Type of Review: Revision.

Title of Collection: Schools and Staffing Survey (SASS) Teacher Status Update 2012 for Teacher Follow-up Survey (TFS:13).

OMB Control Number: 1850-0598.

Agency Form Number(s): N/A.

Frequency of Responses: Once.

Affected Public: State, Local or Tribal Government.

Total Estimated Number of Annual Responses: 12,870.

Total Estimated Annual Burden Hours: 2,145.

Abstract: The Schools and Staffing Survey (SASS) is an in-depth, nationally-representative survey of first through twelfth grade public and private school teachers, principals, schools, library media centers, and school districts. Kindergarten teachers in schools with at least a first grade are also surveyed. For traditional public school districts, principals, schools, teachers and school libraries, the survey estimates are state-representative. For public charter schools, principals, teachers, and school libraries, the survey estimates are nationally-representative. For private school principals, schools, and teachers, the survey estimates are representative of private school types. There are two additional components within SASS's 4-year data collection cycle: the Teacher Follow-up Survey (TFS) and the

Principal Follow-up Survey, which are conducted a year after the SASS main collection. In preparation for TFS, in the year following SASS, schools that provided a teacher list form in SASS schools are sent a Teacher Follow-up Survey Teacher Status update form (TFS-1) requesting information regarding the occupational status of each interviewed teacher. These data are used to stratify the teachers for TFS sampling into groups of "stayers" (still teaching at the same school), "movers" (still teaching, but at a different school) or "leavers" (no longer teaching). The current school principal or someone else in the front office knowledgeable about the school's staff completes the TFS-1. This submission requests approval for collecting data on the current status of SASS teachers using the TFS-1 form.
