SUPPLEMENTARY INFORMATION: This notice includes instructions on how to submit the Certifications and Assurances and highlights the changes for FY 2012.

1. What are our responsibilities?

Several programs we administer require new certifications and assurances each fiscal year an Applicant seeks funding. We have been consolidating our list of Certifications and Assurances into a single document for annual publication in the Federal Register since 1995, as required by 49 U.S.C. 5323(n). Ideally this list would be published with our apportionment notice showing our latest allocations of our annual Department of Transportation (U.S. DOT) appropriations. FTA, however, is publishing its FY 2012 Certifications and Assurances now, although U.S. DOT’s full-year appropriations for our FY 2012 have not been signed into law. These FY 2012 Certifications and Assurances supersede any Certifications and Assurances published in an earlier fiscal year or any that may have appeared as illustrations in any discontinued FTA circular. After publication in the Federal Register, we must be sure that each Applicant has submitted adequate FY 2012 Certifications and Assurances before we may award funding to support that request.

2. What is their legal effect?

a. Binding Commitment. An Applicant typically acts through its certified or authorized representative (You). Nevertheless, your Applicant will be required to comply with any certifications or assurances you make on its behalf whether or not you remain the Applicant’s authorized representative. Certifications and Assurances are pre-award representations required by Federal law or regulation before we can provide funding for your Applicant’s project. By providing Certifications and Assurances to FTA, you and your Applicant are agreeing to comply with their terms.

b. Length of Commitment. Your Applicant’s FY 2012 Certifications and Assurances remain in effect until its project is closed or the property’s useful life has expired, whichever is later. If your Applicant provides different Certifications and Assurances in a later fiscal year, the later Certifications and Assurances will apply to its project, except as we permit otherwise in writing.

c. Duration. Your Applicant may use its FY 2012 Certifications and Assurances for its funding applications to us from the time of publication in the Federal Register until we issue our FY 2013 Certifications and Assurances.

d. Our FY 2012 Certifications and Assurances are an Incomplete List of Federal Requirements. We caution that our FY 2012 Certifications and Assurances focus only on those Federal requirements the Applicant must fulfill before we may fund its project. Consequently, they omit many other Federal requirements that will apply to your Applicant and its project.

Issued on: October 26, 2011.

Steve Pyburn, Senior Transportation Engineer, Federal Highway Administration, Sacramento, California.
6. How do I submit them?

a. Electronic Submission

We expect you to submit your Applicant’s FY 2012 Certifications and Assurances in TEAM–Web. If you are registered in TEAM–Web to act on your Applicant’s behalf, you must submit its Certifications and Assurances, as well as its applications in TEAM–Web.

The TEAM-Web “Recipients” option at the “Certs & Assurances” tab of the “View/Modify Recipients” page contains fields for selecting among the 24 groups of certifications and assurances and a designated field for selecting all 24 groups.

In the “Certs & Assurances” tab is a field for you to enter your personal identification number (PIN), which is your electronic signature. There is also a field for the Attorney’s PIN, affirming your Applicant’s legal authority to make and comply with the Certifications and Assurances you have selected on your Applicant’s behalf. You may enter your PIN in place of the Attorney’s PIN, provided that your Applicant has on file a similar affirmation written, dated, and signed by its Attorney in FY 2012.

b. Paper Submission

You may only submit your Applicant’s FY 2012 Certifications and Assurances on paper if you cannot submit them electronically in TEAM–Web. You must submit the Signature Page(s) in Appendix A of this Notice indicating the groups of Certifications and Assurances your Applicant is providing if you cannot submit them electronically. You may place a single mark in the designated space to signify your Applicant’s agreement to comply with all groups of certifications and assurances or select the groups of certifications and assurances that apply to the Applicant and its projects.

You must enter your signature on the Signature Page(s) and provide an Affirmation of your Applicant’s Attorney concerning your Applicant’s legal capacity to make and comply with the FY 2012 Certifications and Assurances selected. You may enter your signature in place of the Attorney’s signature in the Affirmation of Applicant’s Attorney section, provided that your Applicant has on file a similar affirmation, written, dated, and signed by its Attorney in FY 2012.

For more information, you may contact the appropriate FTA Regional or Metropolitan Office.

FEDERAL FISCAL YEAR 2012 CERTIFICATIONS AND ASSURANCES FOR FEDERAL TRANSIT ADMINISTRATION ASSISTANCE PROGRAMS

PREFACE

Before the Federal Transit Administration (FTA or We) may award Federal transit assistance (funding or funds) to support a project, an authorized representative (you) of the project sponsor (Applicant) must provide certain certifications and assurances required by Federal law or regulation. You must provide all certifications and assurances required of your Applicant to support its applications for Federal funding during Federal fiscal year (FY) 2012.

We request that you read each certification and assurance carefully and select all certifications and assurances that might apply to all projects for which your Applicant might seek Federal funding. We can award Federal funding for your Applicant’s project only if your Applicant provides adequate certifications and assurances on your Applicant’s behalf as required by Federal law or regulation.

We have consolidated our certifications and assurances into 24 groups. At a minimum, you must provide the assurances in Group 01. If your Applicant requests more than $100,000, you must also provide the Lobbying certification in Group 02, unless your Applicant is an Indian tribe or organization or a tribal organization. Depending on the nature of your Applicant and its project, your Applicant may need to provide some of the certifications and assurances in Groups 03 through 24. However, instead of selecting individual groups of certifications and assurances, you may make a single selection that will encompass all groups of certifications and assurances applicable to all our programs. FTA and your Applicant understand and agree that not every provision of these certifications and assurances will apply to every Applicant or every project we fund. The types of project and Applicant will determine which certifications and assurances apply.

Your Applicant also understands and agrees that these certifications and assurances are special pre-award requirements and do not include all Federal requirements that may apply to your Applicant or its project. Our Master Agreement MA(18) for Federal Fiscal Year 2012, http://www.fta.dot.gov/documents/18-Master.pdf, contains a list of most of those requirements.

Excerpted in limited circumstances, your Applicant is ultimately responsible for compliance with the certifications and assurances that apply to itself or its project irrespective of subrecipient participation in the project. Because many FY 2012 certifications and assurances will require subrecipient compliance, we strongly recommend that you take appropriate measures to assure the validity of your Applicant’s certifications and assurances. Your Applicant understands and agrees that when you apply for funding on behalf of a consortium, joint venture, partnership, or team, each member of that consortium, joint venture, partnership, or team is responsible for compliance with the certifications and assurances you select on your Applicant’s behalf.

We expect you to submit your Applicant’s FY 2012 certifications and assurances in TEAM-Web, and its applications for funding as well. Thus you will need to be registered in TEAM-Web to act on your Applicant’s behalf. The TEAM-Web “Recipients” option at the “Certs & Assurances” tab of the “View/Modify Recipients” page contains fields for selecting among the 24 groups of certifications and assurances and a designated field for selecting all 24 groups. If you cannot submit your Applicant’s FY 2012 certifications and assurances electronically, you must submit the Signature Page(s) in Appendix A of this Notice marked to show the groups of certifications and assurances your Applicant is providing.

Affected Public: Individuals and households.

Abstract: Chapter 301 of title 49 of the United States Code, the Secretary of Transportation is authorized to require manufacturers of motor vehicles and items of motor vehicle equipment to conduct owner notification and remedy, i.e., a recall campaign, when it has been determined that a safety defect exists in the performance, construction, components, or materials in motor vehicles and motor vehicle equipment. To make this determination, the National Highway Traffic Safety Administration (NHTSA) solicits information from vehicle owners which is used to identify and evaluate possible safety-related defects and provide the necessary evidence of the existence of such a defect. Under the Authority of chapter 301 of title 49 of the United States Code, the Secretary of Transportation is authorized to require manufacturers of motor vehicle and motor vehicle equipment which do not comply with the applicable motor vehicle safety standards or contains a defect that relates to motor vehicle safety to notify each owner that their vehicle contains a safety defect or noncompliance. Also, the manufacturer of each such motor vehicle item of replacement equipment presented for remedy pursuant to such notification shall cause such defect or noncompliance to be remedied without charge. In the case of a motor vehicle presented for remedy pursuant to such notification, the manufacturer shall cause the vehicle remedied by whichever of the following means he elects: (1) By repairing such vehicle; (2) by replacing such motor vehicle without charge; or (3) by refunding the purchase price less depreciation. To ensure these objectives are being met, NHTSA audits recalls conducted by manufacturer.
