Abstract: The data submitted electronically in the Fiscal Operations Report and Application to Participate (FISAP) through FISAP on the web is used by the Department of Education (the Department) to determine the institution's funding need for the award year and monitor program effectiveness and accountability of fund expenditures. The Reallocation form is part of FISAP on the web. The Higher Education Act of 1965, as amended requires that if an institution anticipates not using all of its allocated funds for the Perkins, Federal Work-Study, and Federal Supplemental Educational Opportunity Grant programs by the end of an award year, it must specify the anticipated remaining unused amount to the Secretary. This data collection is due to expire June 30, 2012. In addition to renewing the expiration date references to dates and award year dates have been updated on the forms and in the instructions for both documents. Two fields were removed from the FISAP due to the termination of the Academic Competitiveness Grant and National Science and Mathematics Access to Retain Talent Grant programs. Additional clarifications were made to the FISAP instructions.
