Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an email to *omb@cdc.gov*. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC 20503 or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Formative Research to Support the Development of Sickle Cell Disease

Educational Messages and Materials for the Division of Blood Disorders—New—National Center on Birth Defects and Developmental Disabilities (NCBDDD), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

CDC seeks to improve the quality of life of people living with sickle cell disease (SCD). To accomplish this goal, CDC aims to address the need for educational messages and materials for adolescents, young adults, adults, and older adults living with SCD. CDC is interested in understanding the informational needs of these audiences related to the adoption of healthy behaviors and the prevention of complications associated with sickle cell disease. To develop valuable messages and materials, CDC will conduct formative focus groups with people with SCD across the country. Participants will stem from four urban centers as well as more remote, rural areas. Based on the findings from the formative focus groups, CDC will develop and test draft messages.

A total of 10 focus groups will be conducted. Eight focus groups with people with SCD would be held in four cities: Atlanta, GA; Detroit, MI; Oakland, CA; and Philadelphia, PA. Two in-person focus groups—one with males and one with females—will be

conducted in each city with each target audience: adolescents aged 15-17, young adults aged 18-25, adults aged 26-35, and older adults 36 and over. To reach more rural participants, two telephone focus groups will be conducted: one with female adolescents aged 15-17 and a second with male older adults aged 36 and older.

The focus groups will be conducted with eight to nine participants in each and will last 2 hours. As part of the focus group, participants will complete an informed consent or adolescent assent form before discussion begins. The parents of the expected 27 adolescent participants (three groups of 9 each) will fill out a permission form to provide their consent in advance of the groups. The use of trained moderators and a structured moderator's guide will ensure that consistent data are collected across the groups. In total, up to 90 people with SCD will participate in the focus group data collection. It is estimated that 120 potential participants will need to be screened to reach the target of 90 participants. The estimated time per response for screening and recruitment is 12 minutes.

CDC requests OMB approval to obtain clearance for one year. There is no cost to respondents other than their time. The estimated annualized burden hours for this data collection activity are 204.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondent	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Parents of adolescents (aged 15-17) living with SCD	Participant Screener and Recruitment Script.	120	1	12/60
Young adults (aged 18-25) living with SCD. Adults (aged 26-35) living with SCD. Older adults (aged 36+) living with SCD.				
Adolescents (aged 15-17) living with SCD	Focus Group Moderator's Guide.	90	1	2
Young adults (aged 18-25) living with SCD. Adults (aged 26-35) living with SCD.				
Older adults (aged 36+) living with SCD.

Medicare Program; Announcement of a New Application Deadline for the Advance Payment Model

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Notice.

SUMMARY: This notice announces a new application deadline for participation in the Advance Payment Model for certain accountable care organizations participating in the Medicare Shared Savings Program scheduled to begin in 2012.

DATES: *Application Submission Deadlines for the Advance Payment Model:* Applications for the performance period beginning on April

1, 2012 will be accepted from January 3, 2012 through February 1, 2012.

The period during which applications will be accepted for the performance period beginning on July 1, 2012 will remain identical to the period for the Medicare Shared Savings Program. More information is available on the Advance Payment Model Web site at <http://www.innovations.cms.gov/initiatives/aco/advance-payment/index.html>.

FOR FURTHER INFORMATION CONTACT: Dan Farmer, (410) 786-5497.

SUPPLEMENTARY INFORMATION:

I. Background

The Centers for Medicare & Medicaid Services (CMS) is committed to achieving the three-part aim of better health for populations, better health care for individuals, and lower growth in expenditures through continuous improvement for Medicare, Medicaid, and Children's Health Insurance Program (CHIP) beneficiaries. One potential mechanism for achieving this goal is for CMS to partner with groups of health care providers of services and suppliers that have a mechanism for shared governance and have formed an Accountable Care Organization (ACO) through which they work together to coordinate care for a specified group of patients. We will pursue such partnerships through complementary efforts, including the Medicare Shared Savings Program and initiatives undertaken by the Center for Medicare and Medicaid Innovation (Innovation Center).

The Advance Payment Model is an Innovation Center initiative designed for participants in the Medicare Shared Savings Program in need of prepayment of expected shared savings to build their capacity to provide high quality, coordinated care and generate cost savings. The Advance Payment Model will test whether and how pre-paying a portion of future shared savings could increase participation in the Medicare Shared Savings Program, and whether advance payments will enhance the ability of ACOs to effectively coordinate care and generate Medicare savings, as well as the speed at which they attain that goal.

In the November 2, 2011 **Federal Register** (76 FR 68012), we published a notice announcing the Advance Payment Model. Additional information about the Advance Payment Model is available on the Advance Payment Model Web site at <http://www.innovations.cms.gov/initiatives/aco/advance-payment/index.html>.

II. Provisions of the Notice

This notice announces a new deadline for applications to the Advance Payment Model for the performance period beginning April 1, 2012. We will accept applications to the Advance Payment Model from January 3, 2012 through February 1, 2012. The period during which applications will be accepted for the performance period beginning on July 1, 2012 will remain identical to the period for the Medicare Shared Savings Program.

Organizations interested in applying to the Advance Payment Model must also complete an application for the Shared Savings Program. This modified deadline will provide organizations interested in the Advance Payment Model with more time to complete the additional application needed for the Advance Payment Model. Information about the application process and deadlines for the Shared Savings Program is available at <http://www.cms.gov/sharesavingsprogram>.

Additional information about the application process for the Advance Payment Model is available on the Advance Payment Model Web site at <http://www.innovations.cms.gov/initiatives/aco/advance-payment/index.html>.

SUPPLEMENTARY INFORMATION:

Background and Purpose

The Coast Guard is considering new policy that would align Coast Guard guidance with the International Code for the Construction and Equipment of Ships Carrying Dangerous Chemicals in Bulk (IBC Code) as it may relate to oceangoing barges carrying NLS.

The new policy under consideration by the Coast Guard would provide affected parties with an equivalent
