The closure of the bridge will occur in order to facilitate laying new rail.

The Coast Guard will inform the users of the waterway through our Local and Broadcast Notices to Mariners of the opening restrictions of the draw span to minimize transiting delays caused by the temporary deviation. There are no alternate routes available but vessels may pass between 5 p.m. and 7 a.m.

Mariners able to pass under the bridge in the closed position may do so at any time and the bridge is able to open for emergency situations. Mariners are advised to proceed with caution.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period.

This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: October 26, 2011.

Waverly W. Gregory, Jr.,
Bridge Program Manager, Fifth Coast Guard District.
