

DATES: Interested persons are invited to submit comments on or before January 11, 2012.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Education Desk Officer, Office of Management and Budget, 725 17th Street, NW., Room 10222, New Executive Office Building, Washington, DC 20503, be faxed to (202) 395-5806 or emailed to

oira_submission@omb.eop.gov with a cc: to *ICDocketMgr@ed.gov*. Please note that written comments received in response to this notice will be considered public records.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The OMB is particularly interested in comments which: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.

Office of Communications and Outreach

Type of Review: Extension.

Title of Collection: National Blue

Ribbon Schools Program.

OMB Control Number: 1860-0506.

Agency Form Number(s): N/A.

Frequency of Responses: Once.

Affected Public: State, Local or Tribal Government.

Total Estimated Number of Annual Responses: 413.

Total Estimated Annual Burden Hours: 16,520.

Abstract: The National Blue Ribbon Schools Program honors public and private elementary, middle and high

schools where students achieve at high levels or where the achievement gap is narrowing among all student subgroups. Each year since 1982, the U.S. Department of Education (ED) has sought out schools where students attain and maintain high academic goals, including those that beat the odds. The Program, part of a larger ED effort to identify and disseminate knowledge about best school leadership and teaching practices, is authorized by Public Law 107-110 (January 8, 2002), Part D—Fund for the Improvement of Education, Subpart 1, Sec. 5411(b)(5).

Copies of the information collection submission for OMB review may be accessed from the RegInfo.gov Web site at <http://www.reginfo.gov/public/do/PRAMain> or from the Department's Web site at <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 4702. When you access the information collection, click on "Download Attachments" "to view. Written requests for information should be addressed to U.S. Department of Education, 400 Maryland Avenue SW, LBJ, Washington, DC 20202-4537. Requests may also be electronically mailed to the Internet address *ICDocketMgr@ed.gov* or faxed to (202) 401-0920. Please specify the complete title of the information collection and OMB Control Number when making your request.

Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-(800) 877-8339.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP12-20-000]

Dominion Transmission, Inc.; Notice of Application

Take notice that on November 21, 2011, Dominion Transmission, Inc. (DTI), 120 Tredegar Street, Richmond, Virginia 23219 filed an application in Docket No. CP12-20-000 pursuant to Section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations, for a certificate of public convenience and necessity to construct and operate its Sabinsville to Morrisville Project which consists of 3.56 miles of new 24-inch-diameter

pipeline (TL-610) as well as various aboveground and buried piping, valves and appurtenances at its Sabinsville Station, all in Tioga County, Pennsylvania. DTI states that its proposal is intended to accommodate Tennessee Gas Pipeline Company's (Tennessee's) request to move its primary receipt point from North Sheldon, New York to Sabinsville, Pennsylvania. DTI states that it does not propose to provide any new delivery capacity but would continue to transport Tennessee's contracted 92,000 Dt/d of existing firm transportation service to Tennessee through the proposed facilities and existing downstream facilities to the new delivery point at Morrisville. The total project cost is estimated to be \$16,759,375.00. A more detailed description of the project is available in the application which is on file with the Commission and open for public inspection.

This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "e-Library" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at *FERCOnlineSupport@ferc.gov* or call toll-free, (866) 208-3676, or for TTY, (202) 502-8659. Any questions regarding this application should be directed to Matthew R. Bley, Manager, Gas Transmission Certificates, Dominion Transmission, Inc., 701 East Cary Street, Richmond, Virginia 23219, (804) 771-4399 (phone), (804) 771-4804 (fax) or *matthew.r.bley@dom.com*.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Protests and interventions may be filed electronically via the Internet in

lieu of paper; see, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link. The Commission strongly encourages electronic filings.

Comment Date: December 27, 2011.

Dated: December 5, 2011.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP12-19-000]

Dominion Transmission, Inc.; Notice of Application

Take notice that on November 21, 2011, Dominion Transmission, Inc. (DTI), 120 Tredegar Street, Richmond, Virginia 23219 filed an application in Docket No. CP12-19-000 pursuant to Section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Regulations, for a certificate of public convenience and necessity to construct and operate its Tioga Area Expansion Project. DTI's proposal would consist of 15 miles of new 24-inch-diameter pipeline (TL-610 Ext. 1), including a new pig launcher/receiver site at the southern terminus of the new pipeline, in Tioga County, Pennsylvania (PA). Additionally, DTI's proposal would include other system modifications at existing stations on DTI's system such as connecting pipeline, a new meter and regulator station, new or modified control valves and station piping. These various modifications are proposed at the Little Greenlick, Crayne, Boom, Finnefrock, and Lindley Stations in Potter, Greene, Tioga, and Clinton Counties PA and Steuben County, New York, respectively.

DTI states that it will provide expanded firm natural gas transportation services of 270,000 Dth/day for Shell Energy North America and Penn Virginia Oil & Gas Company. The receipt points for the expanded service would be at points in Potter and Tioga Counties, PA and the delivery points through an existing interconnection between DTI and Transcontinental Gas Pipeline Company's facilities in Clinton County, PA and through a new interconnection with Texas Eastern Transmission, LP in Greene County, PA. The estimated cost of the Tioga Area Expansion Project is approximately \$67 million. A more detailed description of the project is available in the

application which is on file with the Commission and open for public inspection.

This filing is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "e-Library" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676, or for TTY, (202) 502-8659. Any questions regarding this application should be directed to Matthew R.
