after the United States submits or receives a request for the establishment of a WTO dispute settlement panel. Consistent with this obligation, USTR is providing notice that a dispute settlement panel has been established pursuant to the WTO Dispute Settlement Understanding (“DSU”). The panel will hold its meetings in Geneva, Switzerland.

**Major Issues Raised by China**

On December 8, 2004, the U.S. Department of Commerce published in the Federal Register notice of its affirmative final less-than-fair-value (“LTFV”) determination in the antidumping investigation concerning certain frozen and canned warmwater shrimp from China (69 FR 70997). On February 1, 2005, the Department of Commerce published notice of an amended final LTFV determination, along with an antidumping duty order (70 FR 5149). That amended final LTFV determination has been subsequently amended. On May 24, 2011, the Department of Commerce published notice of an amended final LTFV determination pursuant to a court decision (76 FR 30100). The latter two notices contain the most recent margins of LTFV sales.

On May 22, 2006, the Department of Commerce published in the Federal Register notice of its affirmative final LTFV determination in the antidumping investigation concerning diamond sawblades and parts thereof from China (71 FR 29303). On June 22, 2006, the Department of Commerce published notice of an amended final LTFV determination (71 FR 35864) and on November 4, 2009 the Department published the antidumping duty order (74 FR 57145). The latter notice contains the most recent margins of LTFV sales.

In its request for the establishment of a panel, China alleges that the Department of Commerce improperly calculated margins of dumping by “zeroing” so-called “negative dumping margins.” Based on the use of zeroing, China alleges that the final LTFV determinations and the antidumping duty orders are inconsistent with the first sentence of Article 2.4.2 of the Agreement on Implementation of Article VI of the General Agreement on Tariffs and Trade 1994. In this regard, on March 6, 2006, the Department of Commerce announced that it will no longer use “zeroing” when making average-to-average comparisons in an antidumping investigation. See 71 FR 11189.
