(1) *Type of Information Collection:* Approval of an Existing Collection.

(2) *Title of the Form:* Voluntary Appeal File.

(3) *Agency Form Number, if any, and the applicable component of the department sponsoring the collection:*  
Form Number: 1110-0043.

*Sponsor:* Criminal Justice Information Services (CJIS) Division of the FBI, Department of Justice (DOJ).

(4) *Affected Public who will be asked or required to respond, as well as a brief abstract:*

*Primary:* Any individual requesting entry into the Voluntary Appeal File (VAF) of the FBI Criminal Justice Information Services (CJIS) Division's National Instant Criminal Background Check System (NICS) Section.

*Brief Abstract:* Under 28 CFR, § 25.9(b)(1), (2), and (3), the NICS must destroy all identifying information on allowed transactions within 24 hours of the Federal Firearms Licensee (FFL) being notified of the transaction's proceed status. If a potential purchaser is delayed or denied a firearm then successfully appeals the decision, the NICS Section cannot retain a record of the overturned appeal or the supporting documentation. If the record cannot be updated, the purchaser continues to be delayed or denied, and if that individual appeals the decision, the documentation must be resubmitted for every subsequent purchase. As such, the Voluntary Appeal File (VAF) was mandated to be created and maintained by the NICS Section for the purpose of preventing future lengthy delays or erroneous denials of a firearm transfer. An individual wishing to request entry into the VAF may obtain a VAF brochure from the NICS Section, an FFL, or the NICS Section Web site: <http://www.fbi.gov/about-us/cjis/nics/nics>.

(6) *An estimate of the total public burden (in hours) associated with the collection:*

The number of persons requesting entry into the VAF is estimated to be 7,542 individuals annually. The time it takes each individual to complete the process is 2.5 hours. The total public burden hours are 7,542 respondents multiplied by 2.5 hours which equals 18,855 total burden hours.

#### LIBRARY OF CONGRESS

##### Copyright Office

[Docket No. 2011-1]

##### Cable Statutory License: Specialty Station List

**AGENCY:** Copyright Office, Library of Congress.

**ACTION:** Notice of objections and specialty station filings.

**SUMMARY:** Periodically, the Copyright Office ("Office") seeks to update its list of specialty stations related to the use of the cable compulsory license. In response to the publication of an initial list of specialty stations for this purpose in April of this year, the Office received objections filed by the Motion Picture Association of America to the identification of certain stations as being entitled to specialty station status in accordance with the Federal Communications Commission's ("FCC") definition of specialty station in effect on June 24, 1981. Consequently, before compiling the final list, the Office is providing an opportunity for response to the filed objections. The Office is also publishing for comment a new list of television stations reported in filed affidavits received after publication of the initial list in which the owner or licensee of the television station attests that the station qualifies as a specialty station under the FCC's former rules.

**DATES:** Objections to the newly designated specialty stations must be filed no later than December 8, 2011. Responses to any objections filed to the

newly designated specialty stations must be received no later than January 9, 2012. Responses to any of the MPAA objections noted herein must also be filed with the Office no later than January 9, 2012.

**ADDRESSES:** All comments and reply comments shall be submitted electronically. A comment page containing a comment form is posted on the Copyright Office Web site at <http://www.copyright.gov/docs/ssl>. The Web site interface requires submitters to complete a form specifying name and organization, as applicable, and to upload comments as an attachment via a browser button. To meet accessibility standards, all objections, comments, or other filings must be uploaded in a single file in either the Adobe Portable Document File (PDF) format that contains searchable, accessible text (not an image); Microsoft Word; WordPerfect; Rich Text Format (RTF); or ASCII text file format (not a scanned document). The maximum file size is 6 megabytes (MB). The name of the submitter and organization should appear on both the form and the face of the filings. All objections, comments, and other filings will be posted publicly on the Copyright Office Web site exactly as they are received, along with names and organizations. If electronic submission of objections, comments, or other filings is not feasible, please contact Tracie Coleman of the Licensing Division at (202)-707-8150 for special instructions.

**FOR FURTHER INFORMATION CONTACT:** Ben Golant, Assistant General Counsel, and Tanya M. Sandros, Deputy General Counsel, Copyright GC/I&R, P.O. Box 70400, Southwest Station, Washington, DC 20024. Telephone: (202) 707-8380. Telefax: (202) 707-8366.

**SUPPLEMENTARY INFORMATION:** Under the cable statutory license, a cable operator may retransmit the signal of a distant television station identified as a specialty station at the base rate rather than at the higher 3.75% rate that is incurred for the carriage of a non-permitted signal. 37 CFR 256.2(c). Specialty station status is determined by reference to the former regulations of the FCC which defined a specialty station as "a commercial television broadcast station that generally carries foreign-language, religious, and/or automated programming in one-third of the hours of an average broadcast week and one-third of the weekly prime-time hours." 47 CFR 76.5(kk) (1981). The specialty station designation was part of a complex regulatory structure which governed the carriage of distant network station signals in the 1970s. However,
