DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[DOCKET NO. USCG–2011–0999]

RIN 1625–AA00

New York Fun Factory Fireworks Display, Western Long Island Sound; Mamaroneck, NY

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish a temporary safety zone on the navigable waters of western Long Island Sound in the vicinity of Mamaroneck, NY in support of the New York Fun Factory Fireworks display. This action is necessary to provide for the safety of life on the navigable waters and to protect mariners and spectators from the hazards associated with fireworks display. Vessels will be prohibited from entering, transiting, mooring or anchoring within the proposed zone during the enforcement period unless authorized by the Captain of the Port (COTP) New York or the designated representative.

DATES: Comments and related material must be received by the Coast Guard on or before February 10, 2012.

Requests for public meetings must be received by the Coast Guard on or before January 3, 2012.

ADDRESSES: You may submit comments identified by docket number USCG–2011–0999 using any one of the following methods:

(2) Fax: (202) 493–2251.
(4) Hand delivery: Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is (202) 366–9329.

Remarks: please include a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or email Lieutenant Eunice James, Coast Guard Sector New York Waterways Management Division; (718) 354–4163, email Eunice.A.James@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to http://www.regulations.gov and will include any personal information you have provided.

Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG–2011–0999), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online (via http://www.regulations.gov) or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online via http://www.regulations.gov, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to http://www.regulations.gov, click on the “submit a comment” box, which will then become highlighted in blue. In the “Document Type” drop down menu select “Proposed Rule” and insert “USCG–2011–0999” in the “Keyword” box. Click “Search” then click on the balloon shape in the “Actions” column. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period and may change the rule based on your comments.

Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the Federal Register (73 FR 3316).

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one on or before January 3, 2012, using one of the four methods specified under ADDRESSES. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the Federal Register.

Basis and Purpose

2064; and Department of Homeland Security Delegation No. 0170.1, which collectively authorize the Coast Guard to define regulatory safety zones.

On May 10, 2012 New York Fun Factory Events is sponsoring a fireworks display on the waters of western Long Island Sound, Mamaroneck, NY, no rain date is scheduled for this event. Due to the need to protect mariners and spectators from the hazards associated with fireworks display, such as the accidental discharge of fireworks, dangerous projectiles and falling embers or other debris, vessel traffic will be temporarily restricted within 240 yards radius of the launch platform.

**Discussion of Proposed Rule**

The Coast Guard proposes to establish a temporary safety zone on the waters of western Long Island Sound to ensure the safety of spectators and vessels from hazards associated with the fireworks display.

The fireworks display is scheduled to occur on May 10, 2012 from 9:30 p.m. until 9:45 p.m. In order to ensure the area is clear of persons and vessels before the display begins, and to allow sufficient time after the fireworks end to ensure no explosive hazards remain, this proposed rule will be enforced from 9 p.m. until 10:15 p.m. on May 10, 2012.

In the interest of public safety, general navigation within the proposed safety zone will be restricted during the specified date and times. All persons and vessels will be required to comply with the instructions of the COTP New York or the designated representative. Vessels entering into, transiting through, mooring or anchoring within the proposed zone during the enforcement period will be prohibited unless authorized by the COTP New York, or the designated representative, who may be contacted via VHF Channel 16.

Public notifications will be made to the local maritime community prior to the event through the Local Notice to Mariners and Broadcast Notice to Mariners.

**Regulatory Analyses**

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

**Regulatory Planning and Review**

Executive Orders 13563, Improving Regulation and Regulatory Review, and 12866, Regulatory Planning and Review, direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a significant regulatory action under section 3(f) of Executive Order 12866. Accordingly, the Office of Management and Budget has not reviewed this regulation under Executive Order 12866.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation is unnecessary. Although this regulation may have some impact on the public, the potential impact will be minimized for the following reasons: The safety zone will be in effect for a limited duration, the zone is of limited size, vessels may transit around the restricted area, and notifications will be made to the local maritime community via the Local Notice to Mariners and Broadcast Notice to Mariners well in advance of this event.

**Small Entities**

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities because the zone will only be in place for a limited duration, one hour and 15 minutes; it is limited in size; and maritime advisors will be issued allowing mariners to adjust their plans accordingly.

This proposed rule would affect the following entities, some of which might be small entities: The owners and operators of vessels intending to transit or anchor in that portion of western Long Island Sound from 9 p.m. to 10:15 p.m. on May 10, 2012.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see ADDRESSES) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

**Assistance for Small Entities**

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule so that they can better evaluate its effects on them and participate in the rulemaking. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed under FOR FURTHER INFORMATION CONTACT. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888) 734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

**Collection of Information**

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

**Federalism**

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. We have analyzed this proposed rule under that Order and have determined that it does not have implications for federalism.

**Unfunded Mandates Reform Act**

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or
more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and would not create an environmental risk to health or risk to safety that might disproportionately affect children.

Indian Tribal Governments

This proposed rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed and adopted by voluntary consensus standards bodies.

This proposed rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this proposed rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. A preliminary environmental analysis checklist supporting this determination is available in the docket where indicated under ADDRESSES. This proposed rule involves establishing a safety zone around a fireworks display. The fireworks will be launched from a barge and the safety zone is intended to keep mariners away from potential hazards associated with fireworks displays. As such, it appears that this action will qualify for Coast Guard Categorical Exclusions (34)(g), as described in figure 2–1 of the Commandant Instruction. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

2. Add § 165.T01–0999 to read as follows:

§ 165.T01–0999 Safety Zone; New York Fun Factory Fireworks Display, Western Long Island Sound; Mamaroneck, NY.

(a) Regulated Area. The following area is a safety zone: All navigable waters of western Long Island Sound in the vicinity of Mamaroneck, NY and within 240–yards from a fireworks barge located in approximate position 40°56′22.51″ N; 73°43′05.93″ W (NAD 83).

(b) Definition. The following definitions apply to this section:

(1) Designated Representative. A “designated representative” is any Coast Guard commissioned, warrant or petty officer of the U.S. Coast Guard who has been designated by the COTP, Sector New York to act on his or her behalf. The designated representative may be on an official patrol vessel or may be on shore and will communicate with vessels via VHF–FM radio or loudhailer. In addition, members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation.

(2) Official Patrol Vessels. Official patrol vessels may consist of any Coast Guard, Coast Guard Auxiliary, state, or local law enforcement vessels assigned or approved by the COTP.

(3) Spectators. All persons and vessels not registered with the event sponsor as participants or official patrol vessels.

(c) Regulations.

(1) The general regulations contained in 33 CFR 165.23 apply.

(2) Spectators or other vessels shall not anchor, block, loiter, or impede the transit of event participants or official patrol vessels in the regulated area during the effective date and times.

(3) Upon being hailed by a U.S. Coast Guard vessel or the designated representative, by siren, radio, flashing light or other means, the operator of the vessel shall proceed as directed. Failure to comply with a lawful direction may result in expulsion from the area, citation for failure to comply, or both.

(4) Vessel operators desiring to enter or operate within the regulated area shall contact the COTP or the designated representative via VHF channel 16 or (718) 354–4353 (Sector New York command center) to obtain permission to do so.

(d) Effective Period. This regulation will be effective and enforced from 9 p.m. until 10:15 p.m. on May 10, 2012.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water) Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:
ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

EPA—R02—OAR—2011—0796, FRL—9504—1

Approval and Promulgation of Implementation Plans; New York State Ozone Implementation Plan Revision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve a proposed revision to the New York State Implementation Plan (SIP) for ozone concerning the control of volatile organic compounds. The proposed SIP revision consists of amendments to title 6 of the New York Codes, Rules and Regulations part 228, “Surface Coating Processes, Commercial and Industrial Adhesives, Sealants and Primers,” part 234, “Graphic Arts,” and part 241, “Asphalt Pavement and Asphalt Based Surface Coating.” The intended effect of this action is to approve control strategies, required by the Clean Air Act, which will result in emission reductions that will help attain and maintain the national ambient air quality standards for ozone.

DATES: Comments must be received on or before January 11, 2012.

ADDRESSES: Submit your comments, identified by Docket Number EPA—R02—OAR—2011—0796, by one of the following methods:

• www.regulations.gov: Follow the on-line instructions for submitting comments.
• Email: Werner.Raymond@epa.gov
• Fax: (212) 637–3901
• Mail: Raymond Werner, Chief, Air Programs Branch, Environmental Protection Agency, Region 2 Office, 290 Broadway, 25th Floor, New York, New York 10007–1866.
• Hand Delivery: Raymond Werner, Chief, Air Programs Branch, Environmental Protection Agency, Region 2 Office, 290 Broadway, 25th Floor, New York, New York 10007–1866. Such deliveries are only accepted during the Regional Office’s normal hours of operation. The Regional Office’s official hours of business are Monday through Friday, 8:30 to 4:30 excluding federal holidays.

FOR FURTHER INFORMATION CONTACT: Kirk J. Wieber (wieber.kirk@epa.gov), Air Programs Branch, Environmental Protection Agency, 290 Broadway, 25th Floor, New York, New York 10007–1866. (212) 637–3381.

I. What is required by the Clean Air Act (Act) and how does it apply to New York?

A. What is the history and time frame for State Implementation Plan (SIP) submissions?

In 1997, EPA revised the health-based national ambient air quality standards (NAAQS or standard) for ozone, setting it at 0.08 parts per million averaged over an 8-hour period. EPA set the 8-hour ozone standard based on scientific evidence demonstrating that ozone causes adverse health effects at lower ozone concentrations and over longer periods of time than was understood when the pre-existing 1-hour ozone standard was set. EPA determined that the 8-hour standard would be more protective of human health, especially with regard to children and adults who are active outdoors, and individuals with a pre-existing respiratory disease, such as asthma.

On April 30, 2004 (69 FR 23858), EPA finalized its attainment/nonattainment designations for areas across the country...
