

lodged with the United States District Court for the Western District of Michigan.

The proposed Consent Decree resolves cost recovery and contribution claims under the Comprehensive Environmental Response, Compensation, and Liability Act, 42 U.S.C. 9601–9675, against D&L Sales, Inc. and the Department of Defense, arising from radiological and chemical contamination at the Aircraft Components Inc. Superfund Site near Benton Harbor, Michigan. Under the proposed ability-to-pay Consent Decree, D&L Sales, which has incurred response costs exceeding \$675,000 to date, will implement institutional controls to protect the remedy. The Department of Defense will pay \$5,649,438 to resolve its alleged contribution liability at the Site.

The Department of Justice will receive for a period of 30 days from the date of this publication comments relating to the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either emailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044–7611, and should refer to *United States v. D&L Sales, Inc.*, D.J. Ref. 90–11–3–08695.

During the public comment period, the Consent Decree, may also be examined on the following Department of Justice Web site, http://www.usdoj.gov/enrd/Consent_Decrees.html. A copy of the Consent Decree may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044–7611 or by faxing or emailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov), fax no. (202) 514–0097, phone confirmation number (202) 514–1547. In requesting a copy from the Consent Decree Library, please enclose a check in the amount of \$22.25 (25 cents per page reproduction cost) payable to the U.S. Treasury or, if by email or fax, forward a check in that amount to the Consent Decree Library at the stated address.

Maureen Katz,

Assistant Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

Bureau of Labor Statistics

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the “National Compensation Survey.” A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the Addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before January 17, 2012.

ADDRESSES: Send comments to Nora Kincaid, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE., Washington, DC 20212. Written comments also may be transmitted by fax to (202) 691–5111 (this is not a toll free number).

FOR FURTHER INFORMATION CONTACT: Nora Kincaid, BLS Clearance Officer, at (202) 691–7628 (this is not a toll free number). (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The National Compensation Survey (NCS) is an ongoing survey of earnings and benefits among private firms, State, and local government. The NCS is currently the integration of the sampling, collection, and processing for the Employment Cost Index (ECI) and the Employee Benefits Survey (EBS) into a single, unified program of compensation statistics. This integration improves data for policymakers and researchers, reduces respondent burden, improves the utilization of BLS

resources, and enhances the published measures of compensation.

Data from the integrated program include estimates of wages covering broad groups of related occupations, and data that directly link benefit plan costs with detailed plan provisions. The integrated program’s single sample also produces both time-series indexes and cost levels for industry and occupational groups, thereby increasing the analytical potential of the data. Benefits of the integrated sample include: Improved measures of trends; better integration of benefit costs and plan provisions; data for narrow occupations; and broad regional and occupational coverage. The NCS employs probability methods for selection of occupations. This ensures that sampled occupations represent all occupations in the workforce, while minimizing the reporting burden on respondents. Data from the NCS are used for setting Federal white-collar salaries, determining monetary policy (as a Principal Federal Economic Indicator), and for compensation administrators and researchers in the private sector.

The survey collects data from a sample of employers. These data will consist of information about the duties, responsibilities, and compensation (earnings and benefits) for a sample of occupations for each sampled employer.

Data will be updated on a quarterly basis. The updates will allow for production of data on change in earnings and total compensation.

II. Current Action

Office of Management and Budget clearance is being sought for the National Compensation Survey.

The NCS collects earnings and work level data on occupations for the nation. The NCS also collects information on the cost, provisions, and incidence of all the major employee benefits through its benefit cost and benefit provision programs and publications.

The Administration’s final approved budget for fiscal year 2011 called for an alternative to the Locality Pay Survey (LPS), which was the part of the National Compensation Survey that provides occupational wage data by industry and specific geographic areas. The alternative to the LPS uses data from two current BLS programs—the Occupational Employment Statistics (OES) survey and the ECI program. In this new approach, OES data provides wage data by occupation and by area, while ECI data are used to specify grade level effects. This new approach is also being used to extend the estimation of pay gaps to areas that were not included

in the LPS and these data have been delivered to the Pay Agent.

NCS is reverting to a national survey design in order to preserve the reliability of the ECI and EBS, after the loss of the LPS sample. This also allowed the sample size of the ECI and EBS programs to be reduced by about 25 percent. Starting in Fiscal Year 2013 the new NCS private industry sample will be on a 3 year rotational cycle, which is a change from the previous 5 years rotational cycle for private industry sample members. Sample changes are reflected in the stated collection and respondent burden estimates.

The NCS data on benefit costs is used to produce the ECI and Employer Costs for Employee Compensation. The data provided will be the same, and the series will be continuous.

The NCS will continue to provide employee benefit provision and participation data. These data include estimates of how many workers receive the various employer-sponsored benefits. The data also will include information about the common provisions of benefit plans.

NCS has modified our collection forms, to 14 forms (normally having unique private industry and government initiation and update collection forms

and versions.) Two forms are unique for private industry and government sample members who report data through our Secure Sockets Layer (SSL) encryption Web site. For NCS update collection, the forms give respondents their previously reported information, the dates they expected change to occur to these data, and space for reporting these changes.

A second generation version of a Web-based (Internet Data Collection Facility (IDCF)) data collection system is currently being field tested. This will allow survey respondents to easily further refine and breakout the detailed data they send NCS using this Web application.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Type of Review: Revision of a currently approved collection.

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information, in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments on the proposed extension of the Labor Market Information (LMI) Cooperative Agreement application package. A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the

ADDRESSES section of this notice on or before January 17, 2012.

ADDRESSES: Send comments to Carol Rowan, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE., Washington, DC 20212. Written comments also may be transmitted by fax to (202) 691-5111 (this is not a toll free number).

FOR FURTHER INFORMATION CONTACT: Carol Rowan, BLS Clearance Officer, at (202) 691-7628 (this is not a toll free number). (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The BLS enters into Cooperative Agreements with State Workforce Agencies (SWAs) annually to provide financial assistance to the SWAs for the production and operation of the following LMI statistical programs: Current Employment Statistics, Local Area Unemployment Statistics, Occupational Employment Statistics, Quarterly Census of Employment and Wages, and Mass Layoff Statistics. The Cooperative Agreement provides the basis for managing the administrative and financial aspects of these programs.

The existing collection of information allows Federal staff to negotiate the Cooperative Agreement with the SWAs and monitor their financial and programmatic performance and adherence to administrative requirements imposed by common regulations implementing Office of OMB Circular A-102 and other grant related regulations. The information collected also is used for planning and budgeting at the Federal level and in meeting Federal reporting requirements.

The Cooperative Agreement application package being submitted for approval is representative of the package sent every year to State agencies. The work statements included in the Cooperative Agreement application also are representative of

what is included in the whole LMI Cooperative Agreement package. The final Cooperative Agreement, including the work statements, will be submitted separately to the Office of Management and Budget for review of any minor year-to-year information collection burden changes they may contain.

II. Current Action

Office of Management and Budget clearance is being sought for an extension to the existing clearance for the LMI Cooperative Agreement package.
