BILLING CODE 3410-11-P

DEPARTMENT OF AGRICULTURE

Forest Service

North Finger Grazing Authorization Project, Malheur National Forest, Grant County, OR

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The USDA Forest Service will prepare an environmental impact statement (EIS) to disclose environmental effects on a proposed action to authorize grazing on all or portions of allotments within the North Finger Landscape. These allotments are within the Upper Deer Creek, Basin Creek, Upper Long Creek, Lower Fox Creek, Upper Fox Creek, and Upper Cottonwood Creek subwatersheds. The North Finger Grazing Authorization Project area, located approximately 20 miles northwest of John Day, Oregon, encompasses approximately 18,076 acres of National Forest System Lands administered by the Blue Mountain Ranger District, Malheur National Forest.

DATES: Comments concerning the scope of the analysis must be received by January 13, 2012. The draft environmental impact statement is expected June 2012 and the final environmental impact statement is expected September 2012.

ADDRESSES: Send written comments to the Responsible Official, Teresa Raaf, Forest Supervisor, Malheur National Forest, 431 Patterson Bridge Road, P.O. Box 909, John Day, Oregon 97845. Comments may also be sent via email to *comments-pacificnorthwest-malheur@fs.fed.us*, or via facsimile to (541) 575-3002.

FOR FURTHER INFORMATION CONTACT: Kelly Ware, Project Lead, Malheur National Forest, 431 Patterson Bridge Road, P.O. Box 909, John Day, Oregon, telephone (541) 575-3432, email *kware@fs.fed.us*.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

SUPPLEMENTARY INFORMATION:

Purpose and Need for Action

The purpose of this project is to authorize grazing on all or portions of the North Finger landscape in such a manner that will continue to move resource conditions toward desired conditions and be consistent with Forest Plan standards and guidelines.

The reason we are undertaking this process at this time is that courts in the 1990s found grazing permits should not be issued without an environmental analysis under the National Environmental Policy Act. In response, Congress passed the Range Rescission Act of 1995, requiring the Forest Service to develop and adhere to a schedule for completion of NEPA analysis on all its grazing allotments. This proposal and upcoming analysis are being undertaken in order to help meet that schedule as mandated by law.

Proposed Action

The proposed action is to continue to permit livestock grazing by incorporating adaptive management strategies across the North Finger landscape. Adaptive Management is defined as, "The process of making use of monitoring information to determine if management changes are needed, and if so, what changes, and to what degree." An adaptive management strategy would define the desired resource conditions, monitoring requirements, resource triggers or thresholds, and actions to be taken if triggers are reached. Site-specific actions to move the existing ground conditions toward desired conditions could also be identified.

Possible Alternatives

Alternatives will include the proposed action, no action (no grazing), and additional alternatives that respond to issues generated during the scoping process. The agency will give notice of the full environmental analysis and decisionmaking process so interested and affected people may participate and contribute to the final decision.

Responsible Official

Teresa Raaf, Malheur National Forest Supervisor.

Nature of Decision To Be Made

The Responsible Official will decide if the proposed project will be

implemented and will document the decision and reasons for the decision in a Record of Decision. That decision will be subject to Forest Service Appeal Regulations. The responsibility for preparing the DEIS and FEIS has been delegated to John Gubel, District Ranger, Blue Mountain Ranger District.

Preliminary Issues

During internal review, the Blue Mountain Ranger District has identified the following concerns or issues with the proposal: Livestock can affect plant community species compositions and vigor; Livestock can impact riparian areas and watershed conditions.

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement. Initial scoping began with the project listed in the 2011 Winter Edition of the Malheur National Forest's Schedule of Proposed Actions and public scoping conducted in June 2011.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered, however.

Dated: December 7, 2011.

Teresa Raaf,

Forest Supervisor.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 78-2011]

Foreign-Trade Zone 49—Newark/Elizabeth, NJ; Application for Expansion

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Port Authority of New York and New Jersey, grantee of FTZ 49, requesting authority to expand its zone in the Newark/Elizabeth, New Jersey, area, within the New York/

Newark Customs and Border Protection port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on December 7, 2011.

FTZ 49 was approved by the Board on April 6, 1979 (Board Order 146, 44 FR 22502, 4/16/79) and expanded on May 26, 1983 (Board Order 211, 48 FR 24958, 6/3/83), on October 23, 1987 (Board Order 365, 52 FR 41599, 10/29/87), on April 19, 1990 (Board Order 470, 55 FR 17478, 4/25/90), on December 15, 1999 (Board Order 1067, 64 FR 72462–72643, 12/28/99), on April 14, 2006 (71 FR 23895, 4/25/06), on February 28, 2007 (Board Order 1504, 72 FR 10642–10643, 3/9/07), and on July 16, 2009 (Board Order 1634, 74 FR 37688–37689, 7/29/09).

The current zone project includes the following sites in the Newark/Elizabeth area: *Site 1* (total—2,121 acres)—Port Newark/Elizabeth Port Authority Marine Terminal (2,075 acres), a parcel (23 acres) located at 888 Doremus Avenue, Newark, a parcel (6 acres) located at 580 Division Street, Elizabeth, and a parcel (17 acres) located at 251–259 Kapowski Road, Elizabeth; *Site 2* (64 acres)—Global Terminal and Container Services facility (41 acres) and adjacent Jersey Distribution Services facility (23 acres) Jersey City/Bayonne; *Site 3* (124 acres)—Port Authority Industrial Park, adjacent to the Port Newark/Elizabeth Port Authority Marine Terminal; *Site 4* (198 acres)—Port Authority Auto Marine Terminal (145 acres) and adjacent 53-acre Greenville Industrial Park on Upper New York Bay's Port Jersey Channel in Bayonne and Jersey City; *Site 5* (40 acres)—Newark International Airport jet fuel storage and distribution system in the Cities of Newark and Elizabeth (Union and Essex Counties); *Site 6* (407 acres)—within an industrial park located at 100 Central Avenue, Kearny; *Site 7* (114 acres, sunset 3/31/14)—within the I-Port 12 industrial park, located at exit 12 of the NJ Turnpike, Carteret; *Site 8* (176 acres, sunset 3/31/14)—within the I-Port 440 industrial park, located east of State St. and north of the Outer Bridge Crossing, Perth Amboy; *Site 9* (317 acres, sunset 3/31/14)—Port Reading Business Park located on Port Reading Avenue, Woodbridge; *Site 10* (73 acres, sunset 3/31/14)—Port Elizabeth Business Park located at 10 North Avenue East, Elizabeth; *Site 11* (379 acres, sunset 7/31/14)—Heller Industrial Park located at 205 Mill Road, Edison; and, *Site 12* (23 acres, sunset 7/31/14)—located at 400, 440, 490 Heller

Park Court and 1 Industrial Road, South Brunswick.

The applicant is now requesting authority to expand the zone to include the following site: *Proposed Site 13* (546 acres)—Raritan Center Business Park, Woodbridge Avenue & Raritan Center Parkway, Townships of Edison and Woodbridge, Middlesex County. No specific manufacturing authority is being requested at this time. Such requests would be made on a case-by-case basis.

In accordance with the Board's regulations, Kathleen Boyce of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is February 13, 2012. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to February 27, 2012.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>. For further information, contact Kathleen Boyce at *Kathleen.Boyce@trade.gov* or (202) 482–1346.

Dated: December 7, 2011.

Andrew McGilvray,

Executive Secretary.

Certain Circular Welded Non-Alloy Steel Pipe From Mexico: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On August 10, 2011, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty order on certain

circular welded non-alloy steel pipe from Mexico.¹ This administrative review covers mandatory respondents Mueller Comercial de Mexico, S. de R.L. de C.V. (Mueller), Southland Pipe Nipples Company, Inc. (Southland), Lamina y Placa Comercial, S.A. de C.V. (Lamina), and Tuberia Nacional, S.A. de C.V. (TUNA).²

We determine that the respondents did not have reviewable sales, shipments, or entries during the POR.

DATES: *Effective Date:* December 14, 2011.

FOR FURTHER INFORMATION CONTACT: Mark Flessner or Robert James, AD/CVD Operations, Office 7, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–6312 and (202) 482–0649, respectively.

SUPPLEMENTARY INFORMATION:

Background

On August 10, 2011, the Department published in the **Federal Register** the preliminary results of the administrative review of the antidumping duty order on certain circular welded non-alloy steel pipe from Mexico for the period November 1, 2009, to October 31, 2010. See Preliminary Results.

In response to the Department's invitation to comment on the preliminary results of this review, Petitioner Wheatland Tube Company filed a case brief on September 9, 2011. Respondents Lamina and TUNA jointly filed a rebuttal brief on September 13, 2011.

Scope of the Order

The products covered by this order are circular welded non-alloy steel pipes and tubes, of circular cross-section, not more than 406.4 millimeters (16 inches) in outside diameter, regardless of wall thickness, surface finish (black, galvanized, or painted), or end finish (plain end, beveled end, threaded, or threaded and coupled). These pipes and tubes are generally known as standard pipes and tubes and are intended for the low pressure conveyance of water, steam, natural gas, and other liquids and gases in plumbing and heating systems, air conditioning

¹ See *Certain Circular Welded Non-Alloy Steel Pipe From Mexico: Preliminary Results of Antidumping Duty Administrative Review*, 76 FR 49437 (August 10, 2011) (*Preliminary Results*).

² The Department determined that Lamina is the successor-in-interest to TUNA. See *Notice of Final Results of Antidumping Duty Changed Circumstances Review: Certain Circular Welded Non-Alloy Steel Pipe From Mexico*, 75 FR 82374 (December 30, 2010).
