RIN 3245-AG29

Small Business Size Standards: Educational Services

AGENCY: U.S. Small Business Administration.

ACTION: Proposed rule.

SUMMARY: The U.S. Small Business Administration (SBA) proposes to increase small business size standards for nine industries in North American Industry Classification System (NAICS) Sector 61, Educational Services. As part of its ongoing comprehensive size standards review, SBA has evaluated all size standards in NAICS Sector 61 to determine whether the existing size standards should be retained or revised. This proposed rule is one of a series of proposals that will examine size standards of industries grouped by NAICS Sector. SBA issued a White Paper entitled "Size Standards Methodology" and published a notice in the October 21, 2009 issue of the *Federal Register* that "Size Standards Methodology" is available on its Web site at <http://www.sba.gov/size> for public review and comments. The "Size Standards Methodology" White Paper explains how SBA establishes, reviews and modifies its receipts based and employee based small business size standards. In this proposed rule, SBA has applied its methodology that pertains to establishing, reviewing and modifying a receipts based size standard.

DATES: SBA must receive comments to this proposed rule on or before January 17, 2012.

SUPPLEMENTARY INFORMATION: To determine eligibility for Federal small business assistance, SBA establishes small business size definitions (referred to as size standards) for private sector industries in the United States. SBA uses two primary measures of business size: average annual receipts and average number of employees. SBA uses financial assets, electric output, and refining capacity to measure the size for a few specialized industries. In addition, SBA's Small Business Investment Company (SBIC), Certified Development Company (504) and 7(a) Loan Programs use either the industry based size standards or net worth and net income based size standards to determine eligibility for those programs. At the beginning of SBA's comprehensive size standards review, there were 41 different size standards, covering 1,141 NAICS industries and 18
