

collection programs conducted by the National Research Council (NRC) in 2005/2006, and the provisions of the Magnuson-Stevens Reauthorization Act, codified at Section 401(g) of the Magnuson-Stevens Fishery Conservation and Management Act (MSA), which require the Secretary of Commerce to commence improvements to recreational fisheries surveys, including establishing a national saltwater angler and for-hire vessel registry, by January 1, 2009. A final rule that includes regulatory measures to implement the Registry Program (Regulation Identifier Number (RIN) 0648-AW10) was adopted and codified in 50 CFR 600.1400 to 600.1417.

The Registry Program collects identification and contact information from those anglers and for-hire vessels who are involved in recreational fishing in the United States Exclusive Economic Zone or for anadromous fish in any waters, unless the anglers or vessels are exempted from the registration requirement. The data that is collected includes: for anglers—name, address, date of birth, telephone contact information, and region(s) of the country in which they fish; for for-hire vessels—owner and operator name, address, date of birth, telephone contact information, vessel name and registration/documentation number, and home port or primary operating area. This information is compiled into a national and/or series of regional registries that is being used to support surveys of recreational anglers and for-hire vessels to develop estimates of recreational angling effort.

There is a program change with this submission: a \$15 registration fee will now be charged.

Affected Public: Business or other for-profit organizations; individuals or households.

Frequency: Annually.

Respondent's Obligation: Mandatory.

SUPPLEMENTARY INFORMATION:

I. Abstract

The U.S. Census Bureau plans to request clearance for the collection of data concerning the Fertility Supplement to be conducted in conjunction with the June 2012 CPS. The Census Bureau sponsors the supplement questions, which were previously collected in June 2010, and have been asked periodically since 1971. This year, the 2012 Fertility Supplement will include revised questions on marital status and cohabitation of women at the time of their first birth.

This survey provides information used mainly by government and private analysts to project future population growth, to analyze child spacing, and to

aid policymakers in their decisions affected by changes in family size and composition. Past studies have discovered noticeable changes in the patterns of fertility rates and the timing of the first birth. Potential needs for government assistance, such as aid to families with dependent children, child care, and maternal health care for single parent households, can be estimated using CPS characteristics matched with fertility data.

II. Method of Collection

The fertility information will be collected by both personal visit and telephone interviews in conjunction with the regular June CPS interviewing. All interviews are conducted using computer-assisted interviewing

III. Data

OMB Control Number: 0607-0610.

Form Number: There are no forms.

We conduct all interviewing on computers.

Type of Review: Regular submission.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 30,000.

Estimated Time per Response: 1 minute.

Foreign-Trade Zones Board

[Order No. 1801]

Approval for Subzone Expansion and Expansion of Manufacturing Authority; Foreign-Trade Subzone 124B; North American Shipbuilding, LLC (Shipbuilding); Larose, Houma, and Port Fourchon, Louisiana

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the South Louisiana Port Commission, grantee of Foreign-Trade Zone 124, has requested an expansion of the subzone and the scope of manufacturing authority on behalf of North American Shipbuilding, LLC (NAS), operator of Subzone 124B at the NAS shipbuilding facilities in Larose, Houma, and Port Fourchon, Louisiana (FTZ Docket 27-2011, filed 4-8-2011);

Whereas, notice inviting public comment has been given in the **Federal Register** (76 FR 21702-21703, 4-18-2011) and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations would be satisfied, and that the proposal would be in the public interest;

Now, therefore, the Board hereby orders:

The application to expand the subzone and the scope of manufacturing authority under zone procedures within Subzone 124B, as described in the application and **Federal Register** notice, is approved, subject to the Act and the Board's regulations, including Section 400.28, and the following special conditions:

1. Any foreign steel mill product admitted to the subzone, including plate, angles, shapes, channels, rolled steel stock, bars, pipes and tubes, not incorporated into merchandise otherwise classified, and which is used in manufacturing, shall be subject to customs duties in accordance with applicable law, unless the Executive Secretary determines that the same item

is not then being produced by a domestic steel mill.

2. NAS shall meet its obligation under 15 CFR § 400.28(a)(3) by annually advising the Board's Executive Secretary as to significant new contracts with appropriate information concerning foreign purchases otherwise dutiable, so that the Board may consider whether any foreign dutiable items are being imported for manufacturing in the subzone primarily because of FTZ procedures and whether the Board should consider requiring customs duties to be paid on such items.

Signed at Washington, DC, this 28th day of November, 2011.

Paul Piquado

Assistant Secretary of Commerce for Import Administration Alternate Chairman, Foreign-Trade Zones Board.

Stainless Steel Plate in Coils From Belgium: Notice of Extension of Time Limit for Preliminary Results of Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce

DATES: *Effective Date:* December 5, 2011.

FOR FURTHER INFORMATION CONTACT: Jolanta Lawska or John Conniff at (202) 482-8362 and (202) 482-1009, respectively; AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230.

Background

On June 28, 2011, the Department of Commerce (the "Department") published in the **Federal Register** a notice of initiation of the administrative review of the antidumping duty order on stainless steel plate in coils from Belgium, covering the period May 1, 2010, through April 30, 2011. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 76 FR 37781 (June 28, 2011). The preliminary results of this review are currently due no later than January 31, 2012.

Extension of Time Limits for Preliminary Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order or finding for which a review is requested. Section 751(a)(3)(A) of the Act further states that if it is not practicable to complete the review within the time period specified, the administering authority may extend the 245-day period to issue its preliminary results by up to 120 days.

We determine that completion of the preliminary results of this review within the 245-day period is not practicable for the following reasons. This review requires the Department to gather and analyze a significant amount of information pertaining to the company's sales practices, manufacturing costs and corporate relationships, which is complicated due to recent changes in its corporate structure. Given the number and complexity of issues in this case, and in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of review by 120 days. Therefore, the preliminary results are now due no later than May 30, 2012. The final results continue to be due 120 days after publication of the preliminary results.

We are issuing and publishing this notice in accordance with sections 751(a)(3)(A) and 777(i)(1) of the Act.

Dated: November 29, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
