Fees and Expenses:

After a company has been selected to participate in the mission, a payment to the U.S. Department of Commerce in the form of a participation fee is required. The participation fee is \$4,800 for a single participant for a small- or medium-sized enterprise (SME)¹ and \$5,245 for a single participant for a large firm. Participants per company will be limited due to space constraints. The fee for each additional participant is \$1,500. Applicants are encouraged to provide a clear business purpose and clarification of role of any additional participants proposed to participate in the mission.

Interpretation services for official activities are included in the fee. Expenses for travel, lodging, meals, and incidentals will be the responsibility of each mission participant. Lodging and meals for each participant will cost approximately \$150 USD per day.

Conditions for Participation:

- An applicant must submit a completed and signed mission application and supplemental application materials, including information on the company's products and/or services, primary market objectives, and goals for participation. If the U.S. Department of Commerce receives an incomplete application, the Department may reject the application, request additional information, or take the lack of information into account when evaluating the application.

- Each applicant must also certify that the products and services it seeks to export through the mission are either produced in the United States, or, if not, marketed under the name of a U.S. firm and have at least fifty-one percent U.S. content.

Selection Criteria for Participation:

Selection will be based on the following criteria:

- Suitability of the company's products or services to the mission goals.
- Applicant's potential for business in Afghanistan.
- Consistency of the applicant's goals and objectives with the stated scope of the mission.

(Additional factors, such as diversity of company, size, type and location,

may be considered during the selection process)

Referrals from political organizations and any documents containing references to partisan political activities (including political contributions) will be removed from an applicant's submission and will not be considered during the selection process.

Timeframe for Recruitment and Applications

Mission recruitment will be conducted in an open and public manner, including posting on the U.S. Department of Commerce trade missions calendar—<http://www.trade.gov/trade-missions/>—and other Internet Web sites, publication in domestic trade publications and association newsletters, direct outreach to the Department's clients and distribution lists, publication in the **Federal Register**, and announcements at industry meetings, symposia, conferences, and trade shows.

Recruitment for the mission will begin immediately and conclude no later than January 3, 2012, by the close of business. Applications received after January 3, 2012, will be considered only if space and scheduling constraints permit.

Disclaimer, Security, and Transportation

Business development mission members participate in the mission and undertake related travel at their own risk and are advised to obtain insurance accordingly. Any question regarding insurance coverage must be resolved by the participant. The U.S. Government does not make any representations or guarantees as to the safety or security of participants. Companies should consult the State Department's travel warning for Afghanistan: http://travel.state.gov/travel/cis_pa_tw/tw/tw_2121.html; http://travel.state.gov/travel/cis_pa_tw/tw/tw_2121.html.
