The conference was held in Washington, DC, on November 8, 2011, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on December 5, 2011. The views of the Commission are contained in USITC Publication 4295 (December 2011), entitled *Crystalline Silicon Photovoltaic Cells and Modules from China: Investigation Nos. 701-TA-481 and 731-TA-1190 (Preliminary)*.
