SUPPLEMENTARY INFORMATION:

A. Purpose

The General Services Administration (GSA) issued a interim rule (76 FR 34886) to implement a recommendation from the Office of the Inspector General (OIG) based on an internal audit of the security of GSA's information technology data and systems. The audit recommended that GSA develop standard requirements and deliverables for IT service contracts and task orders

that promote compliance with GSA IT Security Policy and Procedures.

The rule requires contracting officers to insert the clause at 552.239-71, Security Requirements for Unclassified Information Technology Resources, in solicitations and contracts containing the provision at 552.239-70, Information Technology Security Plan and Accreditation. As such, the provision and clause will be inserted in solicitations that include information technology supplies, services or systems in which the contractor will have physical or electronic access to government information that directly supports the mission of GSA. The rule requires contractors, within 30 days after contract award to submit an IT Security Plan to the Contracting Officer and Contacting Officer's Representative that describes the processes and procedures that will be followed to ensure appropriate security of IT resources that are developed, processes, or used under the contract. The rule will also require that contractors submit written proof of IT security authorization six months after contract award, and verify that the IT Security Plan remains valid annually.

Proposed Project: Let’s Move! Cities, Towns, and Counties—OMB No. 0990—NEW—Emergency Information Collection Clearance Request—Office of the Assistant Secretary for Planning and Evaluation (ASPE).

Abstract: The Office of the Assistant Secretary for Planning and Evaluation (ASPE) is requesting approval from the Office of Management and Budget (OMB) to conduct a survey of public sector organizations for the *Let’s Move!* Cities, Towns and Counties Initiative. *Let’s Move!* is a comprehensive initiative, launched by the First Lady, dedicated to solving the challenge of childhood obesity within a generation. Combining comprehensive strategies with common sense, *Let’s Move!* is about:

- Putting children on the path to a healthy future during their earliest months and years;
- Giving parents helpful information and fostering environments that support healthy choices;
- Providing healthier foods in our schools;
- Ensuring that every family has access to healthy, affordable food; and
- Helping kids become more physically active.

Let’s Move! Cities, Towns, and Counties emphasizes the unique ability of communities to solve the challenge locally, and the critical leadership mayors and elected officials can provide to bring communities together and spur action. The initiative is designed to encourage mayors and elected officials to adopt a long-term, sustainable and holistic approach to fighting childhood obesity.

This activity is requesting comment on the burden for a baseline survey for local or county officials who have chosen to participate in *Let’s Move!* Cities, Towns, and Counties. The survey requests information about the activities the locality is choosing to undertake. The responses to these questions will be used to show progress and successes over time for localities participating in *Let’s Move!* Cities, Towns, and Counties. Separate notices will be published for subsequent surveys.
