

Period of Investigation

The period of investigation is July 1, 2010, through June 30, 2011.

Postponement of Preliminary Determination

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to make a preliminary determination no later than 140 days after the initiation of the investigation.

On November 23, 2011, petitioners ABB Inc., Delta Star, Inc., and Pennsylvania Transformer Technology Inc. (collectively, petitioners) made a timely request pursuant to 19 CFR 351.205(e) for a postponement of the preliminary determination because of the extraordinarily complicated nature of the proceeding and its required analysis, and because the Department is still gathering questionnaire responses from the respondents. See Letter from petitioners to the Department, entitled "Large Power Transformers from the Republic of Korea—Petitioners' Request for Extension of Preliminary Determination," dated November 23, 2011.

For the reasons stated above and because there are no compelling reasons to deny the request, the Department is postponing by 50 days to February 9, 2012, the deadline for its preliminary determination of this investigation pursuant to section 733(c)(1)(A) of the Act and 19 CFR 351.205(e) and (f). In accordance with section 735(a)(1) of the Act, the deadline for the final determination of this antidumping duty investigation will continue to be 75 days after the date of the preliminary determination, unless extended.

This notice is issued and published in accordance with section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: November 30, 2011.

Paul Piquado,

Assistant Secretary for Import Administration.

Final Results of Expedited Sunset Review of Countervailing Duty Order: Certain Lined Paper Products From India

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 1, 2011, the Department of Commerce (the Department) initiated a sunset review of the countervailing duty (CVD) order on certain lined paper products (CLPP) from India pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See *Initiation of Five-Year ("Sunset") Review*, 76 FR 45778 (August 1, 2011) (*Initiation Notice*). On the basis of a notice of intent to participate and an adequate substantive response filed on behalf of domestic interested parties and an inadequate response (in this case, no response) from respondent interested parties, the Department decided to conduct an expedited sunset review of this CVD order pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C). As a result of this review, the Department finds that revocation of the CVD order would be likely to lead to continuation or recurrence of a countervailable subsidy at the level indicated in the "Final Results of Review" section of this notice.

DATES: *Effective Date:* December 6, 2011.

FOR FURTHER INFORMATION CONTACT: Eric Greynolds, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue NW., Washington, DC 20230; *telephone:* (202) 482-6071.

SUPPLEMENTARY INFORMATION:**Background**

On August 1, 2011, the Department initiated a sunset review of the CVD order on LPP from India pursuant to section 751(c) of the Act. See *Initiation Notice*, 76 FR 45778 (August 1, 2011). The Department received a notice of intent to participate on behalf of the Association of American School Paper Suppliers (AASPS) and its individual members—MWV Consumer & Office Products (MWV), Norcom, Inc., and TopFlight, Inc. (collectively, petitioners), within the deadline specified in 19 CFR 351.218(d)(1)(i). The petitioners claimed interested party status under sections 771(9)(F) and 771(9)(C) of the Act, as an association of domestic producers of CLLP and domestic producers of CLPP, respectively.

The Department received a complete substantive response from the petitioners within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). However, the Department did not receive a substantive response from any respondent interested party to this proceeding. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), the

Department conducted an expedited review of this order.

Scope of the Order

The scope of this order includes certain lined paper products, typically school supplies,¹ composed of or including paper that incorporates straight horizontal and/or vertical lines on ten or more paper sheets,² including but not limited to such products as single- and multi-subject notebooks, composition books, wireless notebooks, looseleaf or glued filler paper, graph paper, and laboratory notebooks, and with the smaller dimension of the paper measuring 6 inches to 15 inches (inclusive) and the larger dimension of the paper measuring 8³/₄ inches to 15 inches (inclusive). Page dimensions are measured size (not advertised, stated, or "tear-out" size), and are measured as they appear in the product (*i.e.*, stitched and folded pages in a notebook are measured by the size of the page as it appears in the notebook page, not the size of the unfolded paper). However, for measurement purposes, pages with tapered or rounded edges shall be measured at their longest and widest points. Subject lined paper products may be loose, packaged or bound using any binding method (other than case bound through the inclusion of binders board, a spine strip, and cover wrap). Subject merchandise may or may not contain any combination of a front cover, a rear cover, and/or backing of any composition, regardless of the inclusion of images or graphics on the cover, backing, or paper. Subject merchandise is within the scope of this order whether or not the lined paper and/or cover are hole punched, drilled, perforated, and/or reinforced. Subject merchandise may contain accessory or informational items including but not limited to pockets, tabs, dividers, closure devices, index cards, stencils, protractors, writing implements, reference materials such as mathematical tables, or printed items such as sticker sheets or miniature calendars, if such items are physically incorporated, included with, or attached to the product, cover and/or backing thereto.

- Unlined copy machine paper;
- Writing pads with a backing (including but not limited to products commonly known as "tablets," "note pads," "legal pads," and "quadrille

¹ For purposes of this scope definition, the actual use or labeling of these products as school supplies or non-school supplies is not a defining characteristic.

² There shall be no minimum page requirement for looseleaf filler paper. The scope of this order are:

pads”), provided that they do not have a front cover (whether permanent or removable). This exclusion does not apply to such writing pads if they consist of hole-punched or drilled filler paper;

- Three-ring or multiple-ring binders, or notebook organizers incorporating such a ring binder provided that they do not include subject paper;

- Index cards;
- Printed books and other books that are case bound through the inclusion of binders board, a spine strip, and cover wrap;

- Newspapers;
- Pictures and photographs;
- Desk and wall calendars and organizers (including but not limited to such products generally known as “office planners,” “time books,” and “appointment books”);

- Telephone logs;
- Address books;
- Columnar pads & tablets, with or without covers, primarily suited for the recording of written numerical business data;

- Lined business or office forms, including but not limited to: preprinted business forms, lined invoice pads and paper, mailing and address labels, manifests, and shipping log books;

- Lined continuous computer paper;
- Boxed or packaged writing stationery (including but not limited to products commonly known as “fine business paper,” “parchment paper,” and “letterhead”), whether or not containing a lined header or decorative lines; and

- Stenographic pads (steno pads), Gregg ruled,³ measuring 6 inches by 9 inches.

Also excluded from the scope of this order are the following trademarked products:

- Fly™ lined paper products: A notebook, notebook organizer, loose or glued note paper, with papers that are printed with infrared reflective inks and readable only by a Fly™ pen-top computer. The product must bear the valid trademark Fly™.⁴

- Zwipes™: A notebook or notebook organizer made with a blended polyolefin writing surface as the cover and pocket surfaces of the notebook, suitable for writing using a specially-developed permanent marker and erase system (known as a Zwipes™ pen).

³ “Gregg ruling” consists of a single- or double-margin vertical ruling line down the center of the page. For a six-inch by nine-inch stenographic pad, the ruling would be located approximately three inches from the left of the book.

⁴ Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.

This system allows the marker portion to mark the writing surface with a permanent ink. The eraser portion of the marker dispenses a solvent capable of solubilizing the permanent ink allowing the ink to be removed. The product must bear the valid trademark Zwipes™.⁵

- FiveStar® Advance™: A notebook or notebook organizer bound by a continuous spiral, or helical, wire and with plastic front and rear covers made of a blended polyolefin plastic material joined by 300 denier polyester, coated on the backside with PVC (poly vinyl chloride) coating, and extending the entire length of the spiral or helical wire. The polyolefin plastic covers are of specific thickness; front cover is 0.019 inches (within normal manufacturing tolerances) and rear cover is 0.028 inches (within normal manufacturing tolerances). Integral with the stitching that attaches the polyester spine covering, is captured both ends of a 1” wide elastic fabric band. This band is located 2³/₈” from the top of the front plastic cover and provides pen or pencil storage. Both ends of the spiral wire are cut and then bent backwards to overlap with the previous coil but specifically outside the coil diameter but inside the polyester covering. During construction, the polyester covering is sewn to the front and rear covers face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. The flexible polyester material forms a covering over the spiral wire to protect it and provide a comfortable grip on the product. The product must bear the valid trademarks FiveStar® Advance™.⁶

- FiveStar Flex™: A notebook, a notebook organizer, or binder with plastic polyolefin front and rear covers joined by 300 denier polyester spine cover extending the entire length of the spine and bound by a 3-ring plastic fixture. The polyolefin plastic covers are of a specific thickness; front cover is 0.019 inches (within normal manufacturing tolerances) and rear cover is 0.028 inches (within normal manufacturing tolerances). During construction, the polyester covering is sewn to the front cover face to face (outside to outside) so that when the book is closed, the stitching is concealed from the outside. During

construction, the polyester cover is sewn to the back cover with the outside of the polyester spine cover to the inside back cover. Both free ends (the ends not sewn to the cover and back) are stitched with a turned edge construction. Each ring within the fixture is comprised of a flexible strap portion that snaps into a stationary post which forms a closed binding ring. The ring fixture is riveted with six metal rivets and sewn to the back plastic cover and is specifically positioned on the outside back cover. The product must bear the valid trademark FiveStar Flex™.⁷

Currently, merchandise subject to this order is typically imported under headings 4810.22.5044, 4811.90.9050, 4820.10.2010, 4820.10.2020, 4820.10.2030, 4820.10.2040, 4820.10.2060, and 4820.10.4000 of the Harmonized Tariff Schedule of the United States (HTSUS). The tariff classifications are provided for convenience and customs purposes; however, the written description of the scope of the order is dispositive.

Analysis of Comments Received

All issues raised in this review are addressed in the Issues and Decision Memorandum (Decision Memorandum) from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration, dated concurrently with this notice, which is hereby adopted by this notice. Parties can find a complete discussion of all issues raised in this review and the corresponding recommendation in this public memorandum which is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). Access to IA ACCESS is available in the Central Records Unit, room 7046, of the main Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at <http://ia.ita.doc.gov/frn>. The electronic versions of the Decision Memorandum in IA ACCESS and on the Web are identical in content.

Final Results of Review

The Department determines that revocation of the countervailing duty order would be likely to lead to continuation or recurrence of a countervailable subsidy at the rates listed below:

⁷ Products found to be bearing an invalidly licensed or used trademark are not excluded from the scope.

⁸ Kejriwal Exports, a division of Kejriwal Paper Limited was excluded from the order on the basis

Producers/exporters	Net countervailable subsidy (percent)
Aero Exports	7.52
Navneet Publications	10.71
All Other Producers/Exporters ⁸	9.89

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these final results and notice in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: November 29, 2011.
