#### SUPPLEMENTARY INFORMATION:

**Title:** (7 CFR part 766) Farm Loan Programs—Direct Loan Servicing-Special.

**OMB Number:** 0560-0233.

**Expiration Date:** 01/31/2014.

**Type of Request:** Revision.

**Abstract:** FSA is revising a currently approved information collection to add two new forms which would allow certain borrowers to: (1) Request a new notification of loan servicing options available; and (2) complete a new loan servicing application.

FSA's Farm Loan Programs provide loans to family farmers to purchase real estate and equipment and finance agricultural production. Direct Loan Servicing—Special, as specified in 7 CFR part 766, provides the requirements for servicing financially distressed and delinquent direct loan borrowers. FSA's loan servicing options include disaster set-aside, primary loan servicing (including reamortization, rescheduling, deferral, write down and conservation contracts), buyout at market value, and homestead protection. FSA also services borrowers who file bankruptcy or liquidate security when servicing options are not available or are insufficient to produce a feasible plan. The information collections contained in the regulation are necessary to evaluate a borrower's request for consideration of the special servicing actions.

**Respondents:** Individuals or households, businesses or other for profit farms.

**Estimated Annual Number of Respondents:** 14,929.

**Estimated Number of Responses per Respondent:** 1.

**Total Annual Responses:** 27,905.

**Estimated Total Annual Burden Hours:** 15,832.

We are requesting comments on all aspects of this information collection and to help us to:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the FSA, including whether the information will have practical utility;

(2) Evaluate the accuracy of the FSA's estimate of burden including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including names and addresses when provided, will be a matter of public record. Comments will be summarized and included in the submission for Office of Management and Budget approval.

Signed on: November 15, 2011.

#### Tobacco Transition Payment Program; Availability of Current Assessment Methods Determination Document

**AGENCY:** Commodity Credit Corporation and Farm Service Agency, USDA.

**ACTION:** Notice of availability of determinations.

**SUMMARY:** The Commodity Credit Corporation (CCC) is making available a document regarding two consolidated determinations with respect to the current methods used to calculate manufacturer and importer assessments that fund the Tobacco Transition Payment Program (TTPP). It is in response to challenges raised in two lawsuits—*Prime Time International Co. v. Vilsack et al.* and *Philip Morris USA Inc. v. Vilsack et al.*—involving the terms and construction of the Fair and Equitable Tobacco Reform Act of 2004 (FETRA). Both matters involve the question of what is a “share of gross domestic volume” within the meaning of FETRA and the question of what is to be done with those “shares” in calculating program liabilities. Because the outcomes of these two lawsuits have the potential to affect not only the plaintiffs, but also all other importers and manufacturers, public availability of a USDA determination is warranted.
