

lands) managed by the BLM. There will be no decisions in the RMP for lands not managed by the BLM;

3. The BLM will complete the plan in compliance with FLPMA (43 U.S.C. 1701 *et seq.*), NEPA, and other applicable laws and regulations;

4. Where existing planning decisions are still valid, those decisions may remain unchanged and be incorporated into the new RMP amendment;

5. The plan amendment will recognize valid existing rights;

6. The BLM will use a collaborative and multi-jurisdictional approach, when practical, to determine the desired future condition of public lands; and

7. The BLM will strive to make land use plan decisions compatible with existing plans and policies of adjacent local, State, Federal, and tribal agencies, and consistent with other applicable laws and regulations governing the administration of public land.

You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. To be most helpful, you should submit comments by the close of the 30-day scoping period. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

The minutes and list of attendees for each scoping meeting will be available to the public and open for 30 days after the meeting to any participant who wishes to clarify the views he or she expressed. The BLM will evaluate identified issues to be addressed in the plan, and will place them into one of three categories:

1. Issues to be resolved in the plan amendment;
2. Issues to be resolved through policy or administrative action; or
3. Issues beyond the scope of this plan amendment.

The BLM will provide an explanation in the EA as to why an issue was placed in category two or three. The public is also encouraged to help identify any management questions and concerns that should be addressed in the plan. The BLM will work collaboratively with interested parties to identify the management decisions that are best

suited to local, regional, and national needs and concerns.

The BLM will use an interdisciplinary approach to develop the plan amendment in order to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in the planning process: Lands and realty, botany, wildlife and fisheries, hydrology, soils, archeology, recreation, fire and fuels management, and Geographic Information Systems.
