Background

The proposed instrument will collect information from Senior Companion, Foster Grandparent, and RSVP volunteers as well as from Senior Companion clients and recipients of RSVP Independent Living services. The purpose of CNCS is to provide grantees with a unified performance measure data collection instrument that will facilitate both data collection and analysis. The goals of the survey are to measure the how the act of volunteering impacts Americans age 55 and older, and to measure how volunteers age 55 improve the lives of the older Americans they serve. The information may be collected using an electronic spreadsheet, the eGrants system, or using a paper collection.

The instrument uses items from the Health and Retirement Study (HRS), an ongoing study funded by the National Institute on Aging/NIH (NIA U01AG009740) and Social Security Administration.

OMB Control Number: 1810-0646.

Agency Form Number(s): N/A.

Total Estimated Number of Annual Responses: 549.

Total Estimated Annual Burden Hours: 3,377.

Abstract: This data collection is pursuant to the Secretary's authority under Part B of Title VI of the Elementary and Secondary Education Act (ESEA), to award funds under two grant programs designed to address the unique needs of rural school districts—the Small, Rural School Achievement (SRSA) Program (ESEA Section 6212) and the Rural and Low-Income School (RLIS) Program (ESEA Section 6221).

Under the Small, Rural School Achievement Program, the Secretary awards grants directly to eligible local educational agencies (LEAs) on a formula basis. Under the Rural and Low-income School Program, eligible school districts are sub-recipients of funds the Department awards to State educational agencies (SEAs) on a formula basis. For both grant programs, the Department awards funds by determining the eligibility of individual school districts and calculating the allocation each eligible district receives according to formula prescribed in the statute.

This data collection consists of two primary forms and supporting documents that are used to accomplish the grant award process each year: (1) A

spreadsheet used by SEAs to submit information to identify RLIS and SRSA-eligible LEAs and to allocate funds based on the appropriate formula, and (2) an application form for SRSA-eligible LEAs to apply for funding.
