### Foreign-Trade Zones Board

[Docket 68-2011]

#### Foreign-Trade Zone 177—Evansville, IN; Application for Manufacturing Authority; Hoosier Stamping & Mfg. Corp. (Wheel Assemblies and Accessories), Chandler, IN

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Ports of Indiana, grantee of FTZ 177, requesting manufacturing authority on behalf of Hoosier Stamping & Mfg. Corp. d/b/a Hoosier Wheel (Hoosier Stamping), located in Chandler, Indiana. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 25, 2011.

The Hoosier Stamping facility (25 employees, 9.44 acres, 9,500,000 unit capacity) is located within Site 8 of FTZ 177. The facility is used for the manufacturing, testing, warehousing, packaging, processing, inspecting, repairing and distributing of wheel

assemblies and accessories. Components and materials sourced from abroad (representing up to 60% of the value of the finished product) include: pneumatic tires, tubes, rolled rim rings, semi-pneumatic tires, herring-bone tires, welding wires and bolts (duty rate ranges from duty-free to 3.7%). The application also requests authority to include a broad range of inputs and finished wheel assemblies that Hoosier Stamping may produce under FTZ procedures in the future. New major activity involving these inputs/products would require review by the FTZ Board.

FTZ procedures could exempt Hoosier Stamping from customs duty payments on the foreign components used in export production. The company anticipates that approximately one percent of the plant's shipments will be exported. On its domestic sales, Hoosier Stamping would be able to choose the duty rates during customs entry procedures that apply to finished wheel assemblies (duty-free) for the foreign inputs noted above. FTZ designation would further allow Hoosier Stamping to realize logistical benefits through the use of weekly customs entry procedures. Customs duties also could possibly be deferred or reduced on foreign status production equipment. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 30, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to January 17, 2012.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

### International Trade Administration

#### Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (“the Department”) has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with September anniversary dates. In accordance with the Department’s regulations, we are initiating those administrative reviews. The Department also received a request to revoke one antidumping duty order in part.

**DATES:** *Effective Date:* October 31, 2011.

**FOR FURTHER INFORMATION CONTACT:** Brenda Waters, Office of AD/CVD Operations, Customs Unit, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, *telephone:* (202) 482-4735.

#### SUPPLEMENTARY INFORMATION:

##### Background

The Department has received timely requests, in accordance with 19 CFR 351.213(b), for administrative reviews of various antidumping and countervailing duty orders and findings with September anniversary dates. The Department also received a timely request to revoke in part the antidumping duty order on Certain Lined Paper Products from India for one exporter.

All deadlines for the submission of various types of information, certifications, or comments or actions by the Department discussed below refer to the number of calendar days from the applicable starting time.

##### Notice of No Sales

If a producer or exporter named in this notice of initiation had no exports, sales, or entries during the period of review (“POR”), it must notify the Department within 60 days of publication of this notice in the **Federal Register**. All submissions must be filed electronically at [http://](http://iaaccess.trade.gov)

[iaaccess.trade.gov](http://iaaccess.trade.gov) in accordance with 19 CFR 351.303. *See Antidumping and Countervailing Duty Proceedings: Electronic Filing Procedures; Administrative Protective Order Procedures*, 76 FR 39263, (July 6, 2011). Such submissions are subject to verification in accordance with section 782(i) of the Tariff Act of 1930, as amended (“Act”). Further, in accordance with 19 CFR 351.303(f)(3)(ii) of the regulations, a copy of each request must be served on the petitioner and each exporter or producer specified in the request.

##### Respondent Selection

In the event the Department limits the number of respondents for individual examination for administrative reviews, the Department intends to select respondents based on U.S. Customs and Border Protection (“CBP”) data for U.S. imports during the POR. We intend to release the CBP data under Administrative Protective Order (“APO”) to all parties having an APO within seven days of publication of this initiation notice and to make our decision regarding respondent selection within 21 days of publication of this **Federal Register** notice. The Department invites comments regarding the CBP data and respondent selection within five days of placement of the CBP data on the record of the applicable review.

In the event the Department decides it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Act:

In general, the Department has found that determinations concerning whether particular companies should be “collapsed” (*i.e.*, treated as a single entity for purposes of calculating antidumping duty rates) require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, the Department will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this antidumping proceeding (*i.e.*, investigation, administrative review, new shipper review or changed circumstances review). For any company subject to this review, if the Department determined, or continued to treat, that company as collapsed with others, the Department will assume that such companies continue to operate in the same manner and will collapse them for respondent

selection purposes. Otherwise, the Department will not-collapse companies for purposes of respondent selection. Parties are requested to (a) Identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed. Further, if companies are requested to complete the Quantity and Value Questionnaire for purposes of respondent selection, in general each company must report volume and value data separately for itself. Parties should not include data for any other party, even if they believe they should be treated as a single entity with that other party. If a company was collapsed with another company or companies in the most recently completed segment of this proceeding where the Department considered collapsing that entity, complete quantity and value data for that collapsed entity must be submitted.

##### Deadline for Withdrawal of Request for Administrative Review

Pursuant to section 351.213(d)(1) of the Department’s regulations, a party that has requested a review may withdraw that request within 90 days of the date of publication of the notice of initiation of the requested review. The regulation provides that the Department may extend this time if it is reasonable to do so. In order to provide parties additional certainty with respect to when the Department will exercise its discretion to extend this 90-day deadline, interested parties are advised that, with regard to reviews requested on the basis of anniversary months on or after August 2011, the Department does not intend to extend the 90-day deadline unless the requestor demonstrates that an extraordinary circumstance has prevented it from submitting a timely withdrawal request. Determinations by the Department to extend the 90-day deadline will be made on a case-by-case basis.

##### Separate Rates

In proceedings involving non-market economy (“NME”) countries, the Department begins with a rebuttable presumption that all companies within the country are subject to government control and, thus, should be assigned a single antidumping duty deposit rate. It is the Department’s policy to assign all exporters of merchandise subject to an administrative review in an NME country this single rate unless an exporter can demonstrate that it is sufficiently independent so as to be entitled to a separate rate.
