SUPPLEMENTARY INFORMATION: In accordance with the provisions of the Federal Advisory Council Act (FACA) as amended (5 U.S.C. App. 2) and with the concurrence of the General Services Administration, USDA is announcing the establishment of an advisory Council for Native American farmers and ranchers. The Council is a discretionary advisory Council established under the authority of the Secretary of Agriculture, in furtherance of the settlement agreement in *Keepseagle v. Vilsack* that was granted final approval by the District Court for the District of Columbia on April 28, 2011. The Council will operate under the provisions of the FACA and report to the Secretary of Agriculture.

The purpose of the Council is (1) to advise the Secretary of Agriculture on issues related to the participation of Native American farmers and ranchers in USDA farm loan programs; (2) to transmit recommendations concerning any changes to FSA regulations or internal guidance or other measures that would eliminate barriers to program participation for Native American farmers and ranchers; (3) to examine methods of maximizing the number of new farming and ranching opportunities created through the farm loan program through enhanced extension and financial literacy services; (4) to examine methods of encouraging intergovernmental cooperation to mitigate the effects of land tenure and probate issues on the delivery of USDA farm loan programs; (5) to evaluate other methods of creating new farming or ranching opportunities for Native American producers; and (6) to address other related issues as deemed appropriate.

The Council will have 15 members, 11 of whom will be Native American leaders or persons who represent the interests of Native American Tribes or Native American organizations. The term "Native American leaders" is not limited to elected Tribal representatives or members or persons with Native American ancestry. The remaining four members will be high-ranking USDA officials, including: (1) The Senior Advisor to the Secretary, Tribal Relations; (2) the Farm Service Agency

Administrator; (3) the Assistant Secretary for Civil Rights; and (4) the Deputy Administrator for Farm Loan Programs, or their delegates.

Members shall serve without compensation, but may receive reimbursement for travel expenses and per diem in accordance with USDA travel regulations for attendance at Council functions. Council members who represent the interests of Native American farmers and ranchers may also be paid an amount not less than \$100 per day for time spent away from their employment or farming or ranching operation, subject to the availability of funds. Members may include:

- Native American farmers or ranchers who have participated in USDA loan or payment programs;
- Representatives of organizations with a history of working with Native American farmers or ranchers;
- Civil rights professionals;
- Representatives of Tribal governments with demonstrated experience working with Native American farmers or ranchers; and
- Such other persons as the Secretary considers appropriate.

No individual who is currently registered as a Federal lobbyist is eligible to serve as a member of the Council.

The Secretary of Agriculture invites those individuals, organizations, and groups affiliated with the categories listed above or who have knowledge of issues related to the purpose of the Council to nominate individuals for membership on the Council. Individuals and organizations who wish to nominate experts for this or any other USDA advisory Council should submit a letter to the Secretary listing these individuals' names and business address, phone, and email contact information. The Secretary of Agriculture seeks a diverse group of members representing a broad spectrum of persons interested in providing suggestions and ideas on how USDA can tailor its farm programs to meet the needs of Native American farmers and ranchers. Individuals receiving nominations will be contacted and asked to return the AD-755 application form and resume within 10 business days of notification. All candidates will be vetted and considered for appointment by the Secretary of Agriculture. Equal opportunity practices will be followed in all appointments to the Council in accordance with USDA policies. The Council will meet at least twice a year.

Secretary.

Foreign-Trade Zones Board

[Docket 76–2011]

Foreign-Trade Zone 15—Kansas City, MO; Application for Manufacturing Authority; Blount, Inc. (Log Splitters); Kansas City, MO

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Greater Kansas City Foreign Trade Zone, Inc., grantee of FTZ 15, requesting manufacturing authority on behalf of Blount, Inc. (Blount), located in Kansas City, Missouri. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on November 29, 2011.

The Blount facility (170 employees, 100,000 unit capacity) is located within Site 3 of FTZ 15. The facility is used for the assembly, warehousing and distribution of forestry, farm and log products. FTZ manufacturing authority is being requested for the assembly of gasoline powered log splitters. Components and materials sourced from abroad (representing 30% of the value of the finished product) include: Beams, cylinders, pumps, tanks, tires, wedges, tongue attachments, beam weldments and non-threaded fasteners (duty rate ranges from 2.8 to 4.7%). The application also requests authority to include a broad range of inputs and finished forestry, farm and log products that Blount may produce under FTZ procedures in the future. New major activity involving these inputs/products would require review by the FTZ Board.

FTZ procedures could exempt Blount from customs duty payments on the foreign components used in export production. The company anticipates that some 10 percent of the plant's shipments will be exported. On its domestic sales, Blount would be able to choose the duty rates during customs

entry procedures that apply to log splitters (duty rate 2.4%) for the foreign inputs noted above. FTZ designation would further allow Blount to realize logistical benefits through the use of weekly customs entry procedures. Customs duties also could possibly be deferred or reduced on foreign status production equipment. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is February 6, 2012. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to February 20, 2012.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Elizabeth Whiteman at *Elizabeth.Whiteman@trade.gov* or (202) 482–0473.

Dated: November 29, 2011.

Andrew McGilvray,

Executive Secretary.
