

or silver. Any uncertainty regarding the jurisdictional status of a product could presumably interfere with OCC's ability to provide clearance and settlement services with respect to the product. The proposed rule change, by allowing OCC confirm in its rules the treatment of a relative performance index, should facilitate the clearance and settlement of such products and, thus, should help promote the prompt and accurate clearance and settlement of securities transactions and of derivative transactions.

#### IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and in particular with the requirements of Section 17A of the Act<sup>6</sup> and the rules and regulations thereunder.

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act,<sup>7</sup> that the proposed rule change (File No. SR-OCC-2011-14) be, and hereby is, approved.<sup>8</sup>

## II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

NASDAQ is proposing to modify Rule 7050 governing fees assessed for option orders entered into NOM but routed to and executed on away markets ("Routing Fees"). Specifically, NASDAQ is proposing to amend the Professional Routing Fee for orders routed to the BATS Exchange, Inc. ("BATS").

The Exchange currently assesses the following Routing Fees to route orders to BATS: a Customer is assessed \$0.36 per contract; a Firm is assessed \$0.55 per contract; a Market Maker is assessed \$0.55 per contract; and a Professional is assessed \$0.36 per contract. The Exchange is proposing to amend the Professional Routing Fee to BATS from \$0.36 per contract to \$0.48 per contract. The other BATS Routing Fees for Customers, Firms and Market Makers would remain the same.

BATS recently adopted a definition for a professional and amended its Fee Schedule to assess a fee of \$.42 for professionals that remove liquidity from

BATS Options.<sup>3</sup> The Exchange is proposing to amend its Professional Routing Fee to BATS to recoup this fee. In addition, NASDAQ Options Services LLC ("NOS"), a member of the Exchange, is the Exchange's exclusive order router. Each time NOS routes to away markets NOS is charged a \$0.06 clearing fee and, in the case of certain exchanges, a transaction fee is also charged in certain symbols, which are passed through to the Exchange. The Exchange is proposing this amendment in order to recoup clearing and transaction charges incurred by the Exchange when Professional orders are routed to BATS.<sup>4</sup>

In addition, the Exchange proposes to amend Exchange Rule 7053 to remove outdated text. The Exchange previously filed a rule change to amend Exchange Rule 7053 in connection with trading system enhancements that were to take place on October 3, 2011.<sup>5</sup> The rule change implemented new Access Services Fees for all NOM Participants as of October 3, 2011 at which time all NOM Participants were required to transition to the new trading platform. The effective fees as of October 3, 2011 are located in Part C of Rule 7053. At this time, the Exchange proposes to remove Parts A and B as they are no longer effective and also remove the reference to the words "Part C" and "as of October 3, 2011" and the note which states "As of October 3, 2011, the fees in Parts A and B shall no longer apply. All NOM Participants will be assessed the fees in Part C." This language is no longer necessary with the deletion of

<sup>3</sup> See Securities Exchange Act Release No. 65694 (November 4, 2011) (SR-BATS-2011-046).

<sup>4</sup> The Exchange is proposing to recoup the \$.42 per contract professional taker fee for orders routed to BATS along with the \$0.06 clearing fee which is incurred by the Exchange, as explained herein.

<sup>5</sup> See Securities Exchange Act Release No. 65180 (August 22, 2011), 76 FR 53521 (August 26, 2011) (SR-NASDAQ-2011-111).

Parts A and B. The remaining text will reflect the existing fees.

## 2. Statutory Basis

NASDAQ believes that the proposed rule changes are consistent with the provisions of Section 6 of the Act,<sup>6</sup> in general, and with Section 6(b)(4) of the Act,<sup>7</sup> in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls.

The Exchange believes that the amendment to the BATS Professional Routing Fee is reasonable because it seeks to recoup costs that are incurred by the Exchange when routing Professional orders to BATS on behalf of its members. Each destination market's transaction charge varies and there is a standard clearing charge for each transaction incurred by the Exchange. The Exchange believes that the proposed Professional Routing Fee would enable the Exchange to recover the professional taker fee assessed by BATS, plus clearing fees for the execution of Professional orders. The Exchange also believes that the proposed Routing Fee is equitable and not unfairly discriminatory because it would be uniformly applied to all Professionals.

In addition, the Exchange believes that the proposed amendments to Exchange Rule 7053 are reasonable, equitable and not unfairly discriminatory because the amendments seek to remove outdated and unnecessary language from the Rule text. The amendments will clarify the current Rule for all NOM Participants.

NASDAQ is one of nine options market in the national market system for standardized options. Joining NASDAQ and electing to trade options is entirely voluntary. Under these circumstances, NASDAQ's fees must be competitive and low in order for NASDAQ to attract order flow, execute orders, and grow as a market. NASDAQ thus believes that its fees are fair and reasonable and consistent with the Exchange Act.

## B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

## C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act<sup>8</sup> and paragraph (f)(2) of Rule 19b-4<sup>9</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

## IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

### Electronic Comments
