I. Background

The National Vaccine Advisory Committee (NVAC) was established in 1987 to comply with Title XXI of the Public Health Service Act (Pub. L. 99–660) (§ 2105) (42 U.S. Code 300aa–5 (PDF–78 KB)). Its purpose is to advise and make recommendations to the Director of the National Vaccine Program on matters related to program responsibilities. The Assistant Secretary for Health (ASH) has been designated by the Secretary of Health and Human Services as the Director of the National Vaccine Program. The ASH has charged the NVAC with developing recommended strategies for annually achieving 90% influenza vaccination coverage among healthcare personnel, as stated in the Healthy People 2020 goals. The Healthcare Personnel Influenza Vaccination Subgroup (HCPIVS), a subgroup of the NVAC Adult Immunization Working Group (AWIG), was established to address this charge on behalf of the NVAC. The HCPIVS consists of a broad range of stakeholders including representatives from a variety of important medical and public health agencies and professional organizations. The HCPIVS members have deliberated on a number of scientific findings, position statements, and presentations that examine issues pertaining to influenza vaccination in

healthcare personnel. Through discussion and careful review, the HCPIVS have developed draft recommendations for consideration by the NVAC to achieve this charge. The HCPIVS draft report and draft recommendations will be made available for public review and written comment from December 16, 2011 to January 16, 2012 through the **Federal Register** process.
