Abstract: National Postsecondary Student Aid Study (NPSAS), a nationally representative study of how students and their families finance education beyond high school, was first implemented by the National Center for Education Statistics (NCES) in 1987 and has been fielded every three to four years since. This submission is for collection of student data in the eighth cycle in the series, NPSAS:12, and supplements the recently obtained approval for NPSAS:12 collection of

institutional data (OMB# 1850–0666 v.9). NPSAS:12 will also serve as the base year study for the Beginning Postsecondary Students Longitudinal Study (BPS) of first-time postsecondary students that will focus on issues of persistence, degree attainment, and employment outcome. BPS will conduct follow-up studies in 2014 and 2017, with revised strata for institution sampling to reflect the recent growth in enrollment in for-profit four-year institutions. Institution contacting for the full scale collection will begin in September 2011, list collection will be conducted January through June 2012, and student data collection will take place January through September 2012. This submission requests approval for collecting student records, conducting student interviews, and post-data collection administrative record matching for the full-scale NPSAS:12.
