**AGENCY:** Corporation for National and Community Service.

**ACTION:** Notice.

**SUMMARY:** The Corporation for National and Community Service (the Corporation), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal

This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning its proposed Senior Corps Survey. Senior Corps will require all Senior Corps volunteers and recipients of Senior Companion and RSVP Independent Living services to complete the survey. Senior Corps will require all grantee organizations that participate in the survey to summarize survey results and submit those results to the Corporation.

### Background

The proposed instrument will collect information from Senior Companion, Foster Grandparent, and RSVP volunteers as well as from Senior Companion clients and recipients of RSVP Independent Living services. The purpose of CNCS is to provide grantees with a unified performance measure data collection instrument that will facilitate both data collection and analysis. The goals of the survey are to measure the how the act of volunteering impacts Americans age 55 and older, and to measure how volunteers age 55 improve the lives of the older Americans they serve. The information may be collected using an electronic spreadsheet, the eGrants system, or using a paper collection.

The instrument uses items from the Health and Retirement Study (HRS), an ongoing study funded by the National Institute on Aging/NIH (NIA U01AG009740) and Social Security Administration.
