BILLING CODE 6210–01–P

FEDERAL TRADE COMMISSION

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension

AGENCY: Federal Trade Commission (“FTC” or “Commission”).

ACTION: Notice.

SUMMARY: The FTC intends to ask the Office of Management and Budget (“OMB”) to extend through March 31, 2015, the current Paperwork Reduction Act (“PRA”) clearance for the information collection requirements in the Fair Packaging and Labeling Act (“FPLA”) regulations. That clearance expires on March 31, 2012.

DATES: Comments must be filed by January 13, 2012.

ADDRESSES: Interested parties may file a comment online or on paper, by following the instructions in the Request for Comment part of the **SUPPLEMENTARY INFORMATION** section below. Write “Fair Packaging & Labeling Regs, PRA Comments, P074200” on your comment and file your comment online at <https://ftcpublic.commentworks.com/ftc/fplaPRA> by following the instructions on the Web-based form. If you prefer to file your comment on paper, mail or deliver your comment to the following address:

Federal Trade Commission, Office of the Secretary, Room H–113 (Annex J), 600 Pennsylvania Avenue NW., Washington, DC 20580.

FOR FURTHER INFORMATION CONTACT:

Ronald D. Lewis, Supervisory Investigator, Division of Enforcement, Bureau of Consumer Protection, (202)

326–2985, Federal Trade Commission, 600 Pennsylvania Ave. NW., Washington, DC 20580.

SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501–3521, Federal agencies must get OMB approval for each collection of information they conduct or sponsor. “Collection of information” includes agency requests or requirements to submit reports, keep records, or provide information to a third party. 44 U.S.C. 3502(3); 5 CFR 1320.3(c). As required by the PRA, the FTC is providing this opportunity for public comment before requesting that OMB extend the existing paperwork clearance for the FPLA regulations. 44 U.S.C. 3506(c)(2)(A).

The FTC invites comments on: (1) Whether the labeling requirements in the FPLA regulations are necessary, including whether the information will be practically useful; (2) the accuracy of our burden estimates, including whether the methodology and assumptions used are valid; (3) how to improve the quality, utility, and clarity of the labels; and (4) how to minimize the burden of providing the required information to consumers. All comments should be filed as prescribed in the **ADDRESSES** section above, and must be received on or before January 13, 2012.

The FPLA, 15 U.S.C. 1451–1461, was enacted to eliminate consumer deception concerning product size and package content. Section 4 of the FPLA specifically requires packages or labels to be marked with: (1) A statement of identity; (2) a net quantity of contents disclosure; and (3) the name and place of business of a company that is responsible for the product. The FPLA regulations, 16 CFR parts 500–503, specify how manufacturers, packagers, and distributors of “consumer commodities”¹ must do this.

Estimated annual hours burden: 8,574,900 total burden hours (solely relating to disclosure²).

¹ “The term consumer commodity or commodity means any article, product, or commodity of any kind or class which is customarily produced or distributed for sale through retail sales agencies or instrumentalities for consumption by individuals, or use by individuals for purposes of personal care or in the performance of services ordinarily rendered within the household, and which usually is consumed or expended in the course of such consumption or use.” 16 CFR 500.2(c). For the precise scope of the term’s coverage see 16 CFR 500.2(c); 503.2; 503.5. See also <http://www.ftc.gov/os/statutes/fpla/outline.html>.

² To the extent that the FPLA-implementing regulations require sellers of consumer commodities to keep records that substantiate “cents off,” “introductory offer,” and/or “economy size” claims, Commission staff believes that most, if not all, of the records that sellers maintain would be kept in the ordinary course of business, regardless of the legal mandates.

The number of companies used in the estimate is drawn from the most recent census available.³ Commission staff conservatively estimates that approximately 857,490⁴ manufacturers, packagers, distributors, and retailers of consumer commodities make disclosures at an average burden of ten hours per entity, for a total disclosure burden of 8,574,900 hours.

Estimated annual cost burden: \$186,932,820 (solely relating to labor costs)

The estimated annual labor cost burden associated with the FPLA disclosure requirements consists of one hour of managerial and/or professional time per covered entity (at an hourly rate of \$54), plus two hours of specialized clerical support⁵ (at an hourly rate of \$26), and seven hours of clerical time per covered entity (at an hourly rate of \$16), for a total of \$186,932,820 (\$218 blended labor cost per covered entity × 857,490 entities).⁶

Total capital and start-up costs are de minimis. For many years, covered businesses have done the packaging and labeling activities that require capital and start-up costs in the ordinary course of business independent of the FPLA regulations. Similarly, firms provide consumers the required information in the ordinary course of business.

Request for Comment: You can file a comment online or on paper. For the Commission to consider your comment, we must receive it on or before January 13, 2012. Write “Fair Packaging & Labeling Regs, PRA Comments, P074200” on your comment. Your comment—including your name and

⁴ Although this figure is not rounded, it is an estimate as it is the sum total of projected industry codes subject to the FPLA. But, even allowing for industries that may apply, the Census data do not separately break out non-household products from household use. Accordingly, the source information is over-inclusive and thus overstates what is actually subject to the FPLA.

⁵ “Specialized clerical support” consists of computer support personnel who design the appearance and layout of product packaging, including appropriate display of the disclosures required by the FPLA regulations.

⁶ Based generally on the National Compensation Survey: Occupational Earnings in the United States, 2010, U.S. Department of Labor, U.S. Bureau of Labor Statistics (May 2011) (“BLS National Compensation Survey”) (citing the mean hourly earnings for management occupations, legal occupations/lawyers, and assorted clerical positions), available at <http://www.bls.gov/ncs/ncswage2010.html>. Clerical estimates are derived from the above source data, applying roughly a mid-range of mean hourly rates for potentially applicable clerical types, e.g., computer operators, data entry and information processing workers.
