

acid, 0.5 percent maximum aniline, and 0.25 percent maximum alkali insoluble materials. Sodium salt of sulfanilic acid (sodium sulfanilate) is a granular or crystalline material containing 75 percent minimum sulfanilic acid, 0.5 percent maximum aniline, and 0.25 percent maximum alkali insoluble materials based on the equivalent sulfanilic acid content.¹

The merchandise is currently classifiable under Harmonized Tariff Schedule of the United States ("HTSUS") subheadings 2921.42.22 and 2921.42.24.90. Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of the orders is dispositive.

Continuation of the Orders

As a result of these determinations by the Department and the ITC that revocation of the AD and CVD orders on sulfanilic acid would likely lead to a continuation or recurrence of dumping or a countervailable subsidy, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the AD orders on sulfanilic acid from the PRC and India and the CVD order on sulfanilic acid from India. U.S. Customs and Border Protection will continue to collect cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the orders will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of the orders not later than 30 days prior to the fifth anniversary of the effective date of continuation.

These five-year (sunset) reviews and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(i)(1) of the Act.

Dated: October 20, 2011.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

¹ In response to a request from 3V Corporation, on May 5, 1999, the Department clarified that sodium sulfanilate processed in Italy from sulfanilic acid produced in India is within the scope of the AD and CVD orders on sulfanilic acid from India. See *Notice of Scope Rulings*, 65 FR 41957 (July 7, 2000).

[Docket No. 110908574-1561-01]

NIST Framework and Roadmap for Smart Grid Interoperability Standards, Release 2.0 (Draft); Request for Comments

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice; request for comments.

SUMMARY: The National Institute of Standards and Technology (NIST) seeks comments on the draft NIST Framework and Roadmap for Smart Grid Interoperability Standards, Release 2.0. Comments must be received on or before 5 p.m. Eastern time on November 25, 2011. The entire draft version of the NIST Framework and Roadmap for Smart Grid Interoperability Standards, Release 2.0 (Draft), is available online at: <http://collaborate.nist.gov/twiki-sggrid/bin/view/SmartGrid/IKBFramework>.

DATES: Comments must be received on or before 5 p.m. Eastern Time on November 25, 2011.

ADDRESSES: Written comments may be sent to Office of the National Coordinator for Smart Grid Interoperability, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8100, Gaithersburg, MD 20899-8100 or by e-mail at nistsgfwcmts@nist.gov.

FOR FURTHER INFORMATION CONTACT:

Dr. George W. Arnold, National Coordinator for Smart Grid Interoperability, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 8100, Gaithersburg, MD 20899-8100; telephone 301-975-2232, fax 301-975-4091; or via e-mail at nistsgfwcmts@nist.gov.

SUPPLEMENTARY INFORMATION: Section 1305 of the Energy Independence and Security Act (EISA) of 2007 (Pub. L. 110-140, 121 Stat. 1492) requires the Director of NIST "to coordinate the development of a framework that includes protocols and model standards for information management to achieve interoperability of smart grid devices and systems."

In January, 2010, NIST published the NIST Framework and Roadmap for Smart Grid Interoperability Standards, Release 1.0 (Release 1.0). Release 1.0 described a high-level conceptual reference model for the Smart Grid, identified 75 existing standards that are applicable (or likely to be applicable) to the ongoing development of the Smart

Grid, specified 15 high-priority gaps and harmonization issues for which new or revised standards and requirements are needed, documented action plans with aggressive timelines by which designated standards-setting organizations (SSOs) will address these gaps, and described the strategy to establish requirements and standards to help ensure Smart Grid cybersecurity.

NIST announces the publication of the NIST Framework and Roadmap for Smart Grid Interoperability Standards, Release 2.0 (Release 2.0) (Draft) for public review and comment. The entire draft version of Release 2.0 (Draft) is available online at: <http://collaborate.nist.gov/twiki-sggrid/bin/view/SmartGrid/IKBFramework>. Release 2.0 builds upon the work in Release 1.0 with an update on the progress in closing the previously identified high-priority gaps and additional standards issues that are now being addressed, a description of the recently-formed Smart Grid Interoperability Panel (SGIP), an expanded cybersecurity chapter, and a new testing and certification chapter.

Request for Comments: NIST seeks comments on the draft framework and roadmap report. In particular, the agency requests that: Comments be categorized as (1) Technical; (2) editorial; or (3) general. If a comment is not a general comment, please identify the relevant page, line number, and section the comment addresses. Also include a proposal on how to address the comment. Comments should be submitted in accordance with instructions in the **ADDRESSES** section of this notice.

Dated: October 13, 2011.

Willie E. May,

Associate Director for Laboratory Programs.

National Institute of Standards and Technology

Announcement of Meeting To Explore Feasibility of Establishing a NIST/ Industry Consortium on "Concrete Rheology: Enabling Metrology (CREME)"

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice of public meeting.

SUMMARY: The National Institute of Standards and Technology (NIST) invites interested parties to attend a pre-consortium meeting on November 8,

2011 to be held at the NIST campus, with the option of participating via web-based meeting. The purpose of the meeting is to evaluate industry interest in creating a NIST/industry/Academia consortium focused on “Concrete Rheology: Enabling Metrology (CREME)”. The goal of such a consortium could include determining key rheological parameters that best characterize the placement, finishability and consolidation of concrete. This goal would be achieved by developing test methods and models to measure and predict the performance parameters of fresh concrete in the lab and at the construction site. To move these ideas into practice and to engage industry, test bed facilities and quality control test methods for the field would be developed at NIST consortium members’ participation. The consortium would be administered by NIST with consortium members’ participation. Consortium planning, research and development would be conducted by NIST staff along with at least one technical representative from each participating member entities. Each member of the consortium will be required to sign a Cooperative Research and Development Agreement (“CRADA”) with NIST. Membership fees for participation in the consortium will be Twenty-five Thousand (\$25,000) per year. The initial term of the consortium is intended to be three years.

DATES: The meeting will take place on November 8, 2011 from 11 a.m. to 1 p.m., in Bldg. 226/Rm. B205. For those planning to attend the meeting at the NIST Gaithersburg campus, please note admittance instructions under the **SUPPLEMENTARY INFORMATION** section of this notice. Web-based meeting participation: Connection details can be obtained by contacting Chiara Ferraris or Nicos Martys one week prior to the meeting.

ADDRESSES: The meeting will be held on the NIST Gaithersburg campus, 100 Bureau Drive, Gaithersburg, MD 20899.

FOR FURTHER INFORMATION CONTACT: Chiara Ferraris, Nicos Martys, National Institute of Standards and Technology, 100 Bureau Drive, Stop 8615, Gaithersburg, MD 20899–8615, USA; Telephone: (301) 975–6711; Fax (301) 990–6891; E-mail: chiara.ferraris@nist.gov; nicos.martys@nist.gov.

SUPPLEMENTARY INFORMATION: All visitors to the NIST site are required to pre-register to be admitted. Anyone wishing to attend this meeting must register by close of business November

1, 2011, in order to attend. Please submit your name, time of arrival, e-mail address, and phone number to: chiara.ferraris@nist.gov. Non-U.S. citizens must also submit their country of citizenship, title, employer/sponsor, and address. Chiara Ferraris’s e-mail address is chiara.ferraris@nist.gov and her telephone number is (301) 975–6711.

Dated: October 13, 2011.

Willie E. May,
Associate Director for Laboratory Programs.

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council’s (Council) Ecosystem and Ocean Planning Committee will hold a public meeting.

DATES: The meeting will be held on Monday, November 14, 2011, from 9 a.m. until 5 p.m.

ADDRESSES: The meeting will be held at the Four Points Sheraton BWI Airport, 7032 Elm Road, Baltimore, MD 21240 and *telephone:* (410) 859–3300.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; *telephone:* (302) 674–2331.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; *telephone:* (302) 526–5255.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to review previous Committee efforts and chart the future direction under the new leadership.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to M. Jan Saunders at the Mid-Atlantic Council Office, (302) 526–5251, at least 5 days prior to the meeting date.

Dated: October 20, 2011.

National Oceanic and Atmospheric Administration

RIN 0648–XA762

Caribbean Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The Caribbean Fishery Management Council’s Scientific and Statistical Committee (SSC) will hold a meeting.

DATES: The SSC meeting will be held on November 15–16, 2011, from 9 a.m. to 5 p.m. The meeting is open to the public, and will be conducted in English.

ADDRESSES: The meeting will be held at the Embassy Suites Hotel, 8000 Tartak Street, Carolina, Puerto Rico 00979.

FOR FURTHER INFORMATION CONTACT: Caribbean Fishery Management Council, 268 Muñoz Rivera Avenue, Suite 1108, San Juan, Puerto Rico 00918–1920; telephone: (787) 766–5926.

SUPPLEMENTARY INFORMATION: The SSC will meet to discuss the items contained in the following agenda:

November 15, 2011—9 a.m.

- Call to order
- Discuss the legal responsibility of the SSC for providing OFL and ABC recommendations to the CFMC for species not undergoing overfishing and are not overfished (NOAA Legal Counsel)
- Revisit spiny lobster (*Panulirus argus*) recommendations for OFL ABC based on information provided by SERO/SEFSC/USVI DPNR/PRDNER for both Puerto Rico and the USVI
- Discuss whether a pilot ERAEF study in St. Thomas, USVI should be funded by the CFMC and discuss the scope of work, if it is recommended that such a project be funded

November 16, 2011—9 a.m.

- Continue discussion and make a recommendation to the CFMC regarding funding a pilot ERAEF study in St. Thomas, USVI
