Telecommunications Relay Services Fund

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document, the Federal Communications Commission (FCC or Commission) adopts rules to implement a provision of the Twenty-First Century Communications and Video Accessibility Act of 2010 (CVAA), which requires each provider of interconnected voice over Internet protocol (VoIP) service or non-interconnected VoIP service to begin participating in and contributing to the interstate Telecommunications Relay Services (TRS) Fund in a manner prescribed by regulation that is consistent with and comparable to the obligations of other TRS Fund contributors.

DATES: Effective November 25, 2011.

Final Paperwork Reduction Act of 1995 Analysis

This document contains new and modified information collection requirements. The Commission, as part of its continuing effort to reduce paperwork burdens, invited the general public to comment on the information collection requirements contained in document FCC 11–150 as required by the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198, the Commission previously sought specific comment on how the Commission might “further reduce the information collection burden for small business concerns with fewer than 25 employees.” See 44 U.S.C. 3506(c)(4). In this present document, the Commission has assessed the effects of the rules for contributions to the TRS Fund and finds that the collection of information requirements will not have a significant impact on small business concerns with fewer than 25 employees. The Commission received pre-approval from OMB for the information collection requirements on May 23, 2011, and the information collection requirements were adopted as proposed. See OMB Control Number 3060–0855.

Congressional Review Act

The Commission will send a copy of document FCC 11–150 in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act. See 5 U.S.C. 801(a)(1)(A).

Synopsis

1. Document FCC 11–150 implements a provision of the CVAA, Public Law 111–260, 124 Stat. 2751 (2010). The CVAA added a new section 715, 47 U.S.C. 616, to the Communications Act of 1934, as amended (the Act), which
