FOR FURTHER INFORMATION CONTACT: David Boyd, Public Affairs Specialist, Colorado River Valley Field Office, 970-876-9000.

SUPPLEMENTARY INFORMATION: The 15-member NW RAC advises the Secretary of the Interior, through the BLM, on a variety of issues associated with resource management of the public lands in northwestern Colorado. On June 20, 2011, the NW RAC's charter was amended to allow the NW RAC to make recommendations of fee proposals associated with recreational use of BLM-managed public lands in northwestern Colorado under the Federal Lands Recreation Enhancement Act (FLREA). At the December 1 meeting, the NW RAC will consider two new fee proposals being developed by the Grand Junction Field Office, and one fee adjustment in the Kremmling Field Office.

The first proposal would allow the BLM to initiate an expanded amenity fee program for the 18 Road Campground in the North Fruita Desert. The BLM is proposing this fee to address maintenance and improvement issues at the campground based on significant increases in visitation. Fees would allow for campground improvements, including the addition of up to 60 new campsites.

The second proposal would allow the BLM to initiate a fee program for the Ruby-Horsethief section of the Colorado River. This fee would accompany an individual Special Recreation Permit for overnight camping and would assist the BLM in enhancing management to reduce visitor conflict and protect public land resources from damage through enforcement, land restoration and regular patrols.

The fee adjustment proposal would adjust the fee structure at the Pumphouse and Radium recreation sites along the Upper Colorado River. Fees have been charged in the area since 1998. Adjustments are necessary to keep pace with increased costs of maintaining and improving these areas.

More information about these proposals and the complete agenda for December 1 are available on the NW RAC's Web site at http://www.blm.gov/co/st/en/BLM_Resources/racs/nwrac.html. These meetings are open to the public. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited at the discretion of the Chair.

A separate Notice of Intent will be published in the **Federal Register** at a

later date to announce the BLM's intent to collect fees on these two areas of public land. A Notice of Intent is not required for the fee adjustment proposal.

SUPPLEMENTARY INFORMATION:

I. Abstract

The National Register of Historic Places (National Register) is the official Federal list of districts, sites, buildings,

structures, and objects significant in American history, architecture, archeology, engineering, and culture. National Register properties have significance to the history of communities, States, or the Nation. The National Historic Preservation Act of 1966 requires the Secretary of the Interior to maintain and expand the National Register, and to establish criteria and guidelines for including properties on the National Register. National Register properties must be considered in the planning for Federal or federally assisted projects, and listing on the National Register is required for eligibility for Federal rehabilitation tax incentives.

The National Park Service administers the National Register. Nominations for listing historic properties come from State Historic Preservation Officers, from Federal Preservation Officers for properties owned or controlled by the United States Government, and from Tribal Historic Preservation Officers for properties on tribal lands. Private individuals and organizations, local governments, and American Indian tribes often initiate this process and prepare the necessary documentation. Regulations at 36 CFR 60 and 63 establish the criteria and guidelines for listing properties.

We use three forms for nominating properties and providing documentation for the proposed listings:

- NPS Form 10-900 (National Register of Historic Places Registration Form).
- NPS Form 10-900-a (National Register of Historic Places Continuation Sheet).
- NPS Form 10-900-b (National Register of Historic Places Multiple Property Documentation Form).

These forms and documentation go to the State Historic Preservation Office (SHPO) of the State where the property is located. The SHPO can take one of several options: reject the property, ask for more information, list the property just with the State, or send the forms to us for listing on the National Register. Once we receive the forms, we conduct a similar review process.

Listing on the National Register provides formal recognition of a property's historical, architectural, or archeological significance based on national standards used by every State. The listing places no obligations on private property owners, and there are no restrictions on the use, treatment, transfer, or disposition of private property.
