**Quarterly Listings; Safety Zones, Security Zones, Special Local Regulations, Drawbridge Operation Regulations and Regulated Navigation Areas**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of expired temporary rules issued.

**SUMMARY:** This document provides required notice of substantive rules issued by the Coast Guard and temporarily effective between March 2010 and July 2011, that expired before they could be published in the **Federal Register**. This notice lists temporary safety zones, security zones, special local regulations, drawbridge operation regulations and regulated navigation areas, all of limited duration and for

which timely publication in the **Federal Register** was not possible.

**DATES:** This document lists temporary Coast Guard rules between March 1, 2010 and July 23, 2011 that became effective and were terminated before they could be published in the **Federal Register**.

**ADDRESSES:** The Docket Management Facility maintains the public docket for this notice. Documents indicated in this notice will be available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building ground floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590 between 9 a.m. and 5 p.m., Monday through Friday, except federal holidays.

**FOR FURTHER INFORMATION CONTACT:** For questions on this notice contact Yeoman First Class Marcus Hyde, Office of Regulations and Administrative Law, telephone (202) 372-3862. For questions on viewing, or on submitting material to the docket, contact Ms. Angie Ames, Docket Operations, telephone (202) 366-5115.

**SUPPLEMENTARY INFORMATION:** Coast Guard District Commanders and Captains of the Port (COTP) must be immediately responsive to the safety and security needs within their jurisdiction; therefore, District Commanders and COTPs have been delegated the authority to issue certain local regulations. *Safety zones* may be established for safety or environmental purposes. A safety zone may be stationary and described by fixed limits or it may be described as a zone around a vessel in motion. *Security zones* limit access to prevent injury or damage to vessels, ports, or waterfront facilities and may also describe a zone around a vessel in motion. *Special local regulations* are issued to enhance the safety of participants and spectators at regattas and other marine events. *Drawbridge operation regulations* authorize changes to drawbridge schedules to accommodate bridge repairs, seasonal vessel traffic, and local public events. *Regulated Navigation Areas* are water areas within a defined boundary for which regulations for

vessels navigating within the area have been established by the regional Coast Guard District Commander.

Timely publication of these rules in the **Federal Register** is often precluded when a rule responds to an emergency, or when an event occurs without sufficient advance notice. The affected public is, however, informed of these rules through Local Notices to Mariners, press releases, and other means. Moreover, actual notification is provided by Coast Guard patrol vessels enforcing the restrictions imposed by the rule. Because **Federal Register** publication was not possible before the beginning of the effective period, mariners were personally notified of the contents of these safety zones, security zones, special local regulations, regulated navigation areas or drawbridge operation regulations by Coast Guard officials on-scene prior to any enforcement action. However, the Coast Guard, by law, must publish in the **Federal Register** notice of substantive rules adopted. To meet this obligation without imposing undue expense on the public, the Coast Guard periodically publishes a list of these temporary safety zones, security zones, special local regulations, regulated navigation areas and drawbridge operation regulations. Permanent rules are not included in this list because they are published in their entirety in the **Federal Register**. Temporary rules are also published in their entirety if sufficient time is available to do so before they are placed in effect or terminated. The temporary rules listed in this notice have been exempted from review under Executive Order 12666, Regulatory Planning and Review, because of their emergency nature, or limited scope and temporary effectiveness.

The following unpublished rules were placed in effect temporarily during the period between March 2010 and July 2011 unless otherwise indicated.

Dated: November 2, 2011.

**K.A. Sinniger**,  
Chief, Office of Regulations and Administrative Law.

[Docket No. USCG-2011-1022]

**Drawbridge Operation Regulations; Elizabeth River, Eastern Branch, Norfolk, VA**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of temporary deviation from regulations.

**SUMMARY:** The Commander, Fifth Coast Guard District, has issued a temporary deviation from the regulations governing the operation of the Norfolk Southern #5 Railroad Bridge, mile 1.1, Norfolk, VA. Under this temporary deviation, the drawbridge may remain in the closed position on specific dates and times to facilitate laying new rail.

**DATES:** This deviation is effective from 7 a.m. to 5 p.m. on November 30, 2011.

**ADDRESSES:** Documents indicated in this preamble as being available in the docket are part of docket USCG-2011-1022 and are available online at [www.regulations.gov](http://www.regulations.gov), inserting USCG-2011-1022 in the “Keyword” box and then clicking “Search”. They are also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation,

West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this rule, call or email Mr. Jim Rousseau, Bridge Management Specialist, Fifth Coast Guard District; telephone (757) 398-6557. *Email—*

**SUPPLEMENTARY INFORMATION:** The Norfolk Southern Corporation, who owns and operates this swing drawbridge, has requested a temporary deviation from the current operating regulations set out in 33 CFR 117.1007(a) to facilitate laying new rail.

Under the current operation schedule, the draw shall remain in the open position for navigation. The draw shall only be closed for train crossings or periodic maintenance. The Norfolk Southern #5 Bridge, at mile 1.1, across the Elizabeth River (Eastern Branch) in Norfolk, VA, has a vertical clearance in the closed position to vessels of 6 feet above mean high water.

To facilitate laying new rail, the drawbridge will be maintained in the closed-to-navigation position from 7 a.m. to 5 p.m. on November 30, 2011. The bridge normally operates in the open position with several vessels

transiting a week. Coordination with waterway users has been completed.

The Coast Guard will inform the users of the waterway through our Local and Broadcast Notices to Mariners of the opening restrictions of the draw span to minimize transiting delays caused by the temporary deviation. There are no alternate routes available but vessels may pass before 7 a.m. and after 5 p.m. Mariners able to pass under the bridge in the closed position may do so at any time and the bridge is able to open for emergencies.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period.

This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: October 26, 2011.
