Negotiated Rulemaking Committee, Negotiator Nominations and Schedule of Committee Meetings—Student Loan Programs

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Notice of establishment of negotiated rulemaking committee.

SUMMARY: We announce our intention to establish a negotiated rulemaking committee to prepare proposed regulations governing the student loan programs authorized under title IV of the Higher Education Act of 1965, as amended (HEA). The committee will include representatives of organizations or groups with interests that are significantly affected by the topics proposed for negotiation. We request nominations for individual negotiators who represent key stakeholder constituencies for the issues to be negotiated to serve on the committee and we set a schedule for committee meetings.

DATES: We must receive your nominations for negotiators to serve on the committee on or before November 28, 2011. The dates, times, and locations of the committee meetings are set out in the Schedule for Negotiations section under SUPPLEMENTARY INFORMATION, below.

SUPPLEMENTARY INFORMATION: On May 5, 2011, we published a notice in the Federal Register (76 FR 25650) announcing our intent to establish one or more negotiated rulemaking committees to develop proposed regulations under the HEA. In addition, we announced our intent to develop these proposed regulations by following the negotiated rulemaking procedures in Section 492 of the HEA. The notice also announced a series of three regional hearings at which interested parties could comment on the topics suggested by the Department and suggest additional topics for consideration for action by the negotiating committees. We also held four public roundtable discussions to complement the regional hearings. The hearings and roundtables were held in: Nashville, Tennessee (roundtable only); Tacoma, Washington; Chicago, Illinois; and Charleston, South Carolina. We invited parties to comment and submit topics for consideration in writing as well. Transcripts from the regional hearings can be found at http://www2.ed.gov/policy/highered/reg/hearereading/2011/hearings.html. Written comments may be viewed through the Federal eRulemaking Portal at http://www.regulations.gov. Instructions for finding comments are available on the site under “How to Use Regulations.gov” in the Help section. Individuals can enter docket ID ED–2011–OPE–0003 in the “Enter Keyword or ID” search box to locate the appropriate docket.

Regulatory Issues: After consideration of the information received at the regional hearings, the roundtable discussions, and in writing, we have decided at this time to establish a negotiating committee to address student loan program issues. The three programs to be addressed are: The William D. Ford Federal Direct Loan (Direct Loan) Program, the Federal Family Education Loan (FFEL) Program, and the Federal Perkins (Perkins) Loan Program.

We list the topics the committee is likely to address under Committee Topics.

We intend to select negotiators for the committee who represent the interests significantly affected by the topics proposed for negotiations. In so doing, we will follow the requirement in Section 492(b)(1) of the HEA that the individuals selected must have demonstrated expertise or experience in the relevant subjects under negotiation. We will also seek individual negotiators who reflect the diversity
among program participants, in accordance with Section 492(b)(1) of the HEA. Our goal is to establish a committee that will allow significantly affected parties to be represented while keeping the committee size manageable.

The committee may create subgroups on particular topics that may involve additional individuals who are not members of the committee. Individuals who are not selected as members of the committee will be able to attend the meetings, have access to the individuals representing their constituencies, and participate in informal working groups on various issues between the meetings. The committee meetings will be open to the public.

The Department has identified the following constituencies as having interests that are significantly affected by the topics proposed for negotiations. The Department plans to seat negotiators individuals from organizations or groups representing these constituencies:

- Students.
- Legal assistance organizations that represent students.
- Consumer advocacy organizations.
- Financial aid administrators at postsecondary institutions.

- Regional accrediting agencies.
- National accrediting agencies.

The goal of the committee is to develop proposed regulations that reflect a final consensus of the committee. Consensus means that there is no dissent by any member of the negotiating committee, including the committee member representing the Department. An individual selected as a negotiator will be expected to represent the interests of their organization or group. If consensus is reached, all members of the organization or group represented by a negotiator are bound by the consensus and are prohibited from commenting negatively on the resulting proposed regulations. The Department will not consider any such negative comments that are submitted by members of such an organization or group.

Nominations: Nominations should include:

- The name of the nominee, the organization or group the nominee represents, and a description of the interests that the nominee represents.
- Evidence of the nominee’s expertise or experience in the subject, or subjects, to be negotiated.

- The nominee’s commitment that he or she will actively participate in good faith in the development of the proposed regulations.

Greenhouse Gas Tailoring Rule; New Prevention of Significant Deterioration; Implementation Plans; Missouri: Approval and Promulgation of State Plans

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the Missouri State Implementation Plan (SIP) relating to the regulation of Greenhouse Gases (GHGs) under Missouri’s Prevention of Significant Deterioration (PSD) program, and to two New Source Review (NSR) revisions. The GHG-related SIP revisions incorporate the GHG emission thresholds established in EPA’s “PSD and Title V Greenhouse Gas Tailoring Final Rule,” which EPA issued by notice dated June 3, 2010. The revised SIP was submitted by the Missouri Department of Natural Resources (MDNR) to EPA in a letter dated August 8, 2011. The NSR revisions are to the Construction Permits Required Rule and the Emissions Banking and Trading Rule and are intended to address changes the Federal NSR regulations, which were promulgated by EPA on December 31, 2002. These revisions were submitted by MDNR to EPA in a letter dated November 30, 2009. EPA is proposing to approve the GHG and NSR revisions because the Agency has made the preliminary determination that these SIP revisions, already adopted by Missouri as final effective rules, are in accordance with the Clean Air Act (CAA or Act) and EPA regulations regarding PSD permitting for GHGs and NSR.
