SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the FPA (16 U.S.C. 824a(e)).

On August 16, 2001, the Department of Energy (DOE) issued Order No. EA–243 which authorized Tenaska to transmit electric energy from the United States to Canada as a power marketer for a two-year term using existing international transmission facilities. DOE renewed the Tenaska export authorization on March 1, 2007 in Order No. EA–243–A. That authority will expire on March 1, 2012. On September 13, 2011, Tenaska filed an application with DOE for renewal of the export authority contained in Order No. EA–243–A for an additional five-year term.

The electric energy that Tenaska proposes to export to Canada would be surplus energy purchased from electric utilities, Federal power marketing agencies, and other entities within the United States. The existing international transmission facilities to be utilized by Tenaska have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

An additional copy is to be filed directly with Norma Rosner Iacovo, Associate General Counsel, Tenaska Power Services Co., 1701 E. Lamar Blvd., Suite 100, Arlington, TX 76006 and Neil L. Levy, King & Spalding LLP, 1700 Pennsylvania Avenue NW., Washington, DC 20006–4706. A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE’s National Environmental Policy Act Implementing Procedures (10 CFR part 1021) and after a determination is made by DOE that the proposed action will not have an adverse impact on the reliability of the U.S. electric power supply system. Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at http://energy.gov/node/11845 or by emailing Angela Troy at Angela.Troy@hq.doe.gov.

Issued in Washington, DC, on October 26, 2011.
