SUPPLEMENTARY INFORMATION:

Background

On September 30, 2011, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b), the Department received a timely request from Resco Products, Inc., the petitioner and a domestic interested party, to conduct an administrative review of the sales of RHI–Refmex S.A. de C.V., Resco Products, Inc. was the only party to request this administrative review.

On November 22, 2011, Resco Products, Inc. timely withdrew its request for a review of RHI–Refmex S.A. de C.V.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the parties that requested a review withdraw the request within 90 days of the date of publication of notice of initiation of the requested review. Resco Products, Inc. withdrew its request for review before the 90-day deadline, and no other party requested an administrative review of the antidumping duty order on certain magnesia carbon bricks from Mexico for the POR. Therefore, in response to Resco Products, Inc.’s withdrawal of its request for review, and pursuant to 19 CFR 351.213(d)(1), the Department is rescinding in whole the administrative review of the antidumping duty order on certain magnesia carbon bricks for the period March 11, 2010, through September 6, 2010, and September 6, 2010, through August 31, 2011.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the Federal Register.

Notification to Importers

This notice serves as the only reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (the Department) and the International Trade Commission (ITC) that revocation of the antidumping duty orders on solid urea from the Russian Federation (Russia) and Ukraine would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, the Department is publishing a notice of continuation of the antidumping duty orders.

DATES: Effective Date: December 20, 2011.

FOR FURTHER INFORMATION: Dustin Ross or Minoo Hatten, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0747 or (202) 482–1690, respectively.

SUPPLEMENTARY INFORMATION:
Background

On December 1, 2010, the Department initiated and the ITC instituted sunset reviews of the antidumping duty orders on solid urea from Russia and Ukraine,1 pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). See Initiation of Five-Year ("Sunset") Review, 75 FR 74685 (December 1, 2010); see also Solid Urea From Russia and Ukraine, 75 FR 74746 (December 1, 2010).

As a result of these sunset reviews, the Department determined that revocation of the antidumping duty orders on solid urea from Russia and Ukraine would be likely to lead to continuation or recurrence of dumping and notified the ITC of the magnitude of the margins likely to prevail should the orders be revoked. See Solid Urea From the Russian Federation and Ukraine: Final Results of the Expedited Sunset Reviews of the Antidumping Duty Orders, 76 FR 19747 (April 8, 2011).

On November 15, 2011, pursuant to section 752(a) of the Act, the ITC determined that revocation of the antidumping duty orders on solid urea from Russia and Ukraine would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See Solid Urea From Russia and Ukraine, 76 FR 77015 (December 9, 2011), and ITC Publication 4279 (December 2011) entitled Solid Urea From Russia and Ukraine: Investigation Nos. 731–TA–340–E and 340–H (Third Review).

Scopes of the Orders

The merchandise subject to the orders is solid urea, a high-nitrogen content fertilizer which is produced by reacting ammonia with carbon dioxide. The product is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) item number 3102.10.00.00. Previously such merchandise was classified under item number 480.3000 of the Tariff Schedules of the United States.

Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise subject to the orders is dispositive.

Continuation of the Orders

As a result of the determinations by the Department and the ITC that revocation of these antidumping duty orders would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, the Department hereby orders the continuation of the antidumping duty orders on solid urea from Russia and Ukraine.

U.S. Customs and Border Protection will continue to collect antidumping duty cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of continuation of these orders will be the date of publication in the Federal Register of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of these orders not later than 30 days prior to the fifth anniversary of the effective date of continuation.

These five-year sunset reviews and this notice are in accordance with section 751(c) of the Act and published pursuant to section 777(j)(1) of the Act.
