(3) *Agency form number, if any, and the applicable component of the department sponsoring the collection:* ITS-1. Bureau of Justice Statistics, Office of Justice Programs, Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract.* Primary: Persons 16 years or older in NCVS sampled households in the United States. (5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* Approximately 79,400 persons 16 years of age or older will complete an ITS interview. The majority of respondents, approximately 75,500 will be administered only the screening portion of the ITS which is designed to filter out those people who have not been victims of identity theft during the past year and therefore are not eligible to continue with the remainder of the supplement questions. We estimate the average length of the ITS interview for these individuals will be 0.08 hours (five minutes). Based on findings from the 2008 ITS, we estimate that approximately 5% of respondents will have experienced at least one incident of identity theft during the prior year. For these victims, we estimate each interview will take 0.25 hours (15 minutes) to complete.
