

Alternative 2. Under this alternative, a temporary use bridge would be constructed to allow vehicular traffic along Stuart Mesa Road to continue to cross the Santa Margarita River. Bridge construction would be the same as Alternative 1.

Alternative 3. Under this alternative, flood walls would be constructed rather than levees. The flood walls, while having a smaller construction footprint, would provide the same flood control protection. No temporary replacement bridge would be constructed over the Santa Margarita River. Bridge construction would be the same as Alternative 1.

Alternative 4 (Preferred Alternative). This alternative would be similar to Alternative 3, with the exception of a construction phase temporary use bridge, which would allow traffic along Stuart Mesa Road to continue to cross the Santa Margarita River during demolition of the existing bridge and construction of the new bridge.

Environmental Issues

The Draft EIS evaluates the potential environmental effects associated with each of the alternatives. Issues addressed include: Geology and soils, hydrology and water quality, biological resources, cultural resources, land use, visual resources, socioeconomic and environmental justice, traffic, air quality, noise, public health and safety, services and utilities, and coastal zone resources, and marine resources. Relevant and reasonable measures that could alleviate environmental effects have been considered.

Schedule

A 45-day public comment period will start upon publication of the EPA Notice of Availability in the **Federal Register**. Comments on the Draft EIS must be received by January 17, 2012. The DoN will consider and respond to all comments received on the Draft EIS when preparing the Final EIS. The DoN expects to issue the Final EIS in June 2012, at which time a Notice of Availability (NOA) will be published in the **Federal Register** and local print media. A Record of Decision is expected in August 2012.

Dated: November 29, 2011

L.R. Almand,

*Alternate Federal Register Liaison Officer,
Office of the Judge Advocate General, U.S. Navy.*

BILLING CODE 3810-FF-P

DEPARTMENT OF EDUCATION

Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

ACTION: Comment Request.

SUMMARY: The Department of Education (the Department), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the reporting burden on the public and helps the public understand the Department's information collection requirements and provide the requested data in the desired format. The Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before February 6, 2012.

ADDRESSES: Comments regarding burden and/or the collection activity requirements should be electronically mailed to ICDocketMgr@ed.gov or mailed to U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Washington, DC 20202-4537. Please note that written comments received in response to this notice will be considered public records.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35) requires that Federal agencies provide interested parties an early opportunity to comment on information collection requests. The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, publishes this notice containing proposed information collection requests at the beginning of the Departmental review of the information collection. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the

respondents, including through the use of information technology.

Dated: December 2, 2011.

Darrin King,

Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.

Institute of Education Sciences

Type of Review: Revision.

Title of Collection: Integrated Evaluation of ARRA Funding, Implementation and Outcomes.

OMB Control Number: 1850-0877.

Agency Form Number(s): N/A.

Frequency of Responses: Annually; Once.

Affected Public: State, Local or Tribal Government.

Total Estimated Number of Annual Responses: 5,551.

Total Estimated Annual Burden Hours: 5,039.

Abstract: On February 17, 2009, President Obama signed the American Recovery and Reinvestment Act (ARRA) into law (Pub. L. 111-50). ARRA supports investments in innovative strategies that are intended to lead to improved results for students, long-term gains in school and local education agency (LEA) capacity for success, and increased productivity and effectiveness.

This evaluation will focus on answering three sets of policy/research questions:

- To what extent did ARRA funds go to the intended recipients?
- Is ARRA associated with the implementation of the key reform strategies it promoted?
- What implementation supports and challenges are associated with ARRA?

The integrated evaluation will draw on existing data, including ED data collections, ED ARRA program files, ARRA required reporting, and databases of achievement and other outcomes. The evaluation will also collect new information through surveys of (1) The 50 states and the District of Columbia, (2) a nationally representative sample of school districts, and (3) a nationally representative sample of schools within the sampled school districts. Surveys were conducted in spring 2011 and are planned for spring 2012.

A report will be prepared to describe the distribution of funding. A report and state tabulations will be prepared after each annual survey. The first report, based on the 2011 surveys, will focus on early ARRA implementation and strategies. The second report, based on the 2012 surveys, will expand upon strategies implemented under ARRA.

Copies of the proposed information collection request may be accessed from

<http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 4754. When you access the information collection, click on "Download Attachments" to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Washington, DC 20202-4537. Requests may also be electronically mailed to ICDocketMgr@ed.gov or faxed to (202) 401-0920. Please specify the complete title of the information collection and OMB Control Number when making your request.

Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-(800) 877-8339.

Type of Review: Pending.

Title of Collection: 21st Century Community Learning Centers: Lessons Learned Guides.

OMB Control Number: 1875-NEW.

Agency Form Number(s): N/A.

Total Estimated Number of Annual Responses: 1,020.

Total Estimated Annual Burden Hours: 690.

Abstract: The purpose of this study is to produce guides for the 21st Century Community Learning Centers (21st CCLC) program that will assist the U.S. Department of Education staff in providing technical assistance to grantees on the following four topics: (1) Science, Technology, Engineering, and Math (STEM); (2) English Learners; (3) Career and Technical Education, and (4) structures to increase learning time. The Department will identify 21st CCLC sites that are implementing activities in a manner that builds on scientific evidence, strong management and organizational practice, and data use; conduct site visits to those programs to investigate and document the practices; and write a "lessons from the field" guide for practitioners that includes site descriptions and cross-site analyses of good and innovative practice that can

help other 21st CCLC grantees implement similar programs.
